Subject: People's Budget for LA

Hey Monica,

Hope this message finds you healthy and well. I had a question!

I was reading how Councilmember Paul Koretz was a part of the city's budget committee and realized that, hey, Councilmember Koretz is my councilmember and I've been reading some interesting things about the budget – and I thought I should reach out.

The inflation of the police budget is quite concerning given so many problems in the city, from homelessness to education to general inequality. I am sure your team has seen this but I want to do my part and send it along: [may I suggest the People's Budget](#), a budget that prioritizes community (and environment) in a really nice way.

I know that managing and creating a budget for the city is difficult. These are weird, hard times and it seems like a little compassion for people can go a long way – especially as LA, which is arguably the best city in America. We have an opportunity to set an example that can resonate with the state and nation and world. It'd be great if Councilmember Koretz could help lead that charge.

Please let me know if you need anything else. Thanks!

Subject: Message for Mr. Koretz and staff

Dear Councilman,

I want you to reflect yourself and your political legacy. Are you proud of what you've not accomplished? Look at the homelessness problem in the city--there have been no improvements, yet you are continuing on the same trajectory of cutting essential resources while continuing funding for law enforcement.

Councilman, I want you to think, maybe if we invested in peoples' lives, actually helping them to meet their basic human needs, there would be less crime and less need for law enforcement. Because when the police are the ones sent into skid row or other homeless encampments, they are not equipped with the tools to fix these big social problems. Instead they are armed with the tools that cause even more damage to peoples' lives.

You cannot be complacent at this moment. You live comfortably in a bubble, interacting mostly only with people like yourself and under the protection of your own personal security squad known as the police. We're not asking you to represent YOUR bubble, we're asking you to represent EVERY bubble, especially the most marginalized one. Please do not think that just because a widespread problem doesn't affect you, that it isn't a real problem for others. Have you ever sat down and had dinner with a family of a different socioeconomic status than you, or even a homeless person? I urge you to do so, not for a photo op but for education and empathy.

We, citizens, do not have the same relationship or personal histories that you do -- especially with police. We're not invited to private fundraising galas or receive thousands of dollars of support from the police. We aren't treated with the same civility by the police in our daily interactions with them.

When we, average citizens are approached by the police, we lose our basic human rights, we are treated as criminals from the start, and we are threatened with handcuffs, pepper spray, and bullets. I'm white, and even I have never left an interaction with a police officer feeling that my basic humanity wasn't ripped away for those few minutes. And that feeling lasts.

Everything that you're seeing now, all the protests, is the culmination of thousands of people who have continually had their basic human needs and rights looted away at the hands of the police. That will longer be acceptable to us. If you fail to be on OUR side, we will remove you as the roadblock. I urge you to prove us wrong. Please. For the good of our city.

When people say Defund or Abolish the police, we don't mean we want to live in chaos or anarchy. There is work that we need police to do, like detective work that we need. We need to apprehend murders and human traffickers. But why should that be the same person that stops people from drunk driving? Or performs welfare checks? Or interviews rape victims? or Assisting mentally ill and homeless in times of crisis?

remember that domestic violence rates in law enforcement homes is double the national rate, and that's just of the cases reported. These are the people we're supposed to trust to keep the peace? Not all cops are bad cops, but as we saw in Buffalo, even good cops will defend bad ones. The law even protects bad cops.

This is offensive to the citizens that you and the police have sworn to protect and serve.

I urge you to Defund and reconstruct the police, breaking up their responsibilities into many different jobs, all requiring very specialized training, very few of them requiring guns.

Cops aren't trained or qualified to deal with the wide array of responsibilities they're asked of. It takes more hours to become a hairdresser than a cop, yet, they're out here, shooting black people in the streets, terrorizing neighborhoods and families. And all in the name of the law.

I don't just blame cops, I blame the system.
And I urge you to put us on the path to fundamental change NOW.

If you don't get that by now, you're not listening.

Subject: Hello from a constituent

Hello Councilmember Koretz and staff,

I'm writing because like many people I've become painfully aware of the need to radically change how policing works in Los Angeles. Under no circumstances can we let this moment pass without major change - beyond the "8 Can't Wait" reforms and into something substantive that will realign public safety with the sprawling authoritarian mess with which we are currently saddled.

Along those lines I hope you will:

1. Consider The People's Budget

- Yes I know it sounds pie in the sky but the aims are so noble and good. I hope you will let this be the center of any negotiation of which you are a part.
- Along these lines we need to move a radical amount of money from policing to other areas that will help keep our citizens safe, especially homelessness and health. Taking these burdens off the police will help everybody including them!
- https://peoplesbudgetla.files.wordpress.com/2020/05/peoplesbudgetreport_may26.pdf

2. Refuse Money from Police Unions

- As a union member myself (I am a TV writer in the WGAW) I am loathe to suggest this. But it is clear that city budget allocation is all but controlled by the police. You would be sending a strong signal that you are intent on change if you refuse these contributions for now.
- <https://www.latimes.com/california/story/2020-06-10/lapd-union-political-donations>

3. Tell Us Where You Stand

- I don't want to think about politics and the last 2 weeks has been super wake-up call for me. I've always voted for you and thought you generally had the interests of District 5 in mind. But the truth is now I don't know where you stand. You seem to be hoping this all blows over after the least amount of change possible. I know you are a better person and councilmember than that. I very much hope you will issue a statement backing Black Lives Matter and dedicating yourself to meaningful change in our city.

Thank you for reading and considering!

Subject: Please adopt The People's Budget!

To Paul Koretz

From what I understand, 54% of the unrestricted General Fund is currently allocated to LAPD. I think the people of this city would be better off with a budget that invests in the people's needs and wellbeing. The police have not been making our communities safer for all. In fact, for many, they are a huge threat. What we do need are services that help and strengthen our communities. Recently, Garcetti and City Council have unveiled proposals to cut \$150 million from the LAPD - but this would still leave over half of the budget for policing. We want a change. We don't want the priority to be on policing.

I believe "The People's Budget" is the best choice to reflect what all residents of Los Angeles truly need. More low-income housing and more services for our massive homeless community; mental health services; rent; more and fair funding for public schools and investments directly benefiting Black communities.

Please consider this letter in your next policy meeting.

Thank you.

Subject: I support the People's Budget

Dear Paul Koretz,

I am an Angeleno and I live in District 5. I note that you never respond to emails from me about the People's Budget so I am copying your staff. I would like to know where you stand after the presentation this morning by Black Lives Matter LA, and to know what commitments the City Council will be making to uphold their demands to re-allocate money from the LAPD to community services.

I want you to consider the People's Budget LA for the 2020-2021 fiscal year and revise the current budget accordingly. Unlike the Mayor's budget, which — even with cuts and proposed reapportionments — gives more than half of unrestricted funds to the LAPD, the Peoples Budget LA gives only 5.7% to the police. Survey takers determined that the city should prioritize universal needs (such as housing, childcare, healthy food, clear air and water), pandemic recovery, built environment, and reimagined public safety over the police department. You need to engage directly with communities, especially Black and Indigenous communities — the most at risk of police brutality and murder — to create a budget that serves ALL Angelenos.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions— that LA must not use its money to fund the murderous LAPD.

Throughout this time of mass protest, the police have reacted with extreme violence and unwarranted escalation towards peaceful protestors and our unhoused neighbors. LAPD Commander Cory Palka flashed a White Power signal on television. Chief Moore blamed the police murder of George Floyd on LA protestors. Many police officers have hurt, abused and maimed.

This is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA.

Thank you for your time,

Katie Aymar

Thank you for responding Debbie. I appreciate that my voice will be taken into consideration but I am also curious to know where my representative stands on this issue. What is Paul Koretz's stance? I understand he has accepted over \$56,000 from the Los Angeles Police Protective League between 2017-2020 and I worry that that is a huge conflict of interest. What commitments is he prepared to make to meet the demands of this city's Black Lives Matter chapter?

All the Best,
Katie

Subject: People's Budget

Hello,

I'm reaching out to show support for the People's Budget plan, including the goal of defunding and abolishing the LAPD.

Yeah, I see that some of you are now getting on board in some minor ways. But it's not enough: you ALL need to commit to the *abolition of the LAPD* and the *democratization of its funding*. Garcetti has shown he can't be trusted to write the damn budget, and y'all on City Council have shown you're too malicious/negligent/incompetent to check his homework.

Get with the program.

- James

Subject: Re: Hello from a constituent

Hello Councilmember Koretz,

I am honestly beside myself.

<https://twitter.com/AlpertReyes/status/1272942798065393664>

Why would you vote against a mere REPORT? Your heart truly does not seem to be in the right place on this one. Why? I mean really, why??

Large numbers of people are clamoring for substantive changes in LAPD policing. It is OBVIOUS that it needs to happen. Please answer the call. Don't be on the wrong side of history on this.

—Mike Royce

On Jun 10, 2020, at 3:16 PM, Michael Royce <mikeroyce@me.com> wrote:

Hello Councilmember Koretz and staff,

I'm writing because like many people I've become painfully aware of the need to radically change how policing works in Los Angeles. Under no circumstances can we let this moment pass without major change - beyond the "8 Can't Wait" reforms and into something substantive that will realign public safety with the sprawling authoritarian mess with which we are currently saddled.

Along those lines I hope you will:

1. Consider The People's Budget
 - Yes I know it sounds pie in the sky but the aims are so noble and good. I hope you will let this be the center of any negotiation of which you are a part.
 - Along these lines we need to move a radical amount of money from policing to other areas that will help keep our citizens safe, especially homelessness and health. Taking these burdens off the police will help everybody including them!
 - https://peoplesbudgetla.files.wordpress.com/2020/05/peoplesbudgetreport_may26.pdf
2. Refuse Money from Police Unions

- As a union member myself (I am a TV writer in the WGAW) I am loathe to suggest this. But it is clear that city budget allocation is all but controlled by the police. You would be sending a strong signal that you are intent on change if you refuse these contributions for now.
- <https://www.latimes.com/california/story/2020-06-10/lapd-union-political-donations>

3. Tell Us Where You Stand

- I don't want to think about politics and the last 2 weeks has been super wake-up call for me. I've always voted for you and thought you generally had the interests of District 5 in mind. But the truth is now I don't know where you stand. You seem to be hoping this all blows over after the least amount of change possible. I know you are a better person and councilmember than that. I very much hope you will issue a statement backing Black Lives Matter and dedicating yourself to meaningful change in our city.

Thank you for reading and considering!

Dear Mr. Royce,

Thank you very much for voicing your concerns. I will be sure to pass your suggestions along to Councilman Koretz. If there is anything else we can do to assist you please let me know.

Respectfully,
Kevin Nahai

3. Tell Us Where You Stand
 - I don't want to think about politics and the last 2 weeks has been super wake-up call for me. I've always voted for you and thought you generally had the interests of District 5 in mind. But the truth is now I don't know where you stand. You seem to be hoping this all blows over after the least amount of change possible. I know you are a better person and councilmember than that. I very much hope you will issue a statement backing Black Lives Matter and dedicating yourself to meaningful change in our city.

Thank you for reading and considering!

Subject: Re: People's Budget

Received, thank you.

On Tue, Jun 16, 2020 at 12:18 PM James Marshall <jamesredmarshall@gmail.com> wrote:
Hello,

I'm reaching out to show support for the People's Budget plan, including the goal of defunding and abolishing the LAPD.

Yeah, I see that some of you are now getting on board in some minor ways. But it's not enough: you ALL need to commit to the *abolition of the LAPD* and the *democratization of its funding*. Garcetti has shown he can't be trusted to write the damn budget, and y'all on City Council have shown you're too malicious/negligent/incompetent to check his homework.

Get with the program.

Subject: Councilmember Koretz and LAPD budgets

Dear Andy Schreader,

I am a constituent of District 5.

I've been disappointed in Councilmember Koretz's dismissiveness of the [People's Budget](#). I watched their presentation Monday to City Council and was sad to hear they had yet to hear anything back from him at that time.

I was further upset when he voted against cutting even \$150 million from the LAPD's bloated \$3 billion budget. That tiny percentage cut is truly the bare minimum this moment requires.

I wasn't able to stay for the entire City Council meeting, but I understand Councilmember Koretz said he was flooded by calls from constituents voicing support for LAPD. All I heard during public comments was an overwhelming support for the People's Budget. As a constituent of District 5, I'd like my voice to be represented by Councilmember Koretz as well.

I am tired of living in a world where policing brings more harm than good to entire communities. We ask *too* much of our police force and everyone pays the price. Armed officers cannot be our only answer to homelessness, mental health crisis, domestic violence situations, "loitering," minor traffic violations, and almost all other non-violent community matters.

I have lost faith that continuing to pour our tax money into the police can effectively solve any of these matters. The \$3 billion in LAPD's budget would be better served going towards schools and education in your division, affordable housing, health services, and economic help for those affected by the shutdown and pandemic.

It's time to reimagine public safety so that *everyone* feels safe and valued. This requires the kind of big-thinking, structural change the People's Budget proposes. I urge you to watch and consider their presentation if you have not already.

Councilmember Koretz's constituents are paying attention to his actions.

Thank you for your consideration and service.

Sincerely,
Molly Segal

Subject: Defund the Los Angeles Police Air Support Division

To Whom It May Concern,

I am calling on you to support the defunding of the **Los Angeles Police Air Support Division**. This political moment demands that the Los Angeles City Council look for areas where harmful law enforcement programs can be cut from the budget for the upcoming fiscal year. By withdrawing financial support for the LAPASD, the City Council can retire a politically dated program that actively harms LA residents and drains resources that could be better spent elsewhere. These funds should be redirected towards social programs to keep Angelenos safe, housed and healthy in a time of desperate need.

The LAPASD is a notoriously unpopular, abusive, and costly arm of the city's law enforcement apparatus. As the past several weeks of protests against police brutality and public outcry over LA's budget have made abundantly clear, the people of Los Angeles are demanding divestment from city and county programs that harm Black, Latinx, and unhoused communities.

By 2020 estimates, it costs **\$1,200 per hour to fly** an LAPD helicopter—without accounting for the pilot's salary. On average, an LAPD helicopter burns the equivalent of **two car tanks of gas per hour**. The constant thunder of LAPD/LA Sheriff's Department helicopters overhead, day and night, make Angelenos feel like we live in a war zone, where our own city's division of public safety is the invading army.

The LAPASD unit cannot be justified as a crime-solving expense. In past studies, these helicopters have successfully resolved **a mere six percent** of car theft cases. LAPD responds to these damning statistics by arguing that the helicopters are part of a 'predictive policing' campaign to stop crime before it happens. 'Predictive policing' is essentially a euphemism for **racial profiling**, an issue that has long plagued the LAPD. In 2015, the ACLU of Southern California found that Black Angelenos are **three times** more likely to be stopped by police than white Angelenos under the program. Given the helicopters' ubiquity over neighborhoods whose residents are overwhelmingly low-income Black and/or Latinx people, it is clear that LAPD finds its air division to be an expedient way to surveil the city's non-white communities.

If you find it difficult to imagine LA without the constant presence of these helicopters, consider this: *No other major US city possesses a comparable amount of helicopters.* If the five US cities with population levels closest to Los Angeles (New York, Chicago, Houston, Phoenix and Philadelphia) combined their fleets, they'd still have **ten fewer helicopters** than Los Angeles.

It is abundantly clear that the psychological and material costs of the LAPASD are far greater than its contribution to public safety. At the end of the day, the continued use of these helicopters takes away funding that could be used to benefit LA's most marginalized residents. We echo the calls of Black Lives Matter LA and other community organizations: Divest from the LAPD and invest these resources back into the community.

Please contribute to the betterment of public safety and social justice in our city by defunding the Los Angeles Police Air Support Division.

Thank you,
Henry Staley

Subject: People's Budget LA

Hi Councilman Paul Koretz,

My name is Alison Hamant and I am a current UCLA student and therefore a constituent of Paul Koretz's district. I support the People's Budget LA and believe strongly that the LAPD should be defunded or at least the LAPD budget needs to be drastically reduced. The People's Budget LA would increase funding to multiple important social services in Los Angeles and improve the lives of thousands of residents. Recent police brutality against Black Americans, both nationwide and in Los Angeles, has demonstrated that police departments are not built to protect and serve all Americans. It is not enough to bring more training into the police department. The LAPD needs to be defunded and I urge you to support the people, your constituents, and the People's Budget LA.

Thank you,
Alison Hamant

Subject: The People's Budget and My disappointment in Paul Koretz

Hi Monica,

My name is Michael Rianda, I am a constituent of District 5, I live in Palms, and I work in the entertainment industry at Sony. I've been disappointed in Councilmember Koretz's dismissiveness of the [People's Budget](#). I don't know how you can not even listen or pay lip service to what the community is so desperately crying out for. If Councilmember Koretz is purporting to represent his community- he's not doing a traditionally great job. In fact I would argue, he's doing terribly.

I watched their presentation Monday to City Council and couldn't believe they haven't heard back from him.

I COULDN'T believe that he voted AGAINST cutting even \$150 million from the LAPD's \$3 billion budget. 3 Billion dollars could do SO MUCH for people who don't have access to cartoonishly over-the-top military style gear. Help the homeless, help the mentally ill, help the schools. This is a slam dunk for the public good.

The community is losing faith in the police's ability to solve the problems they are meant to solve. To protect the people it purports to serve. Why not be bold and re-think what public safety looks like. The purpose of legislatures is to CREATE SOLUTIONS that HELP PEOPLE. Not hold up structures that hurt people. Cops have agreed that they are being asked to do too much. Take the burden off them and let mental health professionals help. Be creative and bold in your solutions. Don't just pour more money into a broken system. The \$3 billion in LAPD's budget would be better served going towards affordable housing, education, health services, and economic help for those affected by the shutdown and pandemic. It's time to reimagine public safety so that *everyone* feels safe and valued. This requires the kind of big-thinking, structural change the People's Budget proposes. I urge you to watch and consider their presentation if you have not already.

As a Communications and Deputy School Liason, I would imagine you also think it would be great for schools to get a big chunk of that money, so please challenge Mr. Koretz on his views and push him to back the community. Please watch the video yourself, if you agree with these points and see the logic in these ideas, please fight for it from the inside! The only thing necessary for the triumph of evil is for good people to do nothing. You have some power- fight for this if you believe in it please!

Tell Paul Koretz his constituents are watching- we're disappointed, and if he doesn't act fast to remedy this he will lose any shred of support from the community.

Thank you,
Michael Rianda

Subject: Defund the LAPD Air Support Division

To Whom it May Concern,

I am a resident in District 5 and am extremely disappointed to learn that Paul Koretz is voting and standing against reducing the LAPD budget. I am writing to share again that I support BLM's call to divest from policing and re-allocate the police department's bloated budget to social services and community organizations that will build real well-being and safety.

I also want to note that the \$100-150 million reduction is not nearly enough, but as a start there are many tangible and reasonable ways to begin defunding a department that proves everyday it is not up to the task of protecting people or being accountable for the unnecessary harm they have caused.

As the City Council looks for areas where harmful law enforcement programs can be cut from the budget for the upcoming fiscal year I ask you to withdraw financial support for the LAPASD. Retire a dated program that drains resources. The LAPASD is notoriously unpopular, abusive, ineffective and an extremely expensive arm of the LAPD.

The LAPASD unit does not solve crime and only purports to deter it. The department maintains a lot of statistics about their routes but does not even analyze the data on its own effectiveness as a crime fighting tool.

We know they were overwhelmingly used as part of a "predictive policing" campaign that is racist and invades people's privacy (and that was just recently discontinued during the Covid crisis). The ACLU of Southern California found that Black Angelenos are 3x more likely to be stopped by police than white Angelenos under this program. Helicopters are ubiquitous, noisy, and do not make anyone I know feel safer. No other major city possesses the amount of helicopters we do. The five US cities with comparable population levels COMBINED still have fewer helicopters than Los Angeles.

Having multiple helicopters incessantly circling for 20 hours a day costs more than \$1200 an hour, burning the equivalent of two car tanks of gas per hour (which in this time of climate chaos and need to decrease dependence on fossil fuels is troubling). In 2013 \$10 million+ was spent on personnel salaries, and \$5.9 million was spent to maintain this oversized fleet. When Paul Koretz characterizes divestment from LAPD as making "arbitrary cuts" I would like him to specifically address why we cannot drastically reduce funding the use of military technology and programs by the LAPD. Whatever need Los Angeles has for helicopters, it can be drastically reduced by re-allocating funds away from the police department. I know Paul Koretz is blatantly ignoring his constituents who disagree with his position but I would like a response from his staffers.

Thank you,
Katie Aymar

Subject: Re: People's Budget LA

just a reminder that I am responding to all of these- and if you get one that looks like you alone were sent it, send it to me anyway and I'll respond. thanks

On Sat, Jun 20, 2020 at 5:56 PM Alison Hamant <alisonhamant@gmail.com> wrote:

Hi Councilman Paul Koretz,

My name is Alison Hamant and I am a current UCLA student and therefore a constituent of Paul Koretz's district. I support the People's Budget LA and believe strongly that the LAPD should be defunded or at least the LAPD budget needs to be drastically reduced. The People's Budget LA would increase funding to multiple important social services in Los Angeles and improve the lives of thousands of residents. Recent police brutality against Black Americans, both nationwide and in Los Angeles, has demonstrated that police departments are not built to protect and serve all Americans. It is not enough to bring more training into the police department. The LAPD needs to be defunded and I urge you to support the people, your constituents, and the People's Budget LA.

Thank you,
Alison Hamant
UCLA c/o 2022

Subject: Adopt The People's Budget for 2020

Dear Councilmember Koretz,

I am an Angeleno and I live in District 5. I work as a producer in the area as well and have built a life here with my friends. My zip code is 90034.

I am writing to demand you support the [People's Budget LA](#) for the 2020-2021 fiscal year and revise the current budget accordingly. 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I demand that you also support [Councilmember Wesson's motion 20-0769](#) to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

The People's Budget LA gives only 5.7% to the police, because the city should prioritize universal needs (such as housing, childcare, healthy food, clean air and water), pandemic recovery, built environment, and reimaged public safety over the police department. You need to engage directly with communities, especially Black and Indigenous communities — the most at risk of police brutality and murder — to create a budget that serves ALL Angelenos. By voting against cuts to LAPD's budget, you are failing constituents like me.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions— that LA must not use its money to fund the murderous LAPD.

Throughout this time of mass protest, the police have reacted with extreme violence and unwarranted escalation towards peaceful protestors and our unhoused neighbors. LAPD Commander Cory Palka flashed a White Power signal on television. Chief Moore blamed the police murder of George Floyd on LA protestors. Many police officers have hurt, abused and maimed your constituents.

The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA, and take this courageous step towards reimaging public safety for Angelenos.

Thank you for your time,

--

Subject: DEFUND LAPD

Dear Councilmember Koretz,

I am a Los Angeles resident and I live in district 5. I just graduated from UCLA and have experienced the heavy and disproportionate policing of Black people in Westwood by UCPD and LAPD. THIS IS WRONG. I care about my community so I care about LAPD being defunded so that the billions of dollars this city spends on policing, surveilling, violating and tearing apart the Black community can be redirected into uplifting and cherishing our lives. Read Miriam Kaba if you are unfamiliar with the concept of police abolition and community care. My zip code is 90094 and I am calling for the defunding and budget cuts to the LAPD.

I am writing] to demand you support the People's Budget LA for the 2020-2021 fiscal year and revise the current budget accordingly. 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I demand that you also support Councilmember Wesson's motion 20-0769 to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions — that LA must not use its money to fund the murderous LAPD.

Subject: your boss is choosing white supremacy

To the Office of Councilmember Paul Koretz,

Your boss has made it perfectly clear in his tweets and public comments that he sees no need to question the role of law enforcement in our society. He is so unquestioning of their role in fact that he voted against producing a study to *consider* a measly 1% budget cut to the LAPD operating budget compared to last year.

Your boss said he found the recent looting in LA "no less troubling" than the death of George Floyd. In doing so he explicitly stated an underlying tenet of white supremacy: that protecting property is equally if not more important than a Black man's life (or in other cases, it might be a homeless man's life, a latino man's life, a trans persons' life, a poor person's life -- either way we know that Paul Koretz isn't bothered when the police kill them so long as there is no uprising from the underclasses)

I encourage you to use your voices as staffers to make the case for the Peoples' Budget and to call out your boss's racism and ignorance at every opportunity. I know that isn't easy to do, but it's possible and it's necessary.

Thank you for working to make Los Angeles a safe and thriving community for all people, not just the ruling class.

Sincerely,

Elizabeth Walle
District 13 resident

Subject: Los Angeles -- Covid 19 Response

Dear All,

Hundreds of thousands will be homeless in Los Angeles before the end of the year if we don't make a drastic change.

Please defect from a wrong-headed generational support of an apartheid Los Angeles.

My students are dying in the streets. They work incredibly hard with little to no resources. No health care. Housing precarity.

They deserve your support. Please LOVE your neighbors and defect from this apartheid practice of funding the police to oppress the majority of BIPOC LA residents!!!

Generation Z knows this is unconscionable. So do you!!

Thank you!

In solidarity,
Claire Phillips

Subject: Defund the police and adopt the People's Budget LA

Hi everyone,

I live in District 5. Paul Koretz's resistance to adopting a People's Budget and defunding the police functions to uphold white supremacy. His views about the police are ignorant. He is clearly operating under some completely incorrect self-serving assumptions about how the police ACTUALLY operate — in case it hasn't been made clear enough times: the police terrorize our black and brown community members and they do so because that is what they are intended to do! If Paul thinks the police help with crime, he's wrong. Is Paul completely stupid? OR is he a straight-up white supremacist who believes that the treatment black and brown and poor people face from the police is justified? It is disgusting, reprehensible, and shameful.

You all work for the city — why? What's the goal? If it's about protecting and serving the people of LA and making our lives better, then join the movement to defund the police and invest those funds into resources for our community that ACTUALLY make us safer. Watch *13th* on Netflix if you are unable and unwilling to read. Persuade Paul Koretz to join our movement.

Subject: Protest Your Boss, Push to Defund LAPD

Hello,

My name is Carter Moon and I'm resident of Los Angeles. I am writing to urge you to use your influence in Councilmember Koretz's office to push for the defunding of LAPD. We have clearly seen the brutality that our police department is willing to unleash on us as citizens over the past couple of weeks, the time is now to cut their bloated, unnecessary budget in favor of services around the city to deal with our varying interlocking crises. This is a time for leadership and courage, I urge each of you to use your power and influence to transform this city into a more livable and just place for all Angelenos.

Thank you,
Carter Moon

Subject: Stand against Paul Koretz

Dear Staffers,

My name is Samantha Spaccasi and I am a resident of Los Angeles. I want to write to express my disappointment, dismay, and absolute outrage in the Councilmember's vote against the proposed LAPD cuts.

Throughout this entire process, Koretz has shown disdain for the People's Budget Coalition, led by Black Lives Matter LA. His vote clearly shows that he is serving the interests of the LAPPL, LAPD, and his white constituents (the same folks who increased the segregation of schools on the Westside in the 70s through their anti-bussing initiatives). Angelenos have shown overwhelming support for the People's Budget and to defund the LAPD for over a month. What is he doing on this council if he refuses to even listen to the interests of the people he serves?

Through his vote, he has shown to be an ally of white supremacy. Koretz has continued to cheer on the LAPD in their brutal show of force against peaceful protesters, saying that the looting of property was "no less troubling" than the "death of George Floyd." How he can value the property over the life of an innocent man, and lives of innocent Angelenos, shows he has no business serving the people of this city.

I implore you, staffers, to stand up against this corrupt individual. Support BLM LA, the People's Budget Coalition, and take a stand against white supremacy. History will not look kindly upon Paul Koretz, who has proven time and again he has more interest in upholding white supremacy than using his position to create a more just and equitable Los Angeles.

Please do the right thing.

Samantha Spaccasi

Subject: Adopt a people's budget

Dear Councilman Koretz-

My name is Isabelle Smith and I am one of your constituents. When I learned that you voted against a 100-150 million dollar cut in LAPD, I was incredibly disheartened. Right now, we do not need more policing, Los Angeles needs money to be redirected to education, youth programs, healthcare, childcare, housing, clean air, and water. Right now, the police are upholding a culture of white supremacy, and are unconstitutionally violating Angeleno's first amendment right by meeting peaceful protests with extreme violence. I attended a protest where I was subjected to tear gas and rubber bullets. I felt trapped and was blocked at every turn from returning to my car. After an hour of attempting to get back to my car I was finally successful. This is absolutely unacceptable. Following that event, I was hesitant to go out and protest again, but I did, and I will continue to do so until Los Angeles adopts a people's budget. **I demand that you support Councilmember Wesson's motion 20-0769 to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.**

Right now, you have the opportunity to funnel resources to communities whose potential has been dampened by a lack of funding and by the murders of their neighbors at the hands of LAPD.

History is watching.

Sincerely,

Isabelle Smith

Subject: Dear Staffers of Paul Koretz

I write to you today to ask that you think about your personal experiences with LAPD and LASD as well as the homeless community and others in need in LA County right now. I operate a store and want a shift towards more community funding, because in my experience the LAPD is at best neutral when engaging in theft situations. They have lost so much trust in the past few weeks alone, so how can they engage to do any detective work or positive interaction? I know your boss, Paul Koretz, thinks even cutting the \$150 million is too far, but I ask you to think deeply about what truly makes you feel safe on the street. At best LAPD displays violence or paperwork, no real change. We all need consistent, accountable detective work in which those who honor the value of human life and hold their coworkers to higher standards are rewarded.

Please stand up to show it's just not right for Koretz to approve of keeping the \$150 million in pensions and raises for the LAPD. No one has the right to be paid in tax dollars to make mistakes and never be charged or punished.

Please do not be one more generation that fails to act for real change. We need to get this city running in a real, healthy way, and the LAPD has shown through recent actions that they see no reason to adapt.

Thank you,
Emily Durbin

Subject: Support the People's Budget LA. Reinvest LAPD's bloated budget into the community

Dear Councilmember Koretz,

My name is Diana Chang and I am a resident of District 4. I work in the television industry and am a member of SAG-AFTRA. My zip code is 90027.

I am writing to demand you support the [People's Budget LA](#) for the 2020-2021 fiscal year and revise the current budget accordingly.

My neighborhood in Los Feliz is experiencing crime towards the unhoused by people taking advantage of them, as well as the housed. These criminals have even pushed out our former unhoused neighbors.. This is a difficult problem that the LAPD has been unable to improve. The problem has only deteriorated as the LAPD continues to be our only resource. The LAPD is more likely to criminalized our unhoused neighbors than to help them. Clearly we don't need more police. We need community services.

5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I demand that you also support [Councilmember Wesson's motion 20-0769](#) to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams. Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions— that LA must not use its money to fund the murderous LAPD.

The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos.

Thank you for your time,

Sincerely,

Diana Chang

I am an Angeleno and I live in District 5. I am a UCLA student. I am very disappointed in your recent vote, and demand that you listen to your community. LA deserves better and your constituents deserve better. Black Lives Matter, even when you're worried about your political career.

I am writing to demand you support the [People's Budget LA](#) for the 2020-2021 fiscal year and revise the current budget accordingly. 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I demand that you also support [Councilmember Wesson's motion 20-0769](#) to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

The People's Budget LA gives [only 5.7%](#) to the police, because the city should prioritize universal needs (such as housing, childcare, healthy food, clean air and water), pandemic recovery, built environment, and reimagined public safety over the police department. You need to engage directly with communities, especially Black and Indigenous communities — the most at risk of police brutality and murder — to create a budget that serves ALL Angelenos. By voting against cuts to LAPD's budget, you are failing constituents like me.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions— that LA must not use its money to fund the murderous LAPD.

Throughout this time of mass protest, the police have reacted with extreme violence and unwarranted escalation towards peaceful protestors and our unhoused neighbors. LAPD Commander Cory Palka flashed a White Power signal on television. Chief Moore blamed the police murder of George Floyd on LA protestors. Many police officers have hurt, abused and maimed your constituents.

The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos.

Thank you for your time,

Subject: Defund the Police

Dear Mr. Koretz,

I am an Angeleno, and luckily I am not one of your constituents. Since my council members are currently listening to the people that they represent (literally the bare minimum), it frees me up to ask you why you are not doing the same. Why, in this moment when the people of LA have spoken so clearly, have you voted **against** a motion to commission a report about possibly cutting \$100-150 million from LAPD? Whose team are you on, if not the peoples'?

You have a chance to do the right thing. We (those from within your district and far beyond) are watching and will hold you accountable.

Thank you,

Eli

Subject: Please listen to our cries for help

Dear Councilmember Koretz,

My name is Tanner and I've lived in Westwood for the past six years in District 5. I'm a UCLA graduate who decided to stay locally (90025!) and is active in local and national politics.

This email is a plea for you to support the People's Budget LA for the 2020-21 fiscal year and revise the current budget accordingly. It is unacceptable to spend 50% of LA's unrestricted revenues for LAPD. I strongly urge you to search your heart and reinvest this bloated budget into the community. Please.

I also ask that you support Councilmember Wesson's motion 20-0769 to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

As a member of the LGBTQ+ community, I have learned the history of policing in its goal to oppress and marginalize those who cannot always fight back. The Stonewall uprising of the 1960s was a direct fight against police who harrassed, attacked and silenced the queer community. This system is deeply personal, and the negative effects of increased policing on Black communities is abhorrent.

I believe the People's Budget LA is the right move because the city should prioritize universal needs like housing, childcare and clean air over the police department. You need to engage with communities, especially Black and Indigenous communities — the most at risk of police brutality and murder — to create a budget that serves ALL of us. By voting against cuts to LAPD's budget, you are failing constituents like me.

The recent violence against citizens exercising their First Amendment rights by the LAPD is unacceptable and the department must be reevaluated. I urge you to support the People's Budget LA, and take this step towards reimagining public safety for Angelenos.

Thank you for your time,
Tanner Walters

Subject: Please stand up for us

To the team of Paul Koretz: As a constituent of councilman Koretz and eight-year resident of Pico-Robertson, I am writing to ask you to please stand up to the councilman and protest his actions internally. Mr. Koretz' opposition to LAPD budget cuts is not only a slap in the face to his many constituents who have been tirelessly calling to defund the police; it is an endorsement of white supremacist violence. If the councilman will not listen to us, perhaps he will listen to you. Black lives matter.

Subject: City of Los Angeles 2020-2021 Budget

Dear Councilmember Koretz,

I am a product designer living in Los Angeles. Although I live in Council 10, I am writing to urge you to support the [People's Budget LA](#) for the 2020-2021 fiscal year. 50% of LA's unrestricted revenues should not be going to the LAPD. The People's Budget LA gives 5.7% to the police because the city should be prioritizing the **universal needs** of Angelenos. Over the weekend, I spent time doing outreach to my unhoused neighbors in Koreatown. Homelessness is an issue that impacts every single Angeleno. We are all in this community together, from those living in my district to the folks that you represent in District 5. By cutting the excessive amount of funds you are allocating to the LAPD and distributing it to community programs (like education, physical and mental healthcare, housing support, childcare, access to healthy foods, pandemic recovery, and reimagined public safety), you can create a budget that serves ALL Angelenos.

Over the past few weeks, I have attended multiple protests across Los Angeles, including protests within District 5. I have seen that Los Angeles has shown overwhelming support for the effort to defund the LAPD. Our physical and digital actions are making it clear that the people of Los Angeles do not want our money to be used to fund the oppressive LAPD. During this time of mass protest, the police have reacted with extreme violence and unwarranted escalation towards peaceful protestors and our unhoused neighbors multiple times. Several police officers have hurt, abused,, and harmed your constituents and it's been documented across the internet and media.

Police hurting peaceful protestors exercising their First Amendment rights is unacceptable. Many people look back at historic atrocities or moments of oppression and think to themselves, "I would have been on the right side." This is your chance to be on the right side. The LAPD must be defunded. **Take this courageous step towards reimagining public safety in Los Angeles and support the People's Budget LA.**

Sincerely,

--

Subject: Adopt the Peoples Budget LA

Dear Councilmember Koretz,

I am an Angeleno and I live in District 5. I am a recent college graduate and work in the Entertainment Industry as a Social Media Coordinator. My zip code is 90035.

I am writing to demand you support the People's Budget LA for the 2020-2021 fiscal year and revise the current budget accordingly. 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I demand that you also support Councilmember Wesson's motion 20-0769 to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

The People's Budget LA gives only 5.7% to the police, because the city should prioritize universal needs (such as housing, childcare, healthy food, clean air and water), pandemic recovery, built environment, and reimagined public safety over the police department. You need to engage directly with communities, especially Black and Indigenous communities — the most at risk of police brutality and murder — to create a budget that serves ALL Angelenos. By voting against cuts to LAPD's budget, you are failing constituents like me.

My close friend is an elementary school teacher in the area and has spent hundreds of her own hard-earned dollars to pay for school supplies for her students. A fraction of the LAPD budget should be invested in education, and teachers like my friend should be valued and paid accordingly. The LAPD provides its officers with riot gear for free, so why are we making our teachers pay for their own school supplies?

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions— that LA must not use its money to fund the murderous LAPD.

Throughout this time of mass protest, the police have reacted with extreme violence and unwarranted escalation towards peaceful protestors and our unhoused neighbors. LAPD Commander Cory Palka flashed a White Power signal on television. Chief Moore blamed the police murder of George Floyd on LA protestors. Many police officers have hurt, abused and maimed your constituents. I saw this firsthand at the protest near the Fairfax district. How can you allow the harmful police to treat your constituents like this?

The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos.

Thank you for your time,

Elizabeth Roberts

Subject: Concerned constituent's call to Koretz

Councilmember Koretz,

I am a District 5 resident in Palms writing to express my disappointment in your leadership. It was disheartening to learn that you voted against requesting an analysis into ways to cut between \$100-\$150 million from the LAPD. Why are you opposed to reinvesting that money into communities of color?

Supporting the [People's Budget LA](#) for 2020-2021 would be one way to truly step up for your community. We don't need 50% of the city's unrestricted revenues going into the LAPD. We probably don't even need 10% of those unrestricted revenues going into the LAPD, if we're being honest.

I also demand that you support [Councilmember Wesson's motion 20-0769](#) to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

This past month, Los Angeles has clearly shown its overwhelming support for reallocating funds currently being pumped into the LAPD. The recent violence against your constituents exercising their First Amendment rights by the LAPD is unacceptable.

Since you are supposedly a public servant, I urge you to support the People's Budget LA and take this courageous step towards reimagining public safety for Angelenos.

Thanks,
Nick O.

Subject: Tell Paul Koretz to Defund the LAPD and Stop Upholding White Supremacy

Dear Staff-members of Council-member Paul Koretz:

I am writing in the hopes that some of you are sympathetic to the current movement of Black Lives Matter LA and the People's City Council, specifically their calls on our City Council to Defund the Police and invest in our communities. I have frankly been appalled by Mr. Koretz's expressions of disdain for the constituents and LA residents who've expressed very plainly our hope for a better world.

Some of you may be aware that Mr. Koretz claimed that his constituents were urging him to support LAPD and not to defund the police. If this is true, these are the same individuals who enact racial terror on black residents and unhoused people in Koretz's district. A report from the ACLU of Southern California found that Black people are far more likely to be stopped by police - regardless of any actual criminal behavior. This held true throughout ALL areas of Los Angeles, even the disproportionately white areas (such as Beverly Hills and Westwood). By that same token, white residents are far less likely to be stopped by police, ticketed, searched or arrested. Rich white people simply cannot know or understand the racism, profiling and brutality that POC experience at the hands of police, in fact they are often the ones who call them in the first place.

What would it look like if unhoused or mentally ill folks were not met with violence and arrest after a rich white person called the police on them? What if they were instead offered food, water and a safe place to stay if needed? Are people really so paranoid that they believe others must be met with violence and death to maintain their property values?

This is a political moment which call for immediate and bold action. No more fear and scapegoating - simply taking a long hard look at where our city's spending is going, has gone - and how largely that strategy has failed our residents. I firmly believe that we will all benefit from defunding the LAPD and investing in our residents directly. I hope that you do too. If you support our mission and our goals I urge you to find sympathetic staffers in your office and get to work. Write a statement, go to the media, create a petition - demand better from Council Member Koretz and make your voices heard.

I thank you for taking the time to consider my thoughts. I hope that you will help us in this fight.

Respectfully,

Kathryn Loucks
Los Angeles, CA

Subject: Stand up for the People's Budget

Dear Staffers of Soon to be former Councilmember Koretz,

If he won't make history, will you? You are probably wondering how you can cope with working for a guy who is willing to turn his back on the people of Los Angeles and remain beholden to a police department that is responsible for hundreds and hundreds of deaths of innocent black and brown human beings. You might be black or brown. You might be Asian, or white. Hopefully you are human beings who recognize a moment in history when you see one. WALK OUT. Tell him to do better- which means to DEFUND THE POLICE and send funding to the resources LA needs to heal and bring our population up to a shared standard of CARE and MUTUAL support. We have more cops in schools than NURSES. WTF. Tell him to stop thinking that he can keep his job by looking out for the interests of his affluent white constituents. No human with a soul wants to live in a world where white supremacy is allowed to persist. This is all or our fight. Be in on it. Please use your power- he is nothing without you. Stop faxing and administrating and organizing his schedule. Rebel. Walk out and feel your power to stand for something other than perpetuating you boss's 6 figure salary and benefits.

Thanks in advance.

Stacy Stearns

Subject: URGENT: You Must Support the People's Budget LA

Dear Councilmember Koretz and Staff,

I am a Los Angeles resident, currently living in District 5. I just wrapped up my third year as an undergraduate student at UCLA, and I have spent the last three years as a devoted academic and active member of the Westwood community and UCLA student body. My current zip code is 90024.

I am writing to demand you **support** the **People's Budget LA** for the 2020-2021 fiscal year and revise the current budget for the city to meet these demands. 5% or less of LA's unrestricted revenues should be going to LAPD, not 50% – We need to reinvest LAPD's bloated budget into the community itself rather than operations which serve to monitor and inflict violence on Black community members and other members of color. I demand that you also **support** **Councilmember Wesson's motion 20-0769** to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

The People's Budget LA allocates only 5.7% to the police, and this is because the city should prioritize universal needs and public goods – including housing, childcare, healthy food, clean air and water – pandemic recovery, built environment, and reimagined public safety rather than an oppressive and violent police department. You must engage directly with marginalized communities, especially Black and Indigenous communities — those who have seen the highest rates of police brutality and murder — to create a budget that serves ALL Angelenos rather than the most privileged of us. By voting against cuts to LAPD's budget, you are failing constituents like me and those who belong to these most marginalized communities, who allow our city to function at its greatest capacity yet are heavily monitored and policed despite their hard work.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions — that LA must not use its money to fund the murderous LAPD.

The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, **now**. I urge you to support the People's Budget LA and take this courageous step towards reimagining public safety for all Angelenos.

Thank you for your time,

Cole Ibbotson

Subject: Calling You OUT

Hi Councilman Koretz,

I am a UCLA student, and I am furious that you are against the people's budget that has been proposed to you and your fellow council members. Have you learned nothing from the past month of violent police brutality? Why do you think their budget should increase? Time and time again, increasing the budget has only furthered the murder of black Angelinos. This is your opportunity to make a difference and create new progressive headlines that your people can be proud of. I am demanding that you support the People's Budget LA for the 2020-2021 fiscal year and revise the current budget accordingly. 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I demand that you also support Councilmember Wesson's motion 20-0769 to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams. Do better.

In solidarity,
Caroline Coyle

Subject: Concerned Constituent from LA City District 5

Dear Councilmember Koretz, I live in District 5 in Los Angeles. I am both a UCLA student and a Westwood tenant. My zip code is 90024. I am writing to you to demand that you support the People's Budget LA for the 2020-2021 fiscal year, and revise both the current Mayoral Budget accordingly. It is utterly hysterical that during both a pandemic and Climate Crisis, that over 50% of the city's budget is directed to LAPD while education, healthcare, and environmental services are exercising substantial budget cuts. Why would you vote to over-fund a police department that is fiscally irresponsible and has done nothing to increase community safety and security. We need substantial investments into our community, and an appropriate step is to adopt Councilmember Wesson's motion 20-0769 to divest emergency calls away from the police towards trained crisis-management teams. Minneapolis is showing the way towards how that can look like, and San Francisco has already voted with a similar motion to 20-0769. This change is possible and necessary, so do not even think of responding otherwise. We are living through a radical point in both our lifetimes. Thousands of people are protesting in the streets to demand accountability and life. It is clear, that LA must not use its money to fund the murderous LAPD. I have friends who were detained in the Jackie Robinson parking lots for hours, despite having only peacefully protested. They told me the horror stories of having no access to sanitation or water, despite COVID-19 surging in our city. LAPD officers assaulted women and forcibly checked genitalia for weapons or contraband. That is beyond sickening. Why would we send over 50% of the city's budget towards this department? The recent violence against Angelenos, who are fighting for rights and exercising the First Amendment, by LAPD is disgusting. We need to Defund LAPD. Support the People's Budget LA, and take a step towards reimagining public safety. Thank you for your time, Dylan Portillo Dylan Portillo

Subject: Do Your Job. Serve the People. Adopt a People's Budget LA

Dear Paul Koretz and Staff aka my public servants,

My name is Steven and I am an Angeleno and UCLA student living in the 90024 zip code of District 5. I am writing to DEMAND that you do YOUR JOB(S), as OUR PUBLIC SERVANT(S), of representing the interests and priorities of your constituents (ME, US). In other words, I am writing to demand that you adopt the People's Budget LA for the 2020-2021 fiscal year and revise the current budget accordingly.

Unlike Garcetti's proposed budget, which absurdly and disgustingly apportions over 50% of unrestricted funds to Police, directly contradicting the needs and priorities of Angelenos, the People's Budget LA puts Care Over Cops and invests into our communities and people. This is putting the money where THE PEOPLE -- you know, those who elected you to represent them and who pay your bills and allow you to have a career -- actually want their hard-earned tax dollars to be invested. In fact, the People's City Council LA has done a survey (which you should have seen by now) of over 24,000 Angelenos which showed that Police was actually the category on the budget that Angelenos wanted to DIVEST from the MOST, instead preferring to INVEST in things like Universal Aid and Crisis Management, Reimagined Public Safety, and Built Environment. The things that ACTUALLY make our communities safer.

Do your job, or we will replace you with someone who will.

Signed,

The Person YOU work for and serve,

Steven Chun

Subject: We don't need a bigger police budget!!

Dear Councilmember Koretz,

I am an Angeleno and I live in District 5. I am a fourth-year undergraduate at UCLA where I also serve as the President of the Vietnamese Student Union of UCLA. My zip code is 90024.

I am writing to demand you support the People's Budget LA for the 2020-2021 fiscal year and revise the current budget accordingly. 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I demand that you also support Councilmember Wesson's motion 20-0769 to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

The People's Budget LA gives only 5.7% to the police, because the city should prioritize universal needs (such as housing, childcare, healthy food, clean air and water), pandemic recovery, built environment, and reimaged public safety over the police department. You need to engage directly with communities, especially Black and Indigenous communities — the most at risk of police brutality and murder — to create a budget that serves ALL Angelenos. By voting against cuts to LAPD's budget, you are failing constituents like me.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions— that LA must not use its money to fund the murderous LAPD.

Throughout this time of mass protest, the police have reacted with extreme violence and unwarranted escalation towards peaceful protestors and our unhoused neighbors. LAPD Commander Cory Palka flashed a White Power signal on television. Chief Moore blamed the police murder of George Floyd on LA protestors. Many police officers have hurt, abused and maimed your constituents.

The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA, and take this courageous step towards reimaging public safety for Angelenos.

Regards,
Jason Tuan Vu

Subject: Request to divest from LAPD and invest in the community

Dear Councilmember Koretz,

I am an Angeleno and I live in District 5. **I am a UCLA employee and I currently reside in Palms.** My zip code is 90034.

I am writing to demand you support the [People's Budget LA](#) for the 2020-2021 fiscal year and revise the current budget accordingly. 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I demand that you also support [Councilmember Wesson's motion 20-0769](#) to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

I love my city and my neighborhood. I want more investment in the community and less in the police.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions— that LA must not use its money to fund the LAPD.

The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos.

Thank you for your time,

Sumita Mitra

Subject: No More Acid On Our Community's Open Wounds

Dear Councilmember Koretz and Respected Staff,

My name is Rucha and I am an Angeleno and I live in District 5. I am a UCLA student, a Westwood tenant, and a member of the Westwood Local of the Los Angeles Tenants Union. My current residence zip code is 90024. **I urge that you read this email in full.**

I am writing to demand you support the [People's Budget LA](#) for the 2020-2021 fiscal year and revise the current budget accordingly. 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I demand that you also support [Councilmember Wesson's motion 20-0769](#) to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

As your constituent, it is extremely important to me that you understand this. Your district is not immune to racism. I am not immune to racism. Neither are you. We all have room to grow, learn, and unlearn. On my walks to a Westwood bus station every morning, I pass by the same Black houseless individuals who do not have the basic resources they need to survive. Those same houseless individuals are harassed by the police on my walks back to my apartment in the evening. Hundreds of UCLA students engage in service work included the Mobile Clinic Project to try to fill in the gaps of care for vulnerable members of our community like them — **gaps that you are ignoring because arming police seems to matter more to you than providing critical and restorative resources like housing and health care.**

It may seem like this is a difficult decision but it shouldn't be, as a fellow person of faith, you likely understand that our moral responsibility must be to support human flourishing and wellbeing — not allocating millions of dollars to enact violence on the people you were elected to represent and support. **Many of my Black peers, your constituents, who are students have been fearful of even leaving their apartments to get groceries.** My apartment mate has been going out to get two of our Black roommates' things they need because they do not know when they might be murdered by the police for jogging or sleeping, arrested and zip tied and [left to urinate on themselves](#) for protesting peacefully, or be named in the next twitter hashtag #justicefor____. That is the power of the police. The police that you continue to prioritize over human life. And what did my roommates' get for expressing their grief, their hurt, their frustration, their trauma? **Our Westwood landlord literally took down their #BlackLivesMatter posters off our balcony without any form of warning, consent, or acknowledgment.**

The People's Budget LA gives [only 5.7%](#) to the police, because the city should prioritize universal needs (such as housing, childcare, healthy food, clean air and water), pandemic recovery, built environment, and reimagined public safety over the police department. You need

to engage directly with communities, especially Black and Indigenous communities — the most at risk of police brutality and murder — to create a budget that serves ALL Angelenos. By voting against cuts to LAPD's budget, you are failing constituents like me.

If your number one priority was the safety and wellbeing of your constituents, I don't think I would have to be writing this email right now — I also understand that your priority is getting elected. I can assure you that we know how to organize. We will do everything in our power to ensure that you do not get elected as L.A. Controller if you use your current position of power to enact further violence on my Black and Brown friends and family.

I believe that people can change when they learn more. I have changed as I have learned more throughout this process, and I believe that you have the same capability. Some may disagree with me, but **I believe (and hope) that you have good intentions too... but those intentions aren't enough. They must materialize into tangible action. Right now, the most just and humane course of action should be undeniably clear to you** (re: people's budget).

Please choose to be on the right side of history. Think of your great-grandchildren who will study 2020 in their history classes and ask, how did my great grandfather contribute in this moment of social change? Will they be ashamed, or proud? Envision that moment. **When our bodies begins to fail us and we have nothing left but to re-live and reflect on the work we did and the people we touched in our lifetimes, will the wealth matter then?** Will the police unions matter then? Will the wealthy Beverly Hills constituents matter then? Will people even know who you are if you were another status-quo politician that cared only about his own power, rather than empowering those around him? People will study the moments we are living right now, for centuries. People's eyes are on Los Angeles. Now is not the time to hide behind the curtain hoping someone else will step up to the plate.

Los Angeles is in an unprecedented time — of organizing, of energy, of people's power. Whether you believe in this power or not, change is coming. As your constituent, I want to build a brighter future with you, not against you, but the choice is yours.

As a person of faith, I firmly believe it is my responsibility to uphold my core values and support and defend those most vulnerable. That is why I am especially vocal in this moment. **I ask that you also reflect on your role as a person of faith in this moment. I ask that you support the flourishing and healing of the vulnerable members of our community instead of pouring acid on its open wounds.**

I leave you with an excerpt written by Aryeh Cohen in the [Jewish Journal](#):

"The ultimate safety of all communities, including the Jewish community, will not come from relying on a militarized police force. Real safety and security come from knowing that other people, even people who meet you in a moment of crisis, have your best interests at heart. This is what Rabbi Simcha Zissel Ziv understood as "carrying someone else's burden with them," and he named it as a precursor to righteousness. We should be walking this path of radical empathy, which is where safety lies."

Thank you for your time and consideration, Councilmember. I truly wish you and your loved

ones nothing but health, safety, and prosperity — and urgently hope that you and the members of your office wish the same for the communities you serve. I look forward to your response.

Sincerely,

Rucha Modi

Subject: Do your job, defund the LAPD

Good afternoon Councilmember Koretz and staff,

I am a resident of Rancho Park in District 5. My zip code is 90064 and I am writing because I am disgusted by Councilmember Koretz' inaction during this moment. It is time for him to do the right thing for once in his life and stand up to the lawlessness of the LAPD and their incompetent oaf of a police chief.

I am demanding you support the People's Budget LA for the 2020-2021 fiscal year and revise the current budget accordingly. 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I demand that you also support Councilmember Wesson's motion 20-0769 to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

- *Optional: include personal story or anecdote.*
- *Optional: The People's Budget LA gives only 5.7% to the police, because the city should prioritize universal needs (such as housing, childcare, healthy food, clean air and water), pandemic recovery, built environment, and reimagined public safety over the police department. You need to engage directly with communities, especially Black and Indigenous communities — the most at risk of police brutality and murder — to create a budget that serves ALL Angelenos. By voting against cuts to LAPD's budget, you are failing constituents like me.*

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions— that LA must not use its money to fund the murderous LAPD.

The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos.

I'd also like to address the councilmember's staff. How are you holding Councilmember Koretz accountable for his inaction? Did you want to work in city government to help people or are you just in it to accrue power? Do you believe Black lives matter? How can you look yourself in the mirror knowing that the Councilmember has done nothing but support the LAPD during their campaign of terrorism against peaceful Angelenos over the last month? Your silence makes you complicit and it's time for you to do something, because if Councilmember Koretz is too corrupt or lazy to do his job, then you better do something. Otherwise, how do you sleep?

Thank you,

Michael Darling

Subject: Re: Adopt the Peoples Budget LA

Hi Debbie,

Please also send along that I would like Paul to educate himself on what defunding the police means. It's clear that he hasn't done research on the subject as he hasn't indicated what reform does better than defunding in his statement. We've tried reform. It has never worked. If he has evidence to show otherwise, he should at least include it in these arbitrary statements he's having you pass on to his constituents. Defunding the police does not mean getting rid of law enforcement, it means re-envisioning their role in our society. Instead of police responding to the wide array of problems like they do today, it would mean social workers or trained mental health employees entering the scene. I ask Paul to ask himself why crime exists? By investing in communities rather than people to police these communities, there will be more people with their basic human needs met, and therefore, less crime. Paul is in a position of power right now, and he is supposed to represent his constituents. It's up to him to do his homework and provide more reasoning to his position than the below. I hope this message finds him well.

Thanks,

Elizabeth Roberts

On Mon, Jun 22, 2020 at 4:52 PM Debbie Dyner Harris <debbie.dynerharris@lacity.org> wrote:
Hello Ms. Roberts,

Thank you for your email and for taking the time to send your important thoughts to our office. I will be sure to share this with Councilmember Koretz who will take your thoughts into consideration as he goes through this budget process.

At this time, he has asked me to share the following message about his current point of view: "If we separate the term "defund" from the underlying effort to redefine and re-envision policing in the 21st century and look at how best to actually do that, I have to wonder whether making arbitrary cuts to LAPD's budget is the right place to begin that process. I think we can all agree that reform is necessary, it's just determining the best way to achieve it. I support police reform. That's why I am authoring several motions for reform. Police reform doesn't mean you need to defund the police. I believe the City still needs law enforcement."

Also, [here is a link to his latest newsletter](#) which may help to further explain his point of view.

Debbie

We need to reinvest LAPD's bloated budget into the community. I demand that you also support Councilmember Wesson's motion 20-0769 to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

The People's Budget LA gives only 5.7% to the police, because the city should prioritize universal needs (such as housing, childcare, healthy food, clean air and water), pandemic recovery, built environment, and reimagined public safety over the police department. You need to engage directly with communities, especially Black and Indigenous communities — the most at risk of police brutality and murder — to create a budget that serves ALL Angelenos. By voting against cuts to LAPD's budget, you are failing constituents like me.

My close friend is an elementary school teacher in the area and has spent hundreds of her own hard-earned dollars to pay for school supplies for her students. A fraction of the LAPD budget should be invested in education, and teachers like my friend should be valued and paid accordingly. The LAPD provides its officers with riot gear for free, so why are we making our teachers pay for their own school supplies?

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions— that LA must not use its money to fund the murderous LAPD.

Throughout this time of mass protest, the police have reacted with extreme violence and unwarranted escalation towards peaceful protestors and our unhoused neighbors. LAPD Commander Cory Palka flashed a White Power signal on television. Chief Moore blamed the police murder of George Floyd on LA protestors. Many police officers have hurt, abused and maimed your constituents. I saw this firsthand at the protest near the Fairfax district. How can you allow the harmful police to treat your constituents like this?

The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos.

Thank you for your time,

Elizabeth Roberts

Subject: I want Care not Cops, defund the police

Dear Councilmember Koretz,

Hi. My name is Rylee Crowley. I am an Angeleno and I live in District 5. I am currently a rising senior at UCLA. My zip code is 90024.

I am writing to demand you support the People's Budget LA for the 2020-2021 fiscal year and revise the current budget accordingly. 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I demand that you also support Councilmember Wesson's motion 20-0769 to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

At UCLA, I am part of an organization called Hunger Project. We participate in various forms of outreach and community service projects across LA, especially aiding those who are experiencing homelessness. We listen to a lot of people, both in the academic world and living in shelters, about their grievances about how LA continues to fail its most vulnerable residents. One of the most striking and commonly heard complaints is about the criminalization of homelessness and the fear and violence that police cause. This is on top of the growing crisis of rising rents, lack of safe/affordable housing, and gentrification. The fact that this county continues to prioritize policing and not funding for housing, social services, and other things that would benefit the residents that need it the most is despicable. I am pleading you to listen to the people. We NEED these services more than ever, especially during this pandemic. *You need to engage directly with communities, especially Black and Indigenous communities — the most at risk of police brutality and murder — to create a budget that serves ALL Angelenos.*

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions— that LA must not use its money to fund the murderous LAPD.

Throughout this time of mass protest, the police have reacted with extreme violence and unwarranted escalation towards peaceful protestors and our unhoused neighbors. I have listened to stories from fellow Westwood residents about the fear they felt during these times. During the week leading up to finals, protestors were detained at Jackie Robinson Stadium for speaking out against police brutality. Some of my peers experienced those inhumane conditions-- in the middle of a pandemic-- and were denied food, water, and essential services. Listening to these stories highlight how much the LAPD fails to keep us healthy and safe. We need to fund better institutions instead.

The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos.

Subject: I want CARE, not COPS

Dear Councilmember Koretz,

Enough is enough, and the voting citizens of Los Angeles are watching you.

I am an Angeleno and member of the Asian American community in Los Angeles, as well as a film industry professional and graduate of the American Film Institute Conservatory.

I demand that you support the People's Budget Los Angeles and divest funding from the already bloated budget of the Los Angeles Police Department. I urge you to also support Councilmember Wesson's motion 20-0769 to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

I have witnessed the audacity, rashness, and complete disregard for human life with which LAPD officers have treated my fellow Angelenos exercising their right to protest. It is disgusting, un-American and unconstitutional. I demand that you and all of our elected officials do the right thing and uphold your sworn duty to protect the lives and rights of the citizens that voted you into office.

Thank you for your time,
Yuki Aizawa

Subject: I Urge You to Divest from LAPD and Invest in Communities. We Must Reimagine Public Safety - Now!

Dear Councilmember Koretz,

I'm a resident and voter in LA and I live in District 5. I am a law student and I attend UCLA School of Law. My zip code is 90034.

I personally urge you to take a strong public stand against racism, white supremacy, and police brutality by supporting efforts to redirect funding away from LAPD and towards community supports and trained, unarmed crisis response teams. I am deeply concerned by the pandemic of racism in our systems of policing and punishment, racism which we have seen exposed so clearly this month through the unjust and inexcusable deaths of Black people at the hands of police, as well as through the militarized and violent law enforcement responses to community members exercising their constitutional rights to free speech and assembly.

I am emailing you to demand you support the People's Budget LA for the 2020-2021 fiscal year and revise the current budget accordingly. 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I demand that you also support Councilmember Wesson's motion 20-0769 to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

The People's Budget LA gives only 5.7% to the police, because the city should prioritize universal needs (such as housing, childcare, healthy food, clean air and water), pandemic recovery, built environment, and reimagined public safety over the police department. You need to engage directly with communities, especially Black and Indigenous communities — the most at risk of police brutality and murder — to create a budget that serves ALL Angelenos. By voting against cuts to LAPD's budget, you are failing constituents like me.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions — that LA must not use its money to fund the murderous LAPD.

Throughout this time of mass protest, the police have reacted with extreme violence and unwarranted escalation towards peaceful protestors and our unhoused neighbors. LAPD Commander Cory Palka flashed a White Power signal on television. Chief Moore blamed the police murder of George Floyd on LA protestors. Many police officers have hurt, abused and maimed your constituents.

The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos.

Thank you for your time,

Jenna Finkle

Subject: Adopt the People's Budget

Dear Councilmember Koretz,

I am a black resident of Mid City West, zip code 90046. Los Angeles has been my home for the past 6 years and I love this city a great deal. It is expressly my commitment and love of Los Angeles that informs this letter.

I am writing to demand you support the [People's Budget LA](#) for the 2020-2021 fiscal year and revise the current budget accordingly. A bloated LAPD budget is a reactionary budget. If we invest in community services, and ensure that all Angelenos have housing, childcare, food, a good paying job, a clean and healthy environment, and universal healthcare we'll see that there is no place for LAPD as we know it. To that end, I demand that you also support [Councilmember Wesson's motion 20-0769](#) to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

Black and Indigenous constituents must be part of the budget process. We are the victims of a budget that emboldens bad policing. By voting against cuts to LAPD's budget, you are failing constituents like me.

The people have spoken. We want to defund the LAPD. One life lost by LAPD is one too many. Over the past 10 years, LAPD has killed hundreds. Think about how many lives have been ruined by LAPD. Not just the families of those murdered, but all of those brutalized, intimidated, and incarcerated.

LAPD does not make me feel safe. The presence and mere existence of LAPD is a psychological and physical threat to Black and brown lives. During this time of mass protest, the police have been instigators, agitators, escalators, and inciters of violence. Cops create the very problems they say they're trying to solve.

LAPD must be defunded, now. Please support the People's Budget LA, and join the fight for a better Los Angeles.

Thank you,
Jessica Sykes

Subject: Defund police in district 5

Dear Councilmember Koretz,

I am an Angeleno and I live in District 5. I am a UCLA student living in Westwood. My zip code is 90024.

I am writing to demand you support the [People's Budget LA](#) for the 2020-2021 fiscal year and revise the current budget accordingly. 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I demand that you also support [Councilmember Wesson's motion 20-0769](#) to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

I know from person experience the ways the LAPD presence has harmed and continues to harm students at UCLA. Black students are disproportionately targeted by officers. No student should be made to feel unsafe by officers whose supposed duty is to protect and serve them. Reforming or retraining these officers is no longer an option - we want them gone from campus and gone from Westwood.

*The People's Budget LA gives **only 5.7%** to the police, because the city should prioritize universal needs (such as housing, childcare, healthy food, clean air and water), pandemic recovery, built environment, and reimagined public safety over the police department. You need to engage directly with communities, especially Black and Indigenous communities — the most at risk of police brutality and murder — to create a budget that serves ALL Angelenos. By voting against cuts to LAPD's budget, you are failing constituents like me.*

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions— that LA must not use its money to fund the murderous LAPD.

Throughout this time of mass protest, the police have reacted with extreme violence and unwarranted escalation towards peaceful protestors and our unhoused neighbors. LAPD Commander Cory Palka flashed a White Power signal on television. Chief Moore blamed the police murder of George Floyd on LA protestors. Many police officers have hurt, abused and maimed your constituents.

The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos.

The time is now to act. If students are going to be returning to UCLA in the fall, we need to know our safety is your priority. Not the police unions, but YOUR CONSTITUENTS.

Thank you for your time,

Julia Hatten

Subject: Defund the Police, it's fun and cool!

Dear Councilmember Koretz,

I am an Angeleno and I live in District 5. My zip code is 90034 and I really love living in Palms as a proud AFSCME union member and life long Democrat.

I am writing to demand you support the People's Budget LA for the 2020-2021 fiscal year and revise the current budget accordingly. 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I demand that you also support Councilmember Wesson's motion 20-0769 to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

Tens of thousands of Angelenos worked together to define what the city's priorities are, lead by brilliant folks from Black Lives Matter LA. Ignoring the voices of LA's most vulnerable citizens because of an imagined silent majority and entrenched powers fails your constituents. Our neighbors came together to say what they want our city to look like, and that focused on prioritizing people's needs, not funding a violent paramilitary police force. We should serve our neighbors, not our donors.

Throwing out the demands of this broad citizens' group is a really gross look for a public servant.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions— that LA must not use its money to fund the murderous LAPD.

The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos. Police Reform has failed for decades. Now is the time to be brave and imagine a better future.

Thank you for your time,

Alan Ronn

Subject: I do not feel safe around the police

Dear Councilmember Koretz,

I am a constituent of District 5. My zipcode is 90024. I am a UCLA student who has been living in District 5 for the past three years, and I plan to live here for many years afterwards.

I am writing to demand you support the [People's Budget LA](#) and that you support [Councilmember Wesson's motion 20-0769](#) to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD through protests and emails like this.

Throughout this time of mass protest, the police have reacted with extreme violence and unwarranted escalation towards peaceful protestors and our unhoused neighbors. LAPD Commander Cory Palka even flashed a White Power signal on television. Chief Moore blamed the police murder of George Floyd on LA protestors. Many police officers have hurt, abused and maimed your constituents.

I, personally, do not feel safe in the presence of police officers even though I am doing nothing wrong. Our trust in the police has been destroyed. I am demanding you defund LAPD since they don't even make us feel safe anymore. In fact, they frighten many of your constituents like me.

The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos.

Thank you for your time,

--

Subject: Come on Koretz, pass the People's Budget

Dear Councilmember Koretz,

I am writing to express my support for the People's Budget Los Angeles, and City Council Motion 20-0769 as introduced by Councilmembers Wesson (my councilmember) and Martinez to divert certain emergency calls to trained, unarmed crisis response teams.

I write in solidarity with Black Lives Matter, and demand justice for Andres Guardado, George Floyd, Breonna Taylor, Tony McDade, and the countless others who have lost their lives at the hands of police violence and racism. I write in solidarity with the countless protestors whose rights and dignity have been infringed on by the LAPD as they exercise their freedom of speech.

And I write with disappointment in response to your 6/16 vote against a potential \$150 million cut to the bloated LAPD budget.

Racially-targeted police violence, mass arrests, cuts to municipal social services, and increases to the Los Angeles police budget in the midst of a global pandemic are detrimental to public health and safety, especially for Black communities. We must disinvest from the LAPD, and reinvest Los Angeles' resources and city budget into reimagined community safety, housing, healthcare, education, mass transit, small businesses, and other community support.

I stand in solidarity with the demands of the UCLA Afrikan Student Union and UCLA Black Graduate Student Association in calling for a direct change of the Mayor's proposed 2020-2021 budget to the People's Budget, and Black Lives Matter LA's support of Motion 20-0769's "courageous" step forward.

You have the opportunity to set an example to the nation in a moment of deep pain - my councilmember and many others have already gotten on board! That example should not be one of falling back into old patterns of "law and order" thinking that disproportionately impacts Black communities. Instead, we urge you to condemn police and state violence and support community reinvestment as an antidote to decades of over-policing in the form of the People's Budget LA and Motion 20-0769.

I am not a CD5 resident, but I work in CD5 and am undoubtedly impacted by the decisions of all LA councilmembers, regardless of zip code. Please stand up for me and others by supporting the People's Budget LA.

Sincerely,
Selena Phelps
CD10 Resident

Subject: People's Budget LA

Dear Councilmember Koretz and other L.A. City Staff,

I am an Angeleno and I live in District 5. I have recently graduated from UCLA with a degree in Biology and a focus in Society and Genetics. My zip code is 90024.

I am writing to demand you support the People's Budget LA for the 2020-2021 fiscal year and revise the current budget accordingly. 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I demand that you also support Councilmember Wesson's motion 20-0769 to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

I have witnessed the police terrorize not just District 5, but L.A. county overall, and it is initially mandated by the incredibly overfunded budget set for them. Giving the LAPD this kind of power has inflicted such fear into Los Angeles residents, that it is mortifying. My roommate, a Black woman who was also a UCLA student, relies on working out to maintain her stress and anxiety levels. Due to COVID-19, UCLA closed all of its gyms which resulted in the only places to exercise are your own residence and outside. Exercising in an LA apartment is near impossible, as square footage continues to get smaller and rent prices continue to skyrocket. Because this is not an option for most LA residents, the only other option is to exercise outside. When this option was presented to my roommate, she began to cry. The reasons why she would go to the gym was because she knew how the justice system can fail when a Black person goes outside. The only way she felt safe enough to go outside to work out was if I, a white woman, came with her. If that does not demonstrate the fear LAPD has inflicted into its Black residents, then I don't know what will. Setting a budget that endorses this kind of legal torture is what fuels the police to commit these types of crimes, and even war crimes when it comes to peaceful protesting. The People's Budget LA gives only 5.7% to the police, because the city should prioritize universal needs such as housing, childcare, healthy food, and clean air and water. This money can also go towards pandemic recovery, built environment, and reimagined public safety that has the ability to protect its citizens instead of terrorize them. You need to engage directly with communities, especially Black and Indigenous communities - the most at risk of police brutality and murder - to create a budget that serves ALL Angelenos. By voting against cuts to LAPD's budget, you are failing constituents like my roommate and I, and in turn justifying the unlawful killings of minority groups.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions— that LA must not use its money to fund the murderous LAPD.

The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos.

Thank you for your time.

Regards

Valerie Stewart B.S.

Subject: Defund LAPD

Dear Councilmember Koretz,

I am a UCLA Law student, which is in District 5. My zip code is 90094. I am urging that you please listen to your constituents, particularly your black and indigenous constituents who have been disproportionately targeted and harmed by police violence, and support the People's Budget LA. As a white man, I understand that you may not have had conversations about police brutality and the ways in which your race have disparately impacted your experience navigating the spaces in which you are a part of. However, as an LA City Councilmember, I urge you to think critically about your privileges that you wield as a wealthy, white man in a position of power and leverage those privileges to help the most marginalized members of your constituency. Your constituents are hurting and I am pleading with you to listen to their experiences and defund LAPD.

I am writing to demand you support the People's Budget LA for the 2020-2021 fiscal year and revise the current budget accordingly. 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I demand that you also support Councilmember Wesson's motion 20-0769 to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

The People's Budget LA gives only 5.7% to the police, because the city should prioritize universal needs (such as housing, childcare, healthy food, clean air and water), pandemic recovery, built environment, and reimagined public safety over the police department. You need to engage directly with communities, especially Black and Indigenous communities — the most at risk of police brutality and murder — to create a budget that serves ALL Angelenos. By voting against cuts to LAPD's budget, you are failing constituents like me.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions— that LA must not use its money to fund the murderous LAPD.

Throughout this time of mass protest, the police have reacted with extreme violence and unwarranted escalation towards peaceful protestors and our unhoused neighbors. LAPD Commander Cory Palka flashed a White Power signal on television. Chief Moore blamed the police murder of George Floyd on LA protestors. Many police officers have hurt, abused and maimed your constituents.

The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos.

Thank you for your time,
Jessica Xu

Subject: Support People's Budget LA

Dear Councilmember Koretz,

I am a Master of Public Policy graduate student at UCLA Luskin School of Public Affairs and a member of our UAW Local 2865. My zip code is 90064.

I am writing to demand you support the People's Budget LA for the 2020-2021 fiscal year and revise the current budget accordingly. 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I demand that you also support Councilmember Wesson's motion 20-0769 to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

As a student at UCLA Luskin, I previously interacted with Councilmember Koretz's office on the UCLA Luskin White Paper program. I understood then that your office respects research from UCLA's faculty and students and encourages community collaboration. But I have not seen that respect and collaboration in Councilmember Koretz's outspoken opposition to the People's Budget LA.

LAPD's recent use of Jackie Robinson Stadium to stage their officers and detain peaceful protesters was a traumatizing experience not just for the protestors present but also but the greater UCLA community, especially our Black Bruins. As an instructor for undergraduate freshmen students, it has been impossible to ensure their safety on and off campus because of violent and racist policing.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions— that LA must not use its money to fund the murderous LAPD.

The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos.

Thank you for your time,

Subject: Support the People's Budget

Dear Councilmember Koretz,

I hope you will reconsider your actions and start thinking with something closer to a conscience than a checkbook. I am an Angeleno and I live in District 5. I am a UCLA student and Resident of Westwood. My zip code is 90024.

I am writing to demand you support the [People's Budget LA](#) for the 2020-2021 fiscal year and revise the current budget accordingly. 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I demand that you also support [Councilmember Wesson's motion 20-0769](#) to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

The People's Budget LA gives [only 5.7%](#) to the police, because the city should prioritize universal needs (such as housing, childcare, healthy food, clean air and water), pandemic recovery, built environment, and reimagined public safety over the police department. You need to engage directly with communities, especially Black and Indigenous communities — the most at risk of police brutality and murder — to create a budget that serves ALL Angelenos. By voting against cuts to LAPD's budget, you are failing constituents like me.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions— that LA must not use its money to fund the murderous LAPD.

Throughout this time of mass protest, the police have reacted with extreme violence and unwarranted escalation towards peaceful protestors and our unhoused neighbors. LAPD Commander Cory Palka flashed a White Power signal on television. Chief Moore blamed the police murder of George Floyd on LA protestors. Many police officers have hurt, abused and maimed your constituents.

The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos.

Thank you for your time,
Ryan Stevens

Subject: People's Budget LA

Dear Councilmember Koretz,

I am an Angeleno and I live in District 5. I was truly saddened to hear that you voted against decreasing the LAPD budget.

I am emailing to demand you support the [People's Budget LA](#) for the 2020-2021 fiscal year and revise the current budget accordingly. 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I demand that you also support [Councilmember Wesson's motion 20-0769](#) to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions— that LA must not use its money to fund the murderous LAPD. Resources need to be distributed to programs/professionals who will make communities safer by responding to crisis situations with expertise and not with force. The LAPD has systematically murdered Angelenos for years with no accountability. Reforms do not work. Put money into communities. We need care not more cops.

The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos.

Thank you for your time,

Caroline

Subject: Please Defund the LAPD, Support People's Budget LA

Dear Councilmember Koretz,

I am an Angeleno and I live in District 5. My name is Catherine Nguyen and I am an undergraduate student at UCLA. My zip code is 90024.

I am writing to demand you support the [People's Budget LA](#) for the 2020-2021 fiscal year and revise the current budget accordingly. 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I demand that you also support [Councilmember Wesson's motion 20-0769](#) to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

In this time of pandemic where there have been great compromises to educational and public health programs, it shocks me to learn that the LAPD is given vastly higher funding than the aforementioned services which directly benefit the people and contribute to quality of life. This may sound personal but it does not make sense to me to have my tax dollars go to the LAPD, whose services I won't use for the majority of my life. Especially given from protest footage that some LAPD officers are indifferent to police brutality, I do not feel like I can trust an organization who is supposed to provide ultimate protection. So what is the point of funding it so much? Literally there is none.

The proposed People's Budget LA gives [only 5.7%](#) to the police, because the city should prioritize universal needs (such as housing, childcare, healthy food, clean air and water), pandemic recovery, built environment, and reimagined public safety over the police department. You need to engage directly with communities, especially Black and Indigenous communities — the most at risk of police brutality and murder — to create a budget that serves ALL Angelenos. By voting against cuts to LAPD's budget, you are failing constituents like me.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions — that LA must not use its money to fund the murderous LAPD. The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos.

Thank you for your time,

Catherine Nguyen

Subject: People's Budget

To Councilmember Koretz, and whoever else this may concern, My name is Ari, and I am a resident of District 5. Your actions both in favor of the LAPD's 54% budget funding and blind support of their actions despite rampant racial profiling and lethal force are nothing less than despicable. Your equating of magnitudes of violence in George Floyd's murder to the looting that ensued after is taking a repugnant page out of Police Chief Moore's playbook, and we all see it. I among many others demand you adopt the people's budget along with council motion 20-0769, and I personally believe you should resign. If you truly wanted to serve Los Angeles, you'd quit and let someone more qualified and less privileged take over. Our voices will not be silenced! And in the spirit of the public comment you fully deserved last week but I didn't get a chance to speak in: I yield my time, and fuck you Councilmember Koretz. Sincerely, Ari

From: Evelyn Shen <evelyn96@gmail.com>

Subject: Care Not Cops!

Dear Councilmember Koretz,

I am an Angeleno and I live in District 5. I am a medical student at UCLA David Geffen School of Medicine. My zip code is 90025.

I am writing to demand you support the [People's Budget LA](#) for the 2020-2021 fiscal year and revise the current budget accordingly. 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I demand that you also support [Councilmember Wesson's motion 20-0769](#) to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

As a future health professional, we are taught over and over again about structural inequities and the importance of upstream care. Meaning, systems that are in place are responsible for many if not most of the disproportionately poor health outcomes of certain populations. The way to address this is not to put more money into hospitals and doctors, but instead to address the problems before people ever end up in a doctor's care. In the same way, the right solution to address crime is not to put more money into police and jails, but to fund solutions that **stop people from ending up in jail in the first place**. Public safety means better streets, good lighting, better access to mental health services, among other things-- NOT more guns and more patrols.

The People's Budget LA gives [only 5.7%](#) to the police, because the city should prioritize universal needs (such as housing, childcare, healthy food, clean air and water), pandemic recovery, built environment, and reimagined public safety over the police department. You need to engage directly with communities, especially Black and Indigenous communities — the most at risk of police brutality and murder — to create a budget that serves ALL Angelenos. By voting against cuts to LAPD's budget, you are failing constituents like me.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions— that LA must not use its money to fund the murderous LAPD.

Throughout this time of mass protest, the police have reacted with extreme violence and unwarranted escalation towards peaceful protestors and our unhoused neighbors. LAPD Commander Cory Palka flashed a White Power signal on television. Chief Moore blamed the police murder of George Floyd on LA protestors. Subject: People's Budget LA

Councilmember Koretz and staff,

I'm a student and resident of council district 5, in Palms. I am writing to demand you support the [People's Budget LA](#) for the 2020-2021 fiscal year and revise the current budget accordingly. Something like 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I demand that you also support [Councilmember Wesson's motion 20-0769](#) to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

LAPD still has fundamental similarities to the lawless department they were thirty years ago: the police are mostly still [outsiders from cities around LA](#) who come into the city thinking they need to rule it. They still [target Black and Latinx Angelenos disproportionately](#). They harbor [cliques of racist, xenophobic officers](#) who are itching to use their weapons and live out fantasies of violence.

Until this moment, the police knew that no one in LA politics would hold them accountable. You and your colleagues accepted thousands of dollars in campaign contributions from the police union. Police salaries and benefits have been [rising](#) while other public servants' pay is staying flat. And after LA's projected revenues plummeted during the stay-at-home order, you issued a new budget, slashing funding across the board... [except for the LAPD](#).

The police's confidence in their own impunity is evident in their treatment of protestors: [shooting](#) press with rubber bullets, [refusing](#) to wear coverings over their mouths, [plowing](#) their SUVs into pedestrians.

They'd rather kill people than give up their raises.

Chief Moore's petulant and childish performance today is another example of this, as he dodges Councilmember Bonin's questions and totally refuses to consider cutting a single sworn officer from his bloated and ineffective department, even though he agrees we should shift responsibilities for many nonviolent calls away from the police.

They'd rather impoverish the city than give up their power.

Your comments today reflecting the idea that some silent majority supports your pro-police stance are an embarrassing echo of law-and-order tactics embraced by right wing politicians from Nixon to Trump. If you don't want people to call you a white supremacist, stop singing from their hymnal. And stop carrying water for the police.

Over the past several weeks, this city has shown its overwhelming support for defunding the LAPD. LA has made clear, in the streets and in public comment to city council, that the lion's share of the budget must not be used to fund the murderous LAPD. The recent violence against Angelenos exercising their First Amendment rights is unacceptable and LAPD must be defunded, now.

I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos.

- Peter Horton

Subject: DEMAND FOR THE PEOPLE'S BUDGET

Dear Councilmember Koretz,

I am a native Angeleno and I live in District 5 and my zip code is 90036.

I am writing to demand you support the People's Budget LA for the 2020-2021 fiscal year and revise the current budget accordingly. 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I demand that you also support Councilmember Wesson's motion 20-0769 to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

The People's Budget LA gives only 5.7% to the police, because the city should prioritize universal needs (such as housing, childcare, healthy food, clean air and water), pandemic recovery, built environment, and reimagined public safety over the police department. You need to engage directly with communities, especially Black and Indigenous communities — the most at risk of police brutality and murder — to create a budget that serves ALL Angelenos. By voting against cuts to LAPD's budget, you are failing constituents like me.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions — that LA must not use its money to fund the murderous LAPD.

Throughout this time of mass protest, the police have reacted with extreme violence and unwarranted escalation towards peaceful protestors and our unhoused neighbors. LAPD Commander Cory Palka flashed a White Power signal on television. Chief Moore blamed the police murder of George Floyd on LA protestors. Many police officers have hurt, abused and maimed your constituents.

The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA, and take this monumental step towards reimagining public safety for Angelenos.

Thank you for your time,

Best,

Rebecca Rodriguez

Subject: Los Angeles Budget

Dear Councilmember Koretz,

My husband and I are homeowners in South Carthay; I am writing on behalf of my entire family, especially our children (ages 7 and 4). I bet you didn't know that young families lived in this neighborhood! Some of us actually pay property tax on the current value of a home in this area. I know money talks in Los Angeles politics, so listen up because more money comes out of this household in state and local taxes than from the Prop 13 crowd around us!

Councilmember, I have never been more concerned about my family's future in Los Angeles than I have been in recent months. My neighbors? They could care less. They're either planning on moving away or dying before too long. The status quo is acceptable to them. For a father who wants a better future for his kids in this city the status quo is NOT acceptable. As your constituent, I am writing to ask you to support the People's Budget LA for the 2020-2021 fiscal year and revise the current budget accordingly.

We need to reinvest LAPD's bloated budget into the community. At the very least, I ask that you also support Councilmember Wesson's motion 20-0769 to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams. This is a good, first step.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. I don't think you'd find a lot of LAPD fans here in South Carthay. Why do you think we've contracted with ACS for security? Because we cannot count on our Police Department to keep our neighborhood safe. What good are they? Defund them.

The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and the LAPD must be defunded, now. I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos.

Best Wishes from South Carthay!

- Anthony Danna

Subject: Adopt a People's Budget. Defund LAPD.

Dear Councilmember Koretz & Staff,

I am an Angeleno and I live in District 5 at Pico & Beverwil. I am also a teacher with LAUSD. My zip code is 90035.

I am writing to demand you support the [People's Budget LA](#) for the 2020-2021 fiscal year and revise the current budget accordingly. 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I demand that you also support [Councilmember Wesson's motion 20-0769](#) to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

As a first grade teacher in Los Angeles Unified, I have witnessed first hand how these systems of power and oppression inflict trauma on Black and Brown students. What I've seen might come as a shock, but I implore you to see this as REALITY, not some fluke event. A Black 6 year old student gets into a minor conflict on the playground. No one is hurt. The next day, an SRO is called, without parent or teacher consent, to have a talk with the child. He leaves confused, fearful, and feeling guilty. His mother is furious. There is no counselor on campus, but a police officer is one phone call away. WHY?

Our students and families of color feel threatened by police, not safer. When we call on police to handle issues that stem from mental health, housing insecurity, and poverty, we CRIMINALIZE our neighbors.. There is one very clear way to mitigate this trauma that LAPD continues to inflict: reallocate the billions of dollars that currently goes to criminalizing our communities and actually HELP them.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions— that LA must not use its money to fund the murderous LAPD.

The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos.

Thank you for your time,
Natalie Karic

Subject: Defund the Police. Support the People's Budget!

Dear Councilmember Koretz,

I am an Angeleno and I live in District 5, zip code 90024. I am a medical student at UCLA.

I am writing to demand you support the [People's Budget LA](#) for the 2020-2021 fiscal year and revise the current budget accordingly. 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I demand that you also support [Councilmember Wesson's motion 20-0769](#) to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

The People's Budget LA gives [only 5.7%](#) to the police, because the city should prioritize universal needs (such as housing, childcare, healthy food, clean air and water), pandemic recovery, built environment, and reimagined public safety over the police department. You need to engage directly with communities, especially Black and Indigenous communities — the most at risk of police brutality and murder — to create a budget that serves ALL Angelenos. By voting against cuts to LAPD's budget, you are failing constituents like me.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions— that LA must not use its money to fund the murderous LAPD.

Throughout this time of mass protest, the police have reacted with extreme violence and unwarranted escalation towards peaceful protestors and our unhoused neighbors. LAPD Commander Cory Palka flashed a White Power signal on television. Chief Moore blamed the police murder of George Floyd on LA protestors. Many police officers have hurt, abused and maimed your constituents.

The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos.

Thank you for your time,
Yoon Lee

Subject: City Budget Concerns

Dear Councilmember Koretz,

I am an Angeleno and I live in District 5. I am a UCLA student and an active member of the westwood community that is very concerned about the city budget and how the money affects the. My zip code is 90024.

I am writing to demand you support the People's Budget LA for the 2020-2021 fiscal year and revise the current budget accordingly. 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I demand that you also support Councilmember Wesson's motion 20-0769 to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

I believe reinvesting money into the community will greatly improve citizens' lives within the city while actively reducing police brutality.

The People's Budget LA gives only 5.7% to the police, because the city should prioritize universal needs (such as housing, childcare, healthy food, clean air and water), pandemic recovery, built environment, and reimaged public safety over the police department. You need to engage directly with communities, especially Black and Indigenous communities — the most at risk of police brutality and murder — to create a budget that serves ALL Angelenos. By voting against cuts to LAPD's budget, you are failing constituents like me.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions — that LA must not use its money to fund the murderous LAPD.

Throughout this time of mass protest, the police have reacted with extreme violence and unwarranted escalation towards peaceful protestors and our unhoused neighbors. LAPD Commander Cory Palka flashed a White Power signal on television. Chief Moore blamed the police murder of George Floyd on LA protestors. Many police officers have hurt, abused and maimed your constituents.

The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA, and take this courageous step towards reimaging public safety for Angelenos.

Thank you for your time,
Lizzy Boyd

Dear Councilmember Koretz,

I have lived in LA County my entire life—most recently as a tenant in zip code 90035—and serve on the South Robertson Neighborhoods Council.

I'm writing to demand you support the [People's Budget LA](#) and Councilmember Wesson's motion 20-0769. Our city is obviously, painfully in need of sensible reform that attacks the systemic factors shaping crime while ensuring there is a lesser chance for violence to emerge when taking care of citizens. Our tax dollars are better spent shaping a better world: together, we can reimagine both public safety—a world where citizens are safer is also one where police officers are safer—and our city's future.

Thank you for your time.

Subject: DEFUND LAPD

I'm emailing to register my disgust and disappointment in Councilmember Koretz's vote against cutting LAPD's budget today. In light of the murders of George Floyd, Breonna Taylor and countless other Black lives taken before their time by an uncaring police force, it takes a truly disgusting, depraved, hollowed-out shell of a human to vote to allocate even more money toward this bloated racist murder syndicate. \$150 million is pocket change to the LAPD, but that money could make a world of difference for LA's Black and Brown communities. Koretz's vote reveals the true depth of his disregard for the people he claims to serve.

I'm calling on Koretz to support #PeoplesBudgetLA and City Council Motion 20-0769. No excuses.

Julian Axelrod

Subject: The People's Budget and My disappointment in Paul Koretz
To: <monica.molina@lacity.org>

Hi Monica,

My name is Michael Rianda, I am a constituent of District 5, I live in Palms, and I work in the entertainment industry at Sony. I've been disappointed in Councilmember Koretz's dismissiveness of the [People's Budget](#). I don't know how you can not even listen or pay lip service to what the community is so desperately crying out for. If Councilmember Koretz is purporting to represent his community- he's not doing a traditionally great job. In fact I would argue, he's doing terribly.

I watched their presentation Monday to City Council and couldn't believe they haven't heard back from him.

I COULDN'T believe that he voted AGAINST cutting even \$150 million from the LAPD's \$3 billion budget. 3 Billion dollars could do SO MUCH for people who don't have access to cartoonishly over-the-top military style gear. Help the homeless, help the mentally ill, help the schools. This is a slam dunk for the public good.

The community is losing faith in the police's ability to solve the problems they are meant to solve. To protect the people it purports to serve. Why not be bold and re-think what public safety looks like. The purpose of legislatures is to CREATE SOLUTIONS that HELP PEOPLE. Not hold up structures that hurt people. Cops have agreed that they are being asked to do too much. Take the burden off them and let mental health professionals help. Be creative and bold in your solutions. Don't just pour more money into a broken system. The \$3 billion in LAPD's budget would be better served going towards affordable housing, education, health services, and economic help for those affected by the shutdown and pandemic. It's time to reimagine public safety so that *everyone* feels safe and valued. This requires the kind of big-thinking, structural change the People's Budget proposes. I urge you to watch and consider their presentation if you have not already.

As a Communications and Deputy School Liason, I would imagine you also think it would be great for schools to get a big chunk of that money, so please challenge Mr. Koretz on his views and push him to back the community. Please watch the video yourself, if you agree with these points and see the logic in these ideas, please fight for it from the inside! The only thing necessary for the triumph of evil is for good people to do nothing. You have some power- fight for this if you believe in it please!

Tell Paul Koretz his constituents are watching- we're disappointed, and if he doesn't act fast to remedy this he will lose any shred of support from the community.

Thank you,
Michael Rianda

Subject: Support the People's Budget LA

Dear Councilmember Koretz,

I am a resident, tenant, student, food service worker and registered voter in Los Angeles District 5. I attend UCLA and live in the Westwood neighborhood; my zip code is 90024.

As one of your constituents, I am calling on you to support the People's Budget LA for the 2020-2021 fiscal year and revise the current budget accordingly in order to reinvest LAPD's bloated budget into the community. I also call for your support of Councilmember Wesson's motion 20-0769 to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

The People's Budget was developed with the input of over 24,000 Angelenos who took the People's Budget survey to express how WE want OUR tax dollars spent. We want the city to prioritize universal needs, pandemic recovery and reimagined public safety over policing and incarceration. Police don't make us safe; things like access to housing, job growth, healthcare and transportation do. Your constituents and people across LA feel strongly about this - that's why the People's Budget has been trending on Twitter, and why your office and other public officials' offices have been receiving so many emails, phone calls and petitions. Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions— that LA must not use its money to fund the murderous LAPD.

I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos.

Thank you for your time,

Mikaela Garcia

Subject: People's Budget

Dear Councilmember Koretz,

I am an Angeleno and I live in District 5. I am a UCLA student and live in Westwood. My zip code is 90024.

I hope you take the time to read the emails urging you to rethink your stance, instead of giving an automatic response with a weak justification about your views on the issue of police funding. Your constituents are demanding that you listen to us (very people you work for and whose taxes pay your salary). We are demanding that you support the People's Budget LA for the 2020-2021 fiscal year and revise the current budget accordingly.

The LAPD does not need 50% of the city budget. We need to invest the vast majority of funds into communities, which would work to address the social ills and inequality that lead to crime in the first place, rather than simply reacting to it with the current method of policing. Funneling billions of dollars into the police budget for more ineffective training, expensive body cams that cops will coincidentally turn off to hide their brutality, and all other means of reform will never achieve anything. Police reform has been tried year after year and yet they continue to murder without consequences. Reform is evidently not the answer. Defunding is.

I demand that you also support Councilmember Wesson's motion 20-0769 to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams. The LAPD is not trained, nor equipped to deal with people in mental distress, domestic disputes, or other crises along these lines. Cops who show up with pointed guns and lack of effective de-escalation techniques have nothing to offer in these events and cause unnecessary fear and chaos. 1 in 3 people killed by the police have a severe mental illness, so when will we do something about this disturbing statistic.

The People's Budget was created from the input from thousands of Angelenos. It will speak volumes about your individual character and priorities as a council member if you choose to ignore the requests of more than 25,000 constituents in order to please the cops who contributed to your campaign. Your stance will tell us who you truly belong to: the people of the city or the police union.

Thank you for your time,

Haley Chun ;)

Subject: Care, Not Cops

Dear Councilmember Koretz,

I'm fed up and I am writing to demand you support the People's Budget LA for the 2020-2021 fiscal year and revise the current budget accordingly. 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I demand that you also support Councilmember Wesson's motion 20-0769 to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

The People's Budget LA gives only 5.7% to the police, because the city should prioritize universal needs (such as housing, childcare, healthy food, clean air and water), pandemic recovery, built environment, and reimagined public safety over the police department. You need to engage directly with communities, especially Black and Indigenous communities — the most at risk of police brutality and murder — to create a budget that serves ALL Angelenos. By voting against cuts to LAPD's budget, you are failing constituents like me.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions— that LA must not use its money to fund the murderous LAPD.

Throughout this time of mass protest, the police have reacted with extreme violence and unwarranted escalation towards peaceful protestors and our unhoused neighbors. LAPD Commander Cory Palka flashed a White Power signal on television. Chief Moore blamed the police murder of George Floyd on LA protestors. Many police officers have hurt, abused and maimed your constituents.

The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos.

Thank you for your time,
Joey Greenstein

Subject: Re: The People's Budget and My disappointment in Paul Koretz

normally i'd say that I should but since he specifically emailed you and not the rest of us (as far as I can tell), and he calls you out specifically as the school liaison, if you want to that is fine with me. whatever you prefer. here is what Ali told me to send, if you need it:

Hello Ms. XXX,

Thank you for your email and for taking the time to send your important thoughts to our office. I will be sure to share this with Councilmember Koretz who will take your thoughts into consideration as he goes through this budget process.

At this time, he has asked me to share the following message about his current point of view: "If we separate the term "defund" from the underlying effort to redefine and re-envision policing in the 21st century and look at how best to actually do that, I have to wonder whether making arbitrary cuts to LAPD's budget is the right place to begin that process. I think we can all agree that reform is necessary, it's just determining the best way to achieve it. I support police reform. That's why I am authoring several motions for reform. Police reform doesn't mean you need to defund the police. I believe the City still needs law enforcement."

Also, [here is a link to his latest newsletter](#) which may help to further explain his point of view.

Subject: The People's Budget and My disappointment in Paul Koretz
To: <monica.molina@lacity.org>

Hi Monica,

My name is Michael Rianda, I am a constituent of District 5, I live in Palms, and I work in the entertainment industry at Sony. I've been disappointed in Councilmember Koretz's dismissiveness of the [People's Budget](#). I don't know how you can not even listen or pay lip service to what the community is so desperately crying out for. If Councilmember Koretz is purporting to represent his community- he's not doing a traditionally great job. In fact I would argue, he's doing terribly.

I watched their presentation Monday to City Council and couldn't believe they haven't heard back from him.

I COULDN'T believe that he voted AGAINST cutting even \$150 million from the LAPD's \$3 billion budget. 3 Billion dollars could do SO MUCH for people who don't have access to cartoonishly over-the-top military style gear. Help the homeless, help the mentally ill, help the schools. This is a slam dunk for the public good.

The community is losing faith in the police's ability to solve the problems they are meant to solve. To protect the people it purports to serve. Why not be bold and re-think what public safety looks like. The purpose of legislatures is to CREATE SOLUTIONS that HELP PEOPLE. Not hold up structures that hurt people. Cops have agreed that they are being asked to do too much. Take the burden off them and let mental health professionals help. Be creative and bold in your solutions. Don't just pour more money into a broken system. The \$3 billion in LAPD's budget would be better served going towards affordable housing, education, health services, and economic help for those affected by the shutdown and pandemic. It's time to reimagine public safety so that *everyone* feels safe and valued. This requires the kind of big-thinking, structural change the People's Budget proposes. I urge you to watch and consider their presentation if you have not already.

As a Communications and Deputy School Liason, I would imagine you also think it would be great for schools to get a big chunk of that money, so please challenge Mr. Koretz on his views and push him to back the community. Please watch the video yourself, if you agree with these points and see the logic in these ideas, please fight for it from the inside! The only thing necessary for the triumph of evil is for good people to do nothing. You have some power- fight for this if you believe in it please!

Tell Paul Koretz his constituents are watching- we're disappointed, and if he doesn't act fast to remedy this he will lose any shred of support from the community.

Thank you,
Michael Rianda

Subject: Please support the People's Budget Proposal

Dear Council Member KorteZ,

I recently returned to LA and am trying to be more attuned with my city's governance and policies. In recent months, I've become even more aware of how much of my work is deeply reliant on the support of city and statewide funding due to COVID-19. I work with health departments, coalitions, and hospitals to gain an understanding of the needs of communities and implement strategic plans. Our latest findings indicate community outreach and preventative measures lead to a healthier community.

As a young person looking back at my education and having grown up thanks to LAUSD, one of my greatest wishes was to have learned how to be a whole person. I've had to do a lot of research and personal experience outside of LA to gain perspective of my community. Finding support to learn what's right from wrong, how the world works, and figure out who I am, was a long process and I'm still learning. I don't want others to feel that they have to leave LA in order to learn this. There must be a better way.

I've returned to the place that I call home. I want to take everything that I've learned and give back to my community. However, I know the world doesn't operate off of passion and goodwill. It needs funding. Funding to keep programs alive.

Yes, police need funding too. I empathize with them because my great-grandfather was a police officer for LAPD. However, there must be a way to support both the police force and city programs equally.

Please say yes to the People's Budget LA for the 2020-2021 fiscal year and revise the current budget. Please support Council Member Wesson's motion 20-0769 to divert emergency calls away from police and towards an unarmed, trained crisis response.

Thank you for your time.
Sincerely,
Alison

Subject: [ATTENTION] CARE NOT COPS

Dear Councilmember Koretz,

I am an Angeleno living in District 5 and I am a UCLA student. My zip code is 90024.

I am writing to demand that you support the [People's Budget LA](#) for the 2020-2021 fiscal year and revise the current budget accordingly. 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I demand that you also support [Councilmember Wesson's motion 20-0769](#) to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

As a UCLA student, safety was not high on my list of concerns when moving to Westwood, but when I realised the high homeless population in the city, I could not help but feel nervous when grocery shopping at night. The City is responsible for ensuring that the homeless people are receiving the care they need, and the resources to escape their predicament. Residents should not have to wait to involve the police, who have proven that they are incapable of handling sensitive community issues.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions — that LA must not use its money to fund the fearsome LAPD.

The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos.

Thank you for your time,

Help the homeless, help the mentally ill, help the schools. This is a slam dunk for the public good.

The community is losing faith in the police's ability to solve the problems they are meant to solve. To protect the people it purports to serve. Why not be bold and re-think what public safety looks like. The purpose of legislatures is to CREATE SOLUTIONS that HELP PEOPLE. Not hold up structures that hurt people. Cops have agreed that they are being asked to do too much. Take the burden off them and let mental health professionals help. Be creative and bold in your solutions. Don't just pour more money into a broken system. The \$3 billion in LAPD's budget would be better served going towards affordable housing, education, health services, and economic help for those affected by the shutdown and pandemic. It's time to reimagine public safety so that *everyone* feels safe and valued. This requires the kind of big-thinking, structural change the People's Budget proposes. I urge you to watch and consider their presentation if you have not already.

As a Communications and Deputy School Liason, I would imagine you also think it would be great for schools to get a big chunk of that money, so please challenge Mr. Koretz on his views and push him to back the community. Please watch the video yourself, if you agree with these points and see the logic in these ideas, please fight for it from the inside! The only thing necessary for the triumph of evil is for good people to do nothing. You have some power- fight for this if you believe in it please!

Tell Paul Koretz his constituents are watching- we're disappointed, and if he doesn't act fast to remedy this he will lose any shred of support from the community.

Thank you,
Michael Rianda

Subject: Re: The People's Budget and My disappointment in Paul Koretz

Hi Michael,

Thank you for your email and for taking the time to send me your thoughts. Please know that all the emails we are receiving as a collective whole in our office are being shared with Councilmember Koretz. I also want to share with you that I too have watched the People's Budget presentation from last week and am absolutely sharing my thoughts and experiences with the Councilmember.

At this time, he has asked me to share the following message about his current point of view: "If we separate the term "defund" from the underlying effort to redefine and re-envision policing in the 21st century and look at how best to actually do that, I have to wonder whether making arbitrary cuts to LAPD's budget is the right place to begin that process. I think we can all agree that reform is necessary, it's just determining the best way to achieve it. I support police reform. That's why I am authoring several motions for reform. Police reform doesn't mean you need to defund the police. I believe the City still needs law enforcement."

Also, [here is a link to his latest newsletter](#) which may help to further explain his point of view.

My best,
Monica

Hi Monica,

My name is Michael Rianda, I am a constituent of District 5, I live in Palms, and I work in the entertainment industry at Sony. I've been disappointed in Councilmember Koretz's dismissiveness of the [People's Budget](#). I don't know how you can not even listen or pay lip service to what the community is so desperately crying out for. If Councilmember Koretz is purporting to represent his community- he's not doing a traditionally great job. In fact I would argue, he's doing terribly.

I watched their presentation Monday to City Council and couldn't believe they haven't heard back from him.

I COULDN'T believe that he voted AGAINST cutting even \$150 million from the LAPD's \$3 billion budget. 3 Billion dollars could do SO MUCH for people who don't have access to cartoonishly over-the-top military style gear. Help the homeless, help the mentally ill, help the schools. This is a slam dunk for the public good.

The community is losing faith in the police's ability to solve the problems they are meant to solve. To protect the people it purports to serve. Subject: Hello!

Dear Councilmember Koretz and other,

I am an Angeleno and I live in District 5. My name is Theri Aronson, and me and family are homeowners in Westwood- My zip code is 90024. Landline: 310-470-0115. I am recent graduate of Scripps College in Claremont & full time resident of LA.

I am writing to ask you to you support the [People's Budget LA](#) for the 2020-2021 fiscal year and revise the current budget accordingly. 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I am asking that you also support [Councilmember Wesson's motion 20-0769](#) to divert certain emergency calls away from the police... read more on their website.

The People's Budget LA gives [only 5.7%](#) to the police, because the city should prioritize universal needs (such as housing, childcare, healthy food, clean air and water), pandemic recovery, built environment, and reimagined public safety over the police department. You need to engage directly with communities, especially Black and Indigenous communities — the most at risk of police brutality and murder — to create a budget that serves ALL Angelenos. By voting against cuts to LAPD's budget, you are failing constituents like me.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions— that LA must not use its money to fund the murderous LAPD.

- Throughout this time of mass protest, the police have reacted with extreme violence and unwarranted escalation towards peaceful protestors and our unhoused neighbors. LAPD Commander Cory Palka flashed a White Power signal on television. Chief Moore blamed the police murder of George Floyd on LA protestors. Many police officers have hurt, abused and maimed your constituents.*

The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos.

Thank you for your time,
Theri

Subject: Support the People's Budget LA Now

Dear Councilmember Koretz,

I am an Angeleno and I live in District 5. I am a student at UCLA and a member of the Los Angeles Tenants Union. My zip code is 90024.

I am emailing to demand you support the People's Budget LA for the 2020-2021 fiscal year and revise the current budget accordingly. 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I demand that you also support Councilmember Wesson's motion 20-0769 to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

What we need is to more funding for things that actually make our communities safe—housing, healthcare, pandemic recovery, and food. LAPD has proven time and time again to only protect the interests of white, wealthy individuals and corporations. Money should be redirected to support Black, Brown, and Indigenous communities specifically, who have been systematically disenfranchised and terrorized by the state and its enforcers for far too long. How can you, in good conscience, spend 50% of the budget on policing when large numbers of Angelenos don't have homes? Or access to clean air, water, and food? What does this say about your commitment to the lives and livelihoods of Angelenos, particularly those most marginalized?

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions— that LA must not use its money to fund the murderous LAPD.

The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA, and take this urgent step towards reimagining public safety for Angelenos. The people will not forget if you fail to act now.

Thank you for your time,

Kourtney Nham

Subject: Budget demands

Hi Councilmember Koretz, My name is Mia Levy and I am a member of Los Angeles District 5. I am a UCLA alum and my zip code is 90094. I am writing today to demand that you support the People's Budget LA for the 2020-2021 year and revise the current budget accordingly. I demand that you also support Councilmember Wesson's motion 20-0769 to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams. The current budget is not a good representation of what the people of your district need. The budget needs to prioritize universal needs that serve all Angelenos, such as housing, childcare, and healthy food. We also need pandemic recovery sources in this unprecedented time. Additionally, LAPD has historically been violent towards the Black and Indigenous communities. The presence of police does not help make these communities feel safe, and we desperately need an alternative. I urge you to support the People's Budget LA, and help create a safer and healthier community for all Angelenos. Thank you for reading, Mia Levy

Subject: LAPD budget vote

Hello, I live in council district 5 and I'm writing to you just to say that I'm very disturbed by the fact that councilman Koretz has voted against the LAPD budget cut. I think this is irresponsible and ignores what much of the city is now demanding. I encourage him to reconsider this decision and think about taking away resources from police and putting them into something far more productive for our budget.

Subject: SUPPORT A PEOPLE'S BUDGET [VIA WESTWOOD RESIDENT]

Dear Councilmember Koretz,

I am an Angeleno and I live in District 5 and I am also grew up in District 8. My zip code is 90024.

I am writing to demand you support the People's Budget LA for the 2020-2021 fiscal year and revise the current budget accordingly. 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I demand that you also support Councilmember Wesson's motion 20-0769 to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

*Growing up in South Central LA, I saw how over policed my community was with no real change in our living conditions or access to resources. Moving to Westwood as I pursue a B.S. and medical career, I have seen exactly how resourceful your district is. There are groceries almost on every block. There are clinics and there are centers for youth and recreational activities. South Central does not have the same amount and has stark disparities compared to those in your district. People who live in District 8 have a statistical lower age of death. **A zip code should not determine how long you live.** Please stand in solidarity with offering the same type of resources your district has to other districts.*

The People's Budget LA gives only 5.7% to the police, because the city should prioritize universal needs (such as housing, childcare, healthy food, clean air and water), pandemic recovery, built environment, and reimagined public safety over the police department. You need to engage directly with communities, especially Black and Indigenous communities — the most at risk of police brutality and murder — to create a budget that serves ALL Angelenos. By voting against cuts to LAPD's budget, you are failing constituents like me.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions— that LA must not use its money to fund the murderous LAPD.

The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos.

Thank you for your time,

Evelyn Hinojosa

Subject: People's Budget LA

Dear Councilmember Koretz,

My name is Kristida Chhour, and I am an Angeleno and I live in District 5. I am a UCLA student and I live in Westwood. My zip code is 90024.

I am writing to demand you support the [People's Budget LA](#) for the 2020-2021 fiscal year and revise the current budget accordingly. 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I demand that you also support [Councilmember Wesson's motion 20-0769](#) to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

Policing is not the answer to keeping our communities safe. We must defund the police and invest in our communities. This money going toward policing goes toward criminalizing mental health, poverty, and homelessness. The answers to these issues is NOT the police. The answer is investing in the people of the community to aid the people dealing with these issues. LAPD has been incredibly harmful to the community, and it is very clear that they do not serve us. The LAPD does not serve its people. It harms them and this is proven time and time again. No amount of reform can fix this system that has created cops who will mercilessly beat the people they are meant to serve. The LAPD is FAILING US.

The People's Budget LA gives [only 5.7%](#) to the police, because the city should prioritize universal needs (such as housing, childcare, healthy food, clean air and water), pandemic recovery, built environment, and reimagined public safety over the police department. You need to engage directly with communities, especially Black and Indigenous communities — the most at risk of police brutality and murder — to create a budget that serves ALL Angelenos. By voting against cuts to LAPD's budget, you are failing constituents like me.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions — that LA must not use its money to fund the murderous LAPD.

Throughout this time of mass protest, the police have reacted with extreme violence and unwarranted escalation towards peaceful protestors and our unhoused neighbors. LAPD Commander Cory Palka flashed a White Power signal on television. Chief Moore blamed the police murder of George Floyd on LA protestors. Many police officers have hurt, abused and maimed your constituents. We can not stand for this. We can not tolerate it a second longer.

The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA,

and take this courageous step towards reimagining public safety for Angelenos.

Thank you for your time,
Kristida Chhour

Subject: SUPPORT THE PEOPLES BUDGET LOS ANGELES

Councilmember Koretz,

I am an Angeleno and I live in District 5. **My name is Adam Green, I am a UCLA student, LAUSD educator, and Los Angeles Tenants Union Member.** My zip code is 91436, making me one of your constituents.

I am writing you to echo the demands of BLM and thousands of Angelenos to support the People's Budget LA for the 2020-2021 fiscal year and revise the current budget accordingly. It has been made clear to many of your constituents that you do NOT support the Defunding of LAPD. This is shameful, considering the resounding approval of said BLM demands from people within your district. 0% of LA's unrestricted revenues should be going to LAPD, not 50%. We MUST completely divest all funds LAPD's bloated budget into the community - specifically the Black & Brown communities of Los Angeles. I also demand that you support Councilmember Wesson's motion 20-0769 to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

We are literally living on food stamps and EDD; it is unfounded that during a national pandemic, while people cannot pay their rent or work, that you are in favor of allocating a mass amount of money towards more policing. Your failure to address the needs of Angelenos, and more so, to actively ignore the demands set out in the Peoples Budget is embarrassing and violent. We are the people who voted you in, and we will sure as hell vote you out if you do not take action.

The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. The entire white supremacist history of LAPD is unacceptable; the continued murder of Black folks by LAPD is unacceptable. We say no more. Time to make a difference and put an end to this State Sanctioned violence. I seriously urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos.

Thank you for your time,

Adam Green

Subject: The importance of the People's Budget of LA

Dear Councilmember Koretz,

I am an Angeleno and I live in District 5. I am a UCLA student and I have seen how social determinants of health have been affecting the community in Westwood and throughout West LA through volunteering programs at UCLA. I have seen the mass amount of homeless populations that reside in LA county whenever I leave my dorm and am deeply saddened by the lack of support these communities are given. My zip code is 90024.

I am writing to demand you support the People's Budget LA for the 2020-2021 fiscal year and revise the current budget accordingly. 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I demand that you also support Councilmember Wesson's motion 20-0769 to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

The People's Budget LA gives only 5.7% to the police, because the city should prioritize universal needs (such as housing, childcare, healthy food, clean air and water), pandemic recovery, built environment, and reimagined public safety over the police department. You need to engage directly with communities, especially Black and Indigenous communities — the most at risk of police brutality and murder — to create a budget that serves ALL Angelenos. By voting against cuts to LAPD's budget, you are failing constituents like me.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions— that LA must not use its money to fund the murderous LAPD.

*Throughout this time of mass protest, the police have reacted with extreme violence and unwarranted escalation towards peaceful protestors and our unhoused neighbors. LAPD Commander Cory Palka flashed a White Power signal on television. Chief Moore **blamed** the police murder of George Floyd on LA protestors. Many police officers have **hurt, abused** and **maimed YOUR** constituents.*

The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. I strongly urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos.

Thank you for your time,

Lizzet Lopez

Subject: People's Budget LA

Dear Councilmember Paul Koretz,

My name is Yvonne Ly and I have lived in District 5 in the Pico-Robertson area for the past 9 years (my zip code: 90035).

I am emailing to urge you to support the [People's Budget LA](#) for the 2020-2021 fiscal year and revise the current budget accordingly. 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I hope that you also support [Councilmember Wesson's motion 20-0769](#) to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams. San Francisco is pioneering a new system that we hope Los Angeles can join in.

In order to be more fiscally and morally responsible, we have to treat the source of our city's problems, not the symptoms. We should be more forward-thinking and invest in resources for our fellow and future Angelenos. I believe that focus on access to education and mental health for all will lessen crime and unrest, which will reduce the need for such a large police force. Every bit of our city's budget matters -- be it a penny, a dollar, or \$150 million.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions— that LA must not use its money to fund the militant LAPD. Throughout this time of mass protest, the police have reacted with extreme violence and unwarranted escalation towards peaceful protestors. LAPD Commander Cory Palka flashed a White Power signal on television. Chief Moore blamed the police murder of George Floyd on LA protestors. Many police officers have hurt, abused and maimed your constituents. The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now.

As a representative of me and many other Angelenos that are unhappy with the state of affairs, I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos. I know you have been supportive of the LAPD, but please take this next step to prove that you can be a proper representative to your citizens.

Thank you,

Yvonne Ly

Subject: Peoples Budge LA

Dear City Council Men and Women,

I'm emailing to express my support for the people's budget LA. We need to decrease the LAPD budget, and increase the budget for our public school education systems and trained, UNARMED, response units to handle most situations. Please listen to your people, they're hurting and the well-being of the LAPD does not take precedence over the people the LAPD are meant to protect.

Best,

Julian Tayarah

Subject: SUPPORT PEOPLES BUDGET LA PROTECT ANGELENOS

Dear Councilmember Koretz and staffers,

I am an Angeleno and I live in District 5. I am a third year student of UCLA living in Westwood. My zip code is 90024.

I am writing to demand you support the [People's Budget LA](#) for the 2020-2021 fiscal year and revise the current budget accordingly. 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. As representatives and leaders your responsibility lies in protecting and prioritizing universal needs such as housing, healthcare, healthy food, enforcing rights to free speech, clean air and water, and pandemic recovery (which not only includes testing sites and sanitary supplies but also emphasis on distribution of aid to marginalized communities like homeless individuals. They need your help by providing them with areas of sanitization and shelter and food, not sweeping them aside). Your efforts to fight COVID-19 is futile and irresponsible and honestly half-assed if you don't think you need to help or pay attention to these communities. You have the responsibility to engage with the people you are meant to represent which means engaging DIRECTLY with Black and Indigenous communities, speaking to them, actively listening to them, heeding their concerns and demands. And not for an act or facade of heroism but out of genuine care and respect. If the idea of engaging with these communities and peoples make you uncomfortable or that your job ends after the conversation then I suggest that you reevaluate yourself as not only a councilmember but an individual.

I demand that you also support [Councilmember Wesson's motion 20-0769](#) to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams. This is crucial. The LAPD are not trained in the very least for deescalation of any kind they only exacerbate the violence if not instigate it. The LA community has suffered greatly in recent times with deadly violence exerted on them by the LAPD for exercising their First Amendment rights and advocating for those suffering. This aggressive and abusive behavior and mindset doesn't stem from the negligence in the police department. The negligence in the system allows for this toxicity and disregard for morality fester in its officers but it stems from a place far deeper, the individuals themselves. Reform cannot change fixed behavior or one's moral code. Defund the police. Redirect resources to those who prioritize help over enforcing "order". Reimagine public safety.

Thank you for your time,
Kat Sung

Subject: ADOPT PEOPLE'S BUDGET LA

Dear Councilmember Koretz,

I am an Angeleno.

I am writing to demand you support the [People's Budget LA](#) for the 2020-2021 fiscal year and revise the current budget accordingly.

5% of LA's unrestricted revenues should be going to LAPD, not 50%. This will only support the injustices that occur to Black and Brown communities. We need to reinvest LAPD's bloated budget into the community.

The police should not be the first, second or third solutions to our problems.

I demand that you also support [Councilmember Wesson's motion 20-0769](#) to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams. Police are not adequately trained to assist in mental crises and interact with the homeless.

Your constituents have been voicing their opposition to excessive funding of LAPD for weeks now both physically and digitally.

The protests have been met with unnecessary violence from the police. Who have escalated peaceful protests. We have the constitutional right to peacefully gather. Many police officers have hurt, maimed and abused your constituents.

The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. We are asking you to reimagine a future where we keep our city healthy and support their growth. I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos. If you do we will support you.

Thank you for your time,
Elizabeth

Subject: Support Peoples Budget

Hi Councilmember Koretz,

I live in Encino, which you represent. I'm writing to tell you I am disgusted by your lack of support for the People's Budget for LA and also your vote against budget cuts to the police. These types of votes uphold a system that disenfranchises minorities like myself. I suggest you read some literature on the subject to challenge your beliefs. The beautiful LAPL has a great selection of ebooks and audiobooks. You do not have my vote councilmember, and I will rally those around me to do the same unless you support the People's Budget and budget cuts to LAPD.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions— that LA must not use its money to fund the murderous LAPD.

Sincerely,
-Dietrich A.

Subject: Support the People's Budget

Please see below the email that I sent to Mayor Garcetti on June 5, 2020. I am Angeleno who lives in District 5, my zip code is 90064. I am very disappointed that Councilman Koretz has not supported the \$150 million diversion from the LAPD budget. This city is sorely in need of reformation, among other things, as regards the duties that LAPD officers are expected to carry out for which they are ill-trained. I strongly urge Mr. Koretz to support whatever measures are necessary to bring peace and equity to all Angelenos, including the People's Budget LA for 20-21 and Councilmember Wesson's Motion 20-0769. We cannot continue turning a blind eye to the inequities that exist in the management of Los Angeles. This can be an amazing city, but only if we lift up the least among us.

Dear Mayor Garcetti,

I am a 67-year old American woman of Mexican ancestry living in Rancho Park. I have lived in Southern California for 60 years and have had a privileged life. My husband and I have raised two caring, productive sons who are products of the LAUSD school system and graduated from good colleges. I am writing to you today to express my deep concern for the inequities that exist in our city. I applaud your proposed diversion of \$150 million from the LAPD budget to community assistance. This is a good beginning, but it is not enough. I urge you and the City Council to meet with the leaders of Black Lives Matter and those minority communities that are suffering from lack of opportunity, healthcare, education and the many other basic human needs that have been denied them for so long. Listen to their needs and start putting more money and programs into those communities. I also urge you to take a hard look at how the LAPD can be seriously remade into a group that engages fully with the community and truly protects and serves. This past week of demonstrations has laid bare the fact that Los Angeles can no longer ignore the need for all of our citizens to feel safe, heard and defended. Los Angeles is home to many beautiful concert halls, museums and theaters, but until the LAPD ceases to be perceived as adversarial by minorities, we cannot call ourselves a cultured city. We need the current leaders of our city to invest equally in all of its citizens to provide opportunities for its future leaders. Los Angeles is a city of innovators, so please put those minds to work to improve the lives of the neediest among us. I stand in support of those brave demonstrators who march to make our city better for those who must no longer be left behind.

Sincerely,
Linda M. Darling

Subject: Do your job

Dear Councilmember Koretz,

I am an Angeleno and I live in District 5. I am a student at UCLA, a renter, and an employee at a mid-scale consulting firm. My zip code is 90024.

I am writing to demand you support the People's Budget LA for the 2020-2021 fiscal year and revise the current budget accordingly. 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I demand that you also support Councilmember Wesson's motion 20-0769 to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions— that LA must not use its money to fund the murderous LAPD.

The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos.

Thank you for your time,

Adriel Friedlender

Subject: Defund The Police, Support the PBLA and Wesson's Motion OR Resign

Dear Councilmember Koretz and staff,

I am an Angeleno and I live in District 5. I am a 2nd generation Angelino, my mom was born in this city in a neighborhood that is currently a part of this district and we reside now in the Westwood neighborhood (zip code is 90025). I am a Jeremiah Fellow with and member of **Bend The Arc** here in LA and I am writing in support of the demands of **Black Lives Matter LA**.

I am emailing to demand you **support the People's Budget LA for the 2020-2021 fiscal year and revise the current budget accordingly**. 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I demand that you also **support Councilmember Wesson's motion 20-0769** to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions — that LA must not use its money to fund the murderous LAPD. But I am ashamed to be represented by the councilperson with his recent votes and statements. The audacity to claim victimhood and injury at today's budget meeting is laughable (to object to being aligned with white supremacy) as if scrutiny is unwarranted. But your recent decisions to vote against the will of the people expressed in the Peoples Budget priorities demonstrates whose interests you support. But if you denounce white supremacy, white complicity and systemic violence towards BIPOC Americans then you have the power to answer the powerful question posed by BLM organizer Dr. Melina Abdula; **"Whose Are You?"** The peoples? Or the Police?

Throughout this time of mass protest, the police have reacted with extreme violence and unwarranted escalation towards peaceful protestors and our unhoused neighbors. I was standing at the line on 3rd street where peaceful protestors stood in defiance of a heavily armed and militarized wall of police when they started swinging batons at us, creating chaos and at one point I was almost trampled as people fled from attack. Many police officers have hurt, abused and maimed your constituents. The chief with his deplorable comments has tipped his hand and shown that he does not interact with the public as citizens exercising their rights, but as enemies and equates them with murderers. How can he be trusted to lead a force when he expresses this animus? But beyond the question of whether or not he is fit to lead (he is NOT and should be terminated) is what is

*the councilmember **GOING TO DO ABOUT IT?** This was the primary question BLM organizer Baba Akili posed the council and Mr. Koretz has demonstrated with his vote on 06.16 that he aligns with the police and **refuses to recognize the voice of the people who are in the streets and calling and writing and emailing your office to demand we Defund The Police.***

The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos.

Thank you for your time,

Subject: The People's Budget

Dear Council Members, I am a constituent of district 14, Mitch O'Farrell, in Atwater Village. It is imperative that we adopt the people's budget for LA. Folks are literally dying at the hands of LAPD - folks that are non violent, mentally ill, unhoused, Black, or all of the above. The LAPD has too much money, too many weapons, too much gear, and way too much aggression. By redistributing funds to organizations that can help our citizens in need, we can relieve the police force from wearing too many hats. We'll have trained health professionals as first responders of non violent and non criminal incidents. First responders that can deescalate conflict, identify folks with disabilities, and address correctly the needs of people suffering from mental illness. We can invest in programs that will solve problems at the root, rather than pour money into temporary solutions such as arrests and jail time. Please invest in people's healing instead of continuing their pain. -Arlene Deradoorian ~

Subject: Defund LASPD

Koretz,

I am an Angeleno and I live in District 5. My zip code is 90094.

I am writing to demand you support the People's Budget LA for the 2020-2021 fiscal year and revise the current budget accordingly. 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I demand that you also support Councilmember Wesson's motion 20-0769 to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

The mentally ill people that get called on by the police don't do anything but just put them back on the streets. I don't see what they do as being effective or helpful. I trained to be a Hairstylist for 1600 hours while cops only do 880 hours so CLEARLY they have not been trained to deal with people who have mental health or drug issues. They escalate!

The People's Budget LA gives only 5.7% to the police, because the city should prioritize universal needs (such as housing, childcare, healthy food, clean air and water), pandemic recovery, built environment, and reimagined public safety over the police department. You need to engage directly with communities, especially Black and Indigenous communities — the most at risk of police brutality and murder — to create a budget that serves ALL Angelenos. By voting against cuts to LAPD's budget, you are failing constituents like me.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions— that LA must not use its money to fund the murderous LAPD.

The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos.

Thank you for your time,

Gabriella Almanza

Subject: Defund LAPD

Dear Councilmember Koretz,

My name is Elizabeth Endo, and I am an Angeleno and one of your constituents living in District 5. My zip code is 90064.

I am writing to demand that you support the **People's Budget LA** for the 2020-2021 fiscal year and revise the current budget accordingly. 50% is way too much of our budget going to LAPD—we need to reinvest these funds into the community. I demand that you also support **Councilmember Wesson's motion 20-0769** to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams—this is what real care for our city looks like!

Throughout the recent protests, our city has shown up in great numbers, showing its overwhelming support for defunding LAPD. We have made it clear, both physically and digitally, that Los Angeles must not use its money to fund the corrupt, murderous LAPD. The LAPD's violence against Angelenos exercising their First Amendment rights is completely unacceptable. This is not what protecting your people looks like. This is why I must urge you to support the People's Budget LA. Please care for your people and help us reimagine what public safety can and should be.

Subject: Defund LAPD

Dear Councilmember Koretz and staff, I am a proud citizen of Los Angeles who currently resides in your district. I live and love living in the Palms district at 3685 Watseka Ave, 90034. I work as a research engineer at a cutting edge neuroscience startup company in Culver City. I'm writing today to demand you support the People's Budget LA. Your vote against the meager reallocation of \$150 million from LAPD was extremely disheartening and made me lose faith in you as my council member. I firmly believe that we need to divest all of LAPD's funding into community services, such as support for our frontline healthcare heroes, our ever-growing unhoused population and our schools. You need to support the People's Budget LA for the 2020-2021. \$150 million was already too little, voting even against that goes beyond mine and your district members' needs. The People's Budget comprises of over 10,000 Angeleno's voices — voices that you are choosing to ignore. It has been made clear through protests and digital petitions and communication over the past two weeks that our city supports defunding LAPD. The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. I demand you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos. Sincerely, Mary Zhang

Subject: Do your job as the voice of Angelenos and support the People's Budget LA NOW

Hi Councilmember Koretz,

I am an Angeleno and I live in District 5. To be more specific, I am a fourth year UCLA student and a part of Samahang Pilipino, a Filipino organization on campus. My zip code is 90024.

I'm demanding you to support the People's Budget LA for the 2020-2021 fiscal year and revise the current budget accordingly. The LAPD doesn't NEED 50% of LA's unrestricted revenues. Only 5% maximum of LA's unrestricted revenues should be going to LAPD. We need to redirect and reinvest LAPD's bloated budget into other aspects of the community; such as, and not limited to, social work, affordable housing, accessible healthcare, etc. These are areas that, when funded adequately, can and WILL improve the community. I demand that you also support Councilmember Wesson's motion 20-0769 to divert specific emergency calls away from the police and towards unarmed, trained crisis response teams.

Over the past two weeks, L.A. has shown its overwhelming support for defunding the LAPD. It has been made clear (through both physical and digital actions) that LA must NOT use its money to fund the murderous LAPD.

For reference, here is a Twitter thread of police officers inciting violence at peaceful protests all over the country: <https://twitter.com/ghsttwn/status/1266869210539589634>

LAPD isn't exempt from this violence either. Just this last week, LAPD shot and killed 18-year-old Andres Guardado. LAPD has shown their abusive nature and lack of control time and time again. Killing Andres Guardado didn't make this community "safer".

The violence against Angelenos practicing their First Amendment right by the LAPD is unacceptable and LAPD must be defunded...NOW. I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos.

Best,
Frances Vano

Subject: Budgetary Concerns

Dear members and staff, I am highly concerned with Paul Koretz's vote today against the budget decrease for the police. As a constituent and voter in your district, I demand that my representative Paul Koretz reverse his vote and move to further defund the police in all future budgets. The police serve an outdated and outsized role in our community. They are tasked with being law enforcement, traffic cops, Social workers, wellness providers, drug officers, and far too often, police serve as judge, jury, and executioner in a single encounter. Our reliance on police instead of community services puts our communities at disadvantage. We need better schools, child care, health services, social services, wellness checks by trained professors, alcohol and addiction counselors, etc. We have been defunding schools, social services, and healthcare for FAR too long. And now we can't take a paltry percentage of the budget away from our over militarized police? Paul Koretz needs to answer to his constituents and reverse his vote. He needs to vote funding towards non-police related funding and recognize that his community deserves better. Best, Jennie Seidewand Mid City West Fairfax District

Subject: The vote on June 22/People's Budget

Councilman Koretz (and team): I'm writing as citizen of District 5, and a neighbor to the many unhoused citizens of the Fairfax area. I'm asking you to please reconsider your refusal to consider significant defunding of the LAPD. While people like myself, who—due to the color of my skin—have had almost no interaction with the police prior to the protests and marches of June 2020, have had an awakening to the toxicity of the department, many of my neighbors have lived this reality for years. While the department spends hundreds of millions of dollars on helicopters, military grade equipment, and constant over policing of black and brown neighborhoods, my neighbors go without basic resources like food, clothing, and shelter. While the riot responders drove SWAT vehicles down my block and shot tear gas over our roof, citizens on the same block don't know how they'll get vital medications or mental health attention. I'm tired of seeing these discrepancies go ignored while we continue to fund the nation's most murderous police force, and even more tired of my elected officials acting out of self-interest only. This is supposed to be a progressive, forward-thinking city. We could help to lead the charge on a new budget and, subsequently, an opportunity for our neighbors of color to go un-terrorized on their own streets. Please reconsider your stance on this matter. Please treat the lives of your constituents like they're as valuable to you as the celebrities you court. Best, Seija Rankin 125 1/2 North Harper Avenue

Subject: Support the People's Budget LA!

Dear Councilmember Koretz and staff,

I am an Angeleno and I live in District 5. I am a Political Science student at UCLA who cares deeply about the safety and equity provided to all members of my community. My zip code is 90024.

I am writing to demand you support the People's Budget LA for the 2020-2021 fiscal year and revise the current budget accordingly. 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I demand that you also support Councilmember Wesson's motion 20-0769 to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams. The People's Budget LA gives only 5.7% to the police, because the city should prioritize universal needs (such as housing, childcare, healthy food, clean air and water), pandemic recovery, built environment, and reimagined public safety over the police department. You need to engage directly with communities, especially Black and Indigenous communities — the most at risk of police brutality and murder — to create a budget that serves ALL Angelenos. By voting against cuts to LAPD's budget, you are failing constituents like me.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions — that LA must not use its money to fund the murderous LAPD. Throughout this time of mass protest, the police have reacted with extreme violence and unwarranted escalation towards peaceful protestors and our unhoused neighbors. LAPD Commander Cory Palka flashed a White Power signal on television. Chief Moore blamed the police murder of George Floyd on LA protestors. Many police officers have hurt, abused and maimed your constituents.

The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos.

Thank you for your time,

Megan Tobias

Subject: CALL OUT KORETZ

Hello Representatives of LA,

My name is Guinevere mAlcaraz and I am from District 8. I am a junior at Renaissance Arts Academy.

I am writing to demand you support the People's Budget LA for the 2020-2021 fiscal year and revise the current budget accordingly. 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I demand that you also support Councilmember Wesson's motion 20-0769 to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

The People's Budget LA gives only 5.7% to the police, because the city should prioritize universal needs (such as housing, childcare, healthy food, clean air and water), pandemic recovery, built environment, and reimaged public safety over the police department. You need to engage directly with communities, especially Black and Indigenous communities — the most at risk of police brutality and murder — to create a budget that serves ALL Angelenos. By voting against cuts to LAPD's budget, you are failing constituents like me.

Not to mention that Council member Korewetz, vote against this bill is a vote against human rights and a vote for the continued economic chokehold that white supremacy has over our city.

Also throughout this time of mass protest, the police have reacted with extreme violence and unwarranted escalation towards peaceful protestors and our unhoused neighbors. LAPD Commander Cory Palka flashed a White Power signal on television. Chief Moore blamed the police murder of George Floyd on LA protestors. Many police officers have hurt, abused and maimed your constituents.

Remember that the people will hold you accountable and when you look back will you be proud of what you have done during this historical and long overdue moment.

Thank you for your time.

Guinevere Alcaraz

Subject: Defund the police

Hello, I am a native Angeleno, and I work on Skid Row providing legal services to the homeless population. I am writing to demand that you support the People's Budget in the face of mounting police brutality. The murder of Andres Guardado last weekend was devastating. Police need to not be the response to an 18 year old doing his job. Now is not the time for small change. You have opposed the meager \$150 million cut to the LAPD budget. You must support this small cut, and significantly more. The People's Budget reflects the values of Angelenos and how we want our public safety to be funded. Thank you

Subject: Demanding Support for the People's Budget LA

Dear Councilmember Koretz,

I am an Angeleno and I live in District 5. I am a recent graduate from UCLA. My zip code is 90024.

I am taking the time to write to you today to **DEMAND that you support the [People's Budget LA](#)** for the 2020-2021 fiscal year and revise the current budget accordingly. Only 5% of LA's unrestricted revenues should be allocated towards LAPD, not 50% which is egregiously excessive. I also demand that you **support [Councilmember Wesson's motion 20-0769](#)** to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams that would be more appropriate and effective.

The People's Budget LA gives only 5.7% to the police, because we should be prioritizing **universal needs (such as housing, childcare, healthy food, clean air and water), pandemic recovery, infrastructure/the built environment, and reimagined public safety** over the police department. You need to engage **directly** with communities, **especially Black and Indigenous communities—the most at risk of police brutality and murder**—to create a budget that serves **ALL** Angelenos. By voting against cuts to LAPD's budget, **you are FAILING constituents like myself.**

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. **It has made clear—through both physical and digital actions—that LA must not use its money to fund the murderous LAPD.** Throughout this time of mass protest, the **police have reacted with extreme violence and unwarranted escalation towards peaceful protestors and our unhoused neighbors.** LAPD Commander Cory Palka flashed a White Power signal on television, which is a horrific display of white supremacy and systemic racism ingrained in our institutions. Chief Moore blamed the police murder of George Floyd on LA protestors, which is ignorant unsubstantiated and propagates racial gaslighting. Many police officers have hurt, abused, and maimed your constituents.

The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded **NOW**. I urge you to **support the People's Budget LA**, and take this courageous step towards reimagining public safety for Angelenos.

Subject: Please Support People's Budget LA and Wesson's motion 20-0769

Dear Councilmember Koretz,

I live in Pico Robertson in your district, District 5. I am a new constituent and I moved to Pico Roberston at the end of last year to be part of a new neighborhood that would improve my quality of life. I have lived in Los Angeles for 5 years and I work at USC. My zip code is 90035.

I am sending you this email to demand you support the [People's Budget LA](#) for the 2020-2021 fiscal year and revise the current budget accordingly. Only 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I demand that you also support [Councilmember Wesson's motion 20-0769](#) to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

The reason why I support the People's Budget LA is that it gives [5.7%](#) to the police, because the city should prioritize universal needs (such as housing, childcare, healthy food, clean air and water), pandemic recovery, built environment, and reimagined public safety over the police department. You need to create a budget that serves ALL Angelenos. By voting against cuts to LAPD's budget, you are failing constituents like me.

Subject: Reinvest in Our communities - CarenotCops

Dear Councilmember Koretz,

I live in District 5. I am a UCLA student and resident in the apartments in the Westwood area. My zip code is 90024 in the district.

I am writing to ask you to support the [People's Budget LA](#) for the 2020-2021 fiscal year and revise the current budget accordingly. An insanely large amount of the budget is going to the LAPD, when our education services and health services are what our community benefits on and depends on. We need to reinvest LAPD's bloated budget into the community. I ask that you also support [Councilmember Wesson's motion 20-0769](#) to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

Police brutality and misconduct is evident within the community, as with the unlawful killing of Andres Guardado and the militarization of Westwood that threatened the safety of numbers of UCLA students and our LA community just weeks ago.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions— that LA must not use its money to fund the murderous LAPD.

Throughout this time of mass protest, the police have reacted with extreme violence and unwarranted escalation towards peaceful protestors and our unhoused neighbors. LAPD Commander Cory Palka flashed a White Power signal on television. Chief Moore blamed the police murder of George Floyd on LA protestors. Many police officers have hurt, abused and maimed your constituents.

The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos.

Thank you for your time,

Niousha Farhangi

Subject: Defund LAPD

Hi,

I am a resident of Westwood and a student at UCLA. LAPD is racist, violent, and disgusting. The fact that Koretz doesn't want to defund them is absolutely despicable and unacceptable and you should be ashamed to associate with him. DEFUND LAPD NOW!!! I want money going into our communities and being used to protect the vulnerable NOT to terrorize innocent people because trigger happy cops think it's fun or that their life is a video game. Every day LAPD and the councilmembers that allow LAPD to exist and KILL unarmed civilians disappoint me more. Defund LAPD now. Adopt a PEOPLE'S BUDGET instead. LA can continue to be racist, or you can seek justice, peace, and prosperity for the families of LA. It's up to you. Make the right decision.

BYE,
Zoe Hahn

Subject: Support The People's Budget and Cut LAPD's Funding

Dear Councilmember Koretz,

I am an Angeleno and I live in District 5. I live in the Pico-Robertson neighborhood and work with Ground Game LA/POWER LA. My zip code is 90035.

This last week was incredibly disappointing. Despite overwhelming public support for a more humane and balanced budget you are keeping your intransigent line against even exploring how we might rein in LAPD's \$3 billion annual budget.

In the past month I have seen LAPD officers attack Angelenos with batons, impact rounds, and chemical weapons just for exercising their 1st Amendment rights. I have treated teenagers and seniors for exposure to tear gas and pepper spray. I have seen LAPD beat a man walking with a cane because he couldn't comply with their orders fast enough.

In short: I have seen your decisions fund violence and cruelty on our streets. If you think being a step or two removed from these actions absolves you guilt you are sorely mistaken.

We know that LAPD officers draw outsized salaries and pensions while being the deadliest police force in the nation.

We know that your fellow Councilmembers have engaged in outright corruption while sitting on the dais with you, while you said nothing.

We know that you have the power to change things and choose not to.

You have a duty to protect your constituents, and you are failing.

The path forward is clear: support a People's Budget, cut LAPD's budget, investigate LAPD for their corruption, and divert resources to housing, education, and healthcare.

2022 isn't far off and we have long memories.

Subject: Adopt the People's Budget LA

Dear Councilmember Koretz,

I am an Angeleno and I live in District 5. I am a UCLA student and my zip code is 90094.

I am writing to demand you support the People's Budget LA for the 2020-2021 fiscal year and revise the current budget accordingly. I demand that you also support Councilmember Wesson's motion 20-0769 to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

The People's Budget LA gives only 5.7% to the police because the city should prioritize universal needs (such as housing, childcare, healthy food, clean air, and water), pandemic recovery, built environment, and reimagined public safety over the police department. You need to engage directly with communities, especially Black and Indigenous communities — the most at risk of police brutality and murder — to create a budget that serves ALL Angelenos. By voting against cuts to LAPD's budget, you are failing constituents like me.

As a woman who lives in the Westwood area, the police have done little to help me and more to intimidate me.

Now in the digital age, the actions of the murderous LAPD will not go unnoticed. Over the past few weeks, there has been overwhelming support, especially in your district, to defund the police and invest in our communities to create a safer network public safety system.

The recent violence against Angelenos exercising their First Amendment rights by the LAPD deeply makes me feel deeply unsafe as a Los Angeleno. I urge you to support the People's Budget LA and take this courageous step towards reimagining public safety for Angelenos.

Thank you for your time,

Alexis Sanchez

I am writing to demand you support the People's Budget LA for the 2020-2021 fiscal year and revise the current budget accordingly. I demand that you also support Councilmember Wesson's motion 20-0769 to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

The People's Budget LA gives only 5.7% to the police because the city should prioritize universal needs (such as housing, childcare, healthy food, clean air, and water), pandemic recovery, built environment, and reimagined public safety over the police department. You need to engage directly with communities, especially Black and Indigenous communities — the most at risk of police brutality and murder — to create a budget that serves ALL Angelenos. By voting against cuts to LAPD's budget, you are failing constituents like me.

As a woman who lives in the Westwood area, the police have done little to help me and more to intimidate me.

Now in the digital age, the actions of the murderous LAPD will not go unnoticed. Over the past few weeks, there has been overwhelming support, especially in your district, to defund the police and invest in our communities to create a safer network public safety system.

The recent violence against Angelenos exercising their First Amendment rights by the LAPD makes me feel deeply unsafe and unprotected. I urge you to support the People's Budget LA and take this courageous step towards reimagining public safety for Angelenos.

Thank you for your time,

Alexis Sanchez

Subject: Support the People's Budget LA & Defund The Police

Dear Councilmember Koretz,

I am an Angeleno and recent graduate of UCLA. As our district's council member, you have a duty to listen to your constituents demands. However, you are currently not adhering to what the people of your district as well as the wider community of LA is demanding of you.

I will be clear. The residents of your district, the students of UCLA, and the wider LA community will do everything in our power to vote you out if you do not divest funds from the LAPD. We see that you have voted against the cuts the Mayor has proposed. First of all, even the cuts currently proposed to LAPD are not enough. Yet, you still have the audacity to vote against this small step in progress.

I along with the organizing power of the UCLA Undergraduate Student Association demand you support the People's Budget LA for the 2020-2021 fiscal year and revise the current budget accordingly. You can still help change the oppressive systems that terrorize black and brown communities.

5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I demand that you also support [Councilmember Wesson's motion 20-0769](#) to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

Over the past month, the people of LA has demonstrated a powerful call to defund the LAPD. We have shown our desire to defund the police through in person protests and online campaigns. This movement will NOT be going away even if the news cycle moves on. The people of LA will not stop until defunding the police and reinvestment in community efforts occurs.

I demand that you support the People's Budget LA, and take this courageous step towards re-envisioning the community for Angelenos.

From,
Gaby Sarmiento

Subject: CARE NOT COPS

Dear Councilmember Koretz,

I am an Angeleno and I live in District 5. I am a UCLA student wanting to advocate for those in my community who deserve resources. My zip code is 90024.

I am writing to demand you support the [People's Budget LA](#) for the 2020-2021 fiscal year and revise the current budget accordingly. This proposed budget prioritizes the needs of ALL Angelenos and reduces the funding that further enables police brutality and murder. I strongly urge you to reinvest LAPD's currently bloated budget back into the community, which can be done by cutting LA's unrestricted revenues going to LAPD to 5%. I demand that you also support [Councilmember Wesson's motion 20-0769](#) to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams. Police do not receive adequate training to appropriately respond to all situations to which they are dispatched, often resulting in unjust and unnecessary harm for victims. *By voting against cuts to LAPD's budget, you are failing constituents like me.*

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. The people you have been elected to serve have made it glaringly obvious that LA must adjust its budget and stop funding the murderous LAPD. *Many police officers have hurt, abused and maimed your constituents.* Even the people not directly affected by these egregious acts of violence are still traumatized by the constant occurrence of these events happening to those who look like them.

Please demonstrate your support for the People's Budget LA, and take this necessary step towards reimagining public safety for Angelenos.

Thank you for your time,

Mia Inglis

Subject:

Dear Councilmember Koretz,

I am an Angeleno, a tenant, and I live in District 5 in the Palms neighborhood. My zip code is 90034.

I am writing to demand you support the [People's Budget LA](#) for the 2020-2021 fiscal year and revise the current budget accordingly. 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I demand that you also support [Councilmember Wesson's motion 20-0769](#) to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

The People's Budget LA gives only 5.7% to the police, because the city should prioritize universal needs (such as housing, childcare, healthy food, clean air and water), pandemic recovery, built environment, and reimagined public safety over the police department. You need to engage directly with communities, especially Black and Indigenous communities — the most at risk of police brutality and murder — to create a budget that serves ALL Angelenos. By voting against cuts to LAPD's budget, you are failing constituents like me. California faces a crisis of unaffordable rent prices that has our homeless population skyrocketing. As I'm sure you're aware, the 2020 homeless count indicated a 14.2% increase since last year, and that was before the pandemic and accompanying economic crisis even began. Three homeless people die on the streets of LA every day, and my neighbors who live in tents deserve a way to isolate from the pandemic and to find stable housing for the long-term. The city is not doing enough for these residents and this should come before any increase to LAPD's already massive budget.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions— that LA must not use its money to fund the murderous LAPD. Throughout this time of mass protest, the police have reacted with extreme violence and unwarranted escalation towards peaceful protestors and our unhoused neighbors. LAPD Commander Cory Palka flashed a White Power signal on television. Chief Moore blamed the police murder of George Floyd on LA protestors. Many police officers have hurt, abused and maimed your constituents.

The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos.

Thank you for your time,

Blaire Crits-Christoph

Subject: Support The People's Budget LA

Councilmember Koretz,

My name is Katelyn Lance and I live in District 5. I am a UCLA student and my zip code is 90024. I am emailing to demand that you support the People's Budget LA for the 2020-2021 year. Based on this budget, I support that only 5% of LA's unrestricted revenues should go towards the LAPD instead of 50%. I believe that Los Angeles needs to reinvest in its community and people, not the police department when that money could be spent better elsewhere.

I also demand that you support Councilmember Wesson's motion 20-0769 to divert specific emergency calls away from the police and direct those calls to unarmed, thoroughly trained crisis response teams. I support the People's Budget LA because I believe this city has funneled way too much money into "policing" problems rather than addressing the root causes of these problems. With more support for affordable housing, healthcare, mental health, healthy food, clean water, and so much more, communities that are often criminalized for these inequities will have better access to basic needs and support. Think of how many constituents you can support in their physical health, mental health, education, housing, and so much more by divesting from the LAPD and into the communities directly affected by social inequities. By voting against cuts to the LAPD's budget, you are letting down thousands of Angelenos that need community-based help.

Throughout these past few weeks, protests around the world and specifically in Los Angeles have shown overwhelming support for defunding the LAPD. However, we have still seen Chief Moore blame protestors for the death of George Floyd as if to absolve the police departments of the very white supremacy they were founded upon. Many LA police officers, to this day, have hurt and abused fellow Angelenos. These actions of police all across the country to countless Black lives goes to show a direct need to defund the police. There are not a "few bad apples" when the root of the tree was rotten to begin with.

I urge you to support the People's Budget LA and show solidarity and support in keeping Angelenos safe through addressing the roots of so many problems rather than adding more police to contribute to police abuse and brutality, which disproportionately affects Black individuals.

Thank you for your time and I look forward to reinvesting in the community.

Sincerely,
Katelyn Lance

Subject: Constituent asking you to SIGNIFICANTLY defund the LAPD

Councilman Koretz & Team,

I'm writing as a citizen of District 5, pleading with you to reconsider your refusal to significantly defund the LAPD. Many other white people, like myself, have had limited or no interaction with the police prior to the demonstrations of June 2020 and what we're seeing now has elicited a total awakening to the toxicity of the department.

I believe in the police. But I also believe in a country and city of checks and balances. The police force has been operating for decades without being properly checked, and it has gotten completely out of control in its unlimited resources and abuse of power. The police must be--not eliminated--but *significantly* defunded and, just as importantly, a total overhaul is needed, involving completely different training, better de-escalation practices, and a zero tolerance policy for bigotry and brutality.

While the department spends hundreds of millions of dollars on helicopters, military grade equipment, and over-policing of black and brown neighborhoods, many of my neighbors of color go without basic resources like food, clothing, shelter, and quality education. While the riot responders drove SWAT vehicles down my block and shot tear gas over our roof, citizens on the same block don't know how they'll get vital medications or mental health attention.

This is such a pivotal move in your career - please do what's right and make a real statement.

Sincerely,
Emily Finkelstein

Subject: CARE NOT COPS

Dear Councilmember Koretz,

I am an Angeleno and I live in District 5. **I am a UCLA student and tenant and my zip code is 90094.**

I am writing to demand you support the People's Budget LA for the 2020-2021 fiscal year and revise the current budget accordingly. 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I demand that you also support Councilmember Wesson's motion 20-0769 to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

The People's Budget LA gives only 5.7% to the police, because the city should prioritize universal needs (such as housing, childcare, healthy food, clean air and water), pandemic recovery, built environment, and reimagined public safety over the police department. You need to engage directly with communities, especially Black and Indigenous communities — the most at risk of police brutality and murder — to create a budget that serves ALL Angelenos. By voting against cuts to LAPD's budget, you are failing constituents like me.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions— that LA must not use its money to fund the murderous LAPD.

Throughout this time of mass protest, the police have reacted with extreme violence and unwarranted escalation towards peaceful protestors and our unhoused neighbors. LAPD Commander Cory Palka flashed a White Power signal on television. Chief Moore blamed the police murder of George Floyd on LA protestors. Many police officers have hurt, abused and maimed your constituents.

The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos.

Thank you for your time,

Karla Bonilla

Subject: Support People's Budget LA

Councilmember Koretz,

My name is Maya Richardson. I live in District 5 and my zip code is 90024. As a UCLA student, tenant in Westwood, and member of UCLA's Students for Community Outreach, Promotion, and Education, I am appalled with the amount of funding currently being given to the LAPD.

As a member of your district, I demand that you support the **People's Budget LA** for the 2020-2021 fiscal year and revise the current budget accordingly. We should not be allocating 50% of LA's unrestricted revenues to the LAPD. That number should be more like 5% - the rest of the funds should be reinvested into the community. I demand that you also support **Councilmember Wesson's motion 0-0769** which would contribute to the health and safety of the community by diverting certain emergency calls away from the police and towards unarmed, trained crisis response teams.

The City of LA should be prioritizing universal needs, pandemic recovery, reimagined public safety over a police department that is ill-regulated, abusive, and racist. **You have the duty and obligation to engage directly with communities, especially Black and Indigenous communities - the most at risk of murder and abuse by police - to create a budget that serves ALL Angelenos.** By voting to uphold a ridiculous amount of funding to the LAPD budget, you are failing your constituents.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions— that LA must not use its money to fund the murderous LAPD.

The people of LA have been protesting to make their voices heard. The police have reacted with extreme violence and unwarranted escalation towards peaceful protestors and our unhoused neighbors. LAPD Commander Cory Palka flashed a White Power signal on television. Chief Moore blamed the police murder of George Floyd on LA protestors. Many police officers have hurt, abused and maimed your constituents.

The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. **I urge you to support the People's Budget LA, and take this step towards reimagining public safety for Angelenos.**

Thank you for your time,

Maya Richardson

Subject: Hello from South Robertson

Dear Councilmember Koretz,

My name is Sana and I'm an Angeleno living in District 5. I have made South Robertson my home; my zip code is 90035.

I'm writing to urge you to support the People's Budget LA for the 2020-2021 fiscal year and revise the current budget accordingly. As your constituent, I am happy to explain this to you in as much detail as you want if you have any questions.

5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's inflated budget into the community. I demand that you also support Councilmember Wesson's motion 20-0769 to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams. Please help people; you have the power to do it.

You need to engage directly with communities, especially Black and Indigenous communities — the most at risk of police brutality and murder — to create a budget that serves ALL Angelenos. By voting against cuts to LAPD's budget, you are failing constituents like me.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions— that LA must not use its money to fund the murderous LAPD. We must act now.

Throughout this time of mass protest, the police have reacted with extreme violence and unwarranted escalation towards peaceful protestors and our unhoused neighbors. LAPD Commander Cory Palka flashed a White Power signal on television. Chief Moore blamed the police murder of George Floyd on LA protestors. Many police officers have hurt, abused and maimed your constituents.

The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos. I want to feel South Robertson is truly safe.

Subject: People's Budget LA

Dear Councilmember Koretz,

I am an Angeleno and I live in District 5. I am a 4th year UCLA student, over the past four years I've found a home in Westwood and have been heavily involved in student government at UCLA. My zip code is 90024.

I am writing to demand you support the People's Budget LA for the 2020-2021 fiscal year and revise the current budget accordingly. 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. There have been countless videos and personal anecdotes over the past few weeks and even YEARS of police brutality towards Black people, people of color, and students of color. I demand that you also support Councilmember Wesson's motion 20-0769 to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

Although I am a white student, the presence of police has never made me feel safer at school regardless of setting. I take frequent walks late at night and my community is what makes me feel safe-not any police officer whether that be UCPD or LAPD. Furthermore, the heightened presence of LAPD and the National Guard in Westwood in early June made me fearful to even shop for groceries and I can't even begin to imagine how my Black peers felt. Truly this is unacceptable.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions— that LA must not use its money to fund the murderous LAPD. Jackie Lacey, our District Attorney has failed to hold LAPD accountable in any way so now the impetus falls on you to represent us and our demands.

The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos.

Thank you for your time,

Jacob Panaro

Subject: Defund the Police - Care Not Cops

Hi,

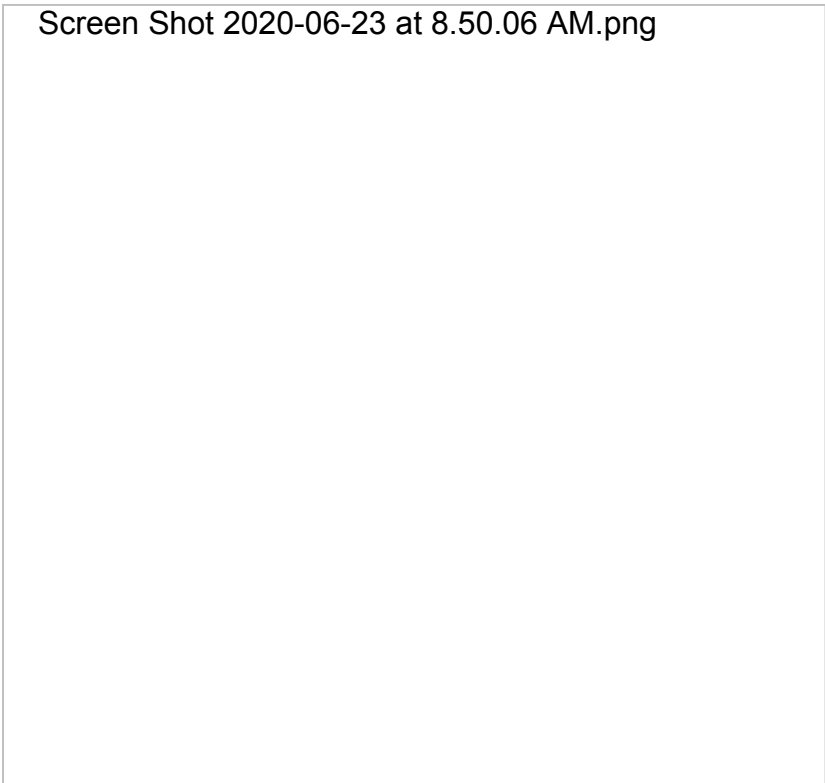

As a resident of District 5 I was disappointed to see in the last newsletter that Paul Koretz is supporting more body cameras for police. I want to reiterate that as a constituent who supports BLM demands, this is exactly OPPOSITE of what they've called for and in fact goes against empirical research showing that body cameras are extremely ineffective. You are supporting funneling more money into the police department. We have seen for years that new technology and training is bound to be ignored or abused in the hands of police. The public wants to demilitarize the police force, which entails taking away high-tech tools and weaponry. That is a logical and feasible first step toward cutting their budget. Please consider getting in line with the huge public support for re-evaluating police budgets and finding areas where we can actually re-allocate their funds to social services, it is not a radical or unreasonable ask.

Thank you,
Katie

Link to a study showing how body cameras changed police behavior (hint: it didn't):

Subject: Email from constituent in CD5

Dear Councilmember Koretz,

My name is Nancy Lee and I work at the Hammer Museum at UCLA, which is in your district. I'm extremely proud to be part of the Westwood community and university campus and I am urging you to prioritize our people over police. A few weeks ago we saw how LAPD brutalized peaceful protestors and journalists. This is inexcusable. The fact that UCLA's Jackie Robinson Stadium as a detention space for those same peaceful protestors is also a horror, and I am part of a UCLA-wide movement to divest from police at the university as well.

Please support the People's Budget LA for the 2020-2021 fiscal year and revise the current budget accordingly. 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community.

Also please support Councilmember Wesson's motion 20-0769 to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

Be on the right side of history. The police have got to go and supporting this outdated institution of racist origin is NOT a good look.

Sincerely,
Nancy Lee

Subject: Do The Right Thing

Dear Councilmember Koretz,

I am a lifelong resident of Los Angeles and of City Council District 5. I am a proud union member and plan on attending law school in this city in the coming years. My zip code is 90035.

I am calling on you, my elected representative, to demand you support the People's Budget LA for the 2020-2021 fiscal year and revise the current budget accordingly. As the representative for one of the wealthiest and whitest districts in the county, if not the country, I **IMPLORE** you to divest from the LAPD - an institution firmly rooted in white supremacy and state violence, and invest in the Los Angeles community. Invest in housing, in education, in clean air and water, in the resources that you and I have never once in our lives had to worry we would not have enough of.

I demand that you also support Councilmember Wesson's motion 20-0769 to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

The People's Budget LA gives only 5.7% to the police, because the city must prioritize universal needs (such as housing, childcare, healthy food, clean air and water), pandemic recovery, built environment, and reimagined public safety over the police department. You need to engage directly with communities, especially Black and Indigenous communities — the most at risk of police brutality and murder — to create a budget that serves ALL Angelenos, and does not perpetuate the vast wealth and racial inequality that benefits people like yourself and your fellow councilmembers.

By voting against cuts to LAPD's budget, you are failing constituents like me. You are perpetuating a system of violence and poverty that you benefit **DIRECTLY** from. It is unconscionable, as an **ELECTED** representative of the city, to blatantly ignore the voices of 25,000 Angelenos, over 50 community and religious groups, of the labor movement, and of countless others in LA county, who are imploring you to do the right thing.

Throughout this time of mass protest, the police have reacted with extreme violence and escalation towards peaceful protestors and our unhoused neighbors. LAPD Commander Cory Palka flashed a White Power signal on television. Chief Moore blamed the police murder of George Floyd on LA protestors. Many police officers have hurt, abused, and maimed your constituents, who were doing nothing more than exercising their First Amendment right to peaceful assembly.

The recent violence against Angelenos by the LAPD is unacceptable and the LAPD must be defunded, now. I urge you to have a moral conscience and support the People's Budget LA now.

Thank you for your time.

Dear Councilmember Koretz,

My name is Sierra Morris and I live in District 5. My zip code is 90064. I'm writing to urge you to support the [People's Budget LA](#) for the 2020-2021 fiscal year and revise the current budget accordingly. We need to reinvest LAPD's budget into the community. I also urge that you support [Councilmember Wesson's motion 20-0769](#) to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded now. I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos.

Thank you,
Sierra

Subject: Support the People's Budget LA

Dear Councilmember Koretz,

I am an Angeleno and I live in District 5. I am a 4th year UCLA student. My zip code is 90024.

I am writing to demand you support the [People's Budget LA](#) for the 2020-2021 fiscal year and revise the current budget accordingly. 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I demand that you also support [Councilmember Wesson's motion 20-0769](#) to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

The People's Budget LA gives [only 5.7%](#) to the police, because the city should prioritize universal needs (such as housing, childcare, healthy food, clean air and water), pandemic recovery, built environment, and reimagined public safety over the police department. You need to engage directly with communities, especially Black and Indigenous communities — the most at risk of police brutality and murder — to create a budget that serves ALL Angelenos. By voting against cuts to LAPD's budget, you are failing constituents like me.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions— that LA must not use its money to fund the murderous LAPD.

Throughout this time of mass protest, the police have reacted with extreme violence and unwarranted escalation towards peaceful protestors and our unhoused neighbors. LAPD Commander Cory Palka flashed a White Power signal on television. Chief Moore blamed the police murder of George Floyd on LA protestors. Many police officers have hurt, abused and maimed your constituents.

The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos.

Thank you for your time,

Emily Dieffenbach

Subject: Support the People's Budget LA

Dear Councilmember Koretz,

I am an Angeleno and I live in District 5. I am a UCLA student, and would like my voice as a constituent heard. My zip code is 90024.

I am writing to demand you support the People's Budget LA for the 2020-2021 fiscal year and revise the current budget accordingly. 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I demand that you also support Councilmember Wesson's motion 20-0769 to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

The police do not provide safety. And it is true, they are spread too thin. By diverting funds by supporting the People's Budget LA, resources can be put towards non-violent, unarmed first responders.

The People's Budget LA gives only 5.7% to the police, because the city should prioritize universal needs (such as housing, childcare, healthy food, clean air and water), pandemic recovery, built environment, and reimagined public safety over the police department. You need to engage directly with communities, especially Black and Indigenous communities — the most at risk of police brutality and murder — to create a budget that serves ALL Angelenos. By voting against cuts to LAPD's budget, you are failing constituents like me.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions— that LA must not use its money to fund the murderous LAPD.

Throughout this time of mass protest, the police have reacted with extreme violence and unwarranted escalation towards peaceful protestors and our unhoused neighbors. LAPD Commander Cory Palka flashed a White Power signal on television. Chief Moore blamed the police murder of George Floyd on LA protestors. Many police officers have hurt, abused and maimed your constituents.

The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos.

Thank you for your time,

Riley Segal

Subject: District 5 Constituent requesting that Councilmember Koretz support defunding the police and motion 20-0769

Dear Councilmember Koretz,

I am your constituent and live in District 5. I live in Westwood and my zip code is 90024.

I am extremely disappointed that you voted against a report to identify cuts in the LAPD budget. In a time when leadership and change is necessary to save Black lives, you are failing to act and choosing to keep the status quo. Your beliefs and actions as an individual person may not be racist, but your vote is. When you, as a white elected official with power to affect the lives of so many for generations to come, don't take actions to disrupt a racist system, you allow it to perpetuate, and any act that supports systemic racism is racist. Your vote prioritized white residents' desire to preserve their comfort over residents' of color hope to stop being murdered by LAPD. Your vote was a racist act.

You can undo that act. I am writing to demand you support the People's Budget LA for the 2020-2021 fiscal year and revise the current budget accordingly. 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I demand that you also support Councilmember Wesson's motion 20-0769 to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

The People's Budget LA gives only 5.7% to the police, because the city should prioritize universal needs (such as housing, childcare, healthy food, clean air and water), pandemic recovery, built environment, and reimagined public safety over the police department. You need to engage directly with communities, especially Black and Indigenous communities — the most at risk of police brutality and murder — to create a budget that serves ALL Angelenos. By voting against cuts to LAPD's budget, you are failing constituents like me.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions— that LA must not use its money to fund the murderous LAPD.

Throughout this time of mass protest, the police have reacted with extreme violence and unwarranted escalation towards peaceful protestors and our unhoused neighbors. Subject: Reallocation of Funds for Community Improvement

Dear Councilmember Koretz and team,

I am an Angeleno, and I live in District 5. My zip code is 90069.

I ask that you show support for the People's Budget LA for the 2020-2021 fiscal year and make efforts to revise the current budget accordingly. **Do it slowly if you have to but commit to it entirely. Police officers should not have to bear the burden of playing so many roles.**

The vision is that 5% of LA's unrestricted revenues should be going to LAPD, not 50%. It is **reinvesting** the LAPD's budget into the community. I urge you to support Councilmember Wesson's motion 20-0769 to divert certain emergency calls away from the police and towards **unarmed, trained crisis response teams**.

You are in the position to make immediate change for people who are living in fear simply because they are black. If the tables were turned, wouldn't you want someone fighting for your best interests?

I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos.

Thank you for your time,
Jessica Ma

Subject: Support Peoples Budget for LA

Dear Councilmember Koretz,

I am writing to demand you support the People's Budget LA for the 2020-2021 fiscal year and revise the current budget accordingly. 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I demand that you also support Councilmember Wesson's motion 20-0769 to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

As a medical professional, the current police budget has and will continue to negatively impact our community members health. The budget for the LAPD MUST be redistributed to services that improve community well being.

The People's Budget LA gives only 5.7% to the police, because the city should prioritize universal needs (such as housing, childcare, healthy food, clean air and water), pandemic recovery, built environment, and reimaged public safety over the police department. You need to engage directly with communities, especially Black and Indigenous communities — the most at risk of police brutality and murder — to create a budget that serves ALL Angelenos. By voting against cuts to LAPD's budget, you are failing constituents like me.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions— that LA must not use its money to fund the murderous LAPD.

Throughout this time of mass protest, the police have reacted with extreme violence and unwarranted escalation towards peaceful protestors and our unhoused neighbors. LAPD Commander Cory Palka flashed a White Power signal on television. Chief Moore blamed the police murder of George Floyd on LA protestors. Many police officers have hurt, abused and maimed your constituents.

The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA, and take this courageous step towards reimaging public safety for Angelenos.

Subject: Do Right by Erich and Doris

Dear Councilmember Koretz,

I am an Angeleno, and I live in District Five. I work in the television/film industry and have lived in Palms for the past four years. My zip code is 90034.

I am writing to demand you support the People's Budget LA for the 2020-2021 fiscal year and revise the current budget accordingly. 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I demand that you also support Councilmember Wesson's motion 20-0769 to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

I did some research on your background and found that we have a lot in common. Like your mother, Doris, my family also escaped to America from the Russian pogroms. As someone who is also Jewish, I am sure your father, Erich, escaping Nazi Germany affected your outlook in many ways. You marched in picket lines with your father and built your platform off of social justice. Since you carry this history with you and have utilized it to work your way into office, I find your lack of support for the People's Budget surprising and disappointing. You may not feel like you have to join the picket line any longer, but as an elected official, you have a duty to ensure your constituents are heard. You and your family have seen what unchecked power and force can do to groups of people. You should know better than anyone that we need you to put the money back into the community. If you can't see your way to that then you don't deserve to be a representative of our city.

The People's Budget LA gives only 5.7% to the police, because the city should prioritize universal needs (such as housing, childcare, healthy food, clean air and water), pandemic recovery, built environment, and reimagined public safety over the police department. You need to engage directly with communities, especially Black and Indigenous communities — the most at risk of police brutality and murder — to create a budget that serves ALL Angelenos. By voting against cuts to LAPD's budget, you are failing constituents like me.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions— that LA must not use its money to fund the murderous LAPD.

Throughout this time of mass protest, the police have reacted with extreme violence and unwarranted escalation towards peaceful protestors and our unhoused neighbors. Subject: People's Budget LA - Come on!!!

Dear Councilmember Koretz,

Again, here I am, writing to you. My name is Annie and I live in your district, in the lovely community of Pico Robertson -- my zip code is 90035. I work in the entertainment industry and have called LA my home for 5 years now.

I called a week ago to ask you to follow Herb Wesson's lead with motion 20-0769. I really need you to be doing more. Your constituents are progressive and liberal and ready for changes in Los Angeles local government. I need you to reflect my beliefs instead of doing rogue things like voting against a report looking into an LAPD budget cut. This isn't going away any time soon -- you need to open your eyes. Again, I ask you to support the People's Budget LA for the next fiscal year and revise our budget. It's embarrassing that you voted against that report. What are your values? What do you stand for? I don't understand, currently, and I don't believe it represents your constituents' wishes. Support the People's Budget LA and help us make history in reimagining Angelenos' public safety--this is your chance to right the course. Please! I urge you!

Thank you for reading --

Subject: KORETZ! Adopt The Peoples Budget LA

Dear Councilmember Koretz & team,

I am an Angeleno and I live in District 5. I'm an employee at Warner Music Group and I am 28 years old. My zip code is 90048.

I have been asking myself this question and I urge you to do the same: **Do you want your tax money to line the pockets of a group of (often uneducated, poorly trained, violent, biased, racist, even murderous) police officers, who live above the law (via qualified immunity) and carry deadly weapons? OR would you rather see that money go towards mental health services, unarmed counselors who are trained to de-escalate social conflict, EDUCATION, and social services for the poor / underserved Black communities? If you can't answer that question in under 5 seconds, RESIGN. RESIGN IMMEDIATELY....And if you CAN, and choose to do nothing about it, WE ARE GOING TO VOTE YOU OUT. It is simple. Here are our demands:**

OUR DEMANDS ARE CLEAR:

5% of LA's unrestricted revenues should be going to LAPD, **not 50%!!!!** That number is preposterous. I don't want the great majority of our community's tax money to go toward an inherently biased, racist, violent and disorderly organization that does anything but "protect and serve" our neighborhoods.

We need to reinvest LAPD's bloated budget into the community. I demand that you also support [**Councilmember Wesson's motion 20-0769**](#) to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

The People's Budget LA gives only 5.7% to the police, because the **city should prioritize universal needs** (such as housing, childcare, healthy food, clean air and water), pandemic recovery, built environment, and reimagined public safety over the police department. You need to engage directly with communities, especially Black and Indigenous communities — the most at risk of police brutality and murder — to create a budget that serves ALL Angelenos. By voting against cuts to LAPD's budget, you are failing constituents like me.

Do the right thing. WAKE UP.

Sincerely,

Margo

We need to reinvest LAPD's bloated budget into the community. I demand that you also support Councilmember Wesson's motion 20-0769 to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams. Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions — that LA must not use its money to fund the murderous LAPD. The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos.

Thank you for your time,

Gianna Tunzi

Subject: I am your constituent.

I just moved here 2 years ago and my zip code is 90036. I work in R&D as a scientist for a cancer research startup here in LA.

I am writing this email to demand you support the People's budget LA for the 2020-2021 fiscal year and revise the current budget accordingly. I strongly believe that 5% of LA's unrestricted revenues should be going to LAPD, definitely not 50%.

I have gone to protests and witnessed with my own eyes the police brutality first hand. The police are not helping, and the extreme response to peaceful protest terrifies me for the future. I am sure you are well aware at this point that LAPD Commander Cory Palka flashed a White Power signal on television and Chief Moore blamed the murder of George Floyd on LA protestors. The public's trust in the police has eroded and you are in the position of power now to make a lasting change.

In addition, I also demand that you also support Councilmember Wesson's motion 20-0769 to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams. The police have shown time and time again that they are only capable of using excessive force. Please protect your constituents.

Thank you,
Danielle Chan

Subject: SUPPORT THE PEOPLE'S BUDGET

Dear Councilmember Koretz,

I was born and raised in West LA. My family has been renting, working, and attending schools on the Westside since the seventies. Our current zip code is 90064. I have been involved in community organizing since I was a small child. Today I work with various organizations on anti-racist work and dismantling systems of oppression that are running rampant in my hometown and destroying the livelihoods of our great citizens. This is why I demand that you support the People's Budget. Myself and hundreds of other Los Angeles residents have been calling in and listening to the City Budget meetings, and making this demand loud and clear. Councilmember Koretz— We have heard you voice your direct opposition to this sound and justice-oriented budget that will directly meet the needs of our most vulnerable communities. The fact that you do not agree with this plan shows us clearly where your priorities are, and that you are willing to uphold the system that thrives on white supremacy, colonialism, and patriarchal ideals. We are extremely disappointed. If you truly serve the people, as elected officials are intended to, you will reevaluate your position and listen to the cries of your citizens. Support the People's Budget, and follow the lead of your fellow Councilmember Wesson by backing motion 20-0769 to divert emergency calls away from the Police and toward unarmed crises response teams.

In the wake of George Floyd's death, I joined thousands in the streets of West Los Angeles, where we exercised our First Amendment Rights to protest against the Racist power structures that invoke violence against our people. Infuriatingly, the state's response to our movement, was to meet us with even more violence. Tear gas, rubber bullets, beatings, thousands of illegal arrests—this must be stopped. Your constituents are asking you to reimagine community safety and divest from the status quo. No more money should be funneled to the LAPD. We will keep fighting. What side of history do you want to be on?

With urgency,

O.M.

Subject: We demand #carenotcops

Dear Councilmember Koretz,

I am an Angeleno and I live in District 5. I am a UCLA student and a resident of Westwood. My zip code is 90024.

I am writing to demand you support the [People's Budget LA](#) for the 2020-2021 fiscal year and revise the current budget accordingly. 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I demand that you also support [Councilmember Wesson's motion 20-0769](#) to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

Through recent events like the murder of George Floyd as well as years of police brutality and misconduct, it has become crystal clear that maintaining or increasing LA's police budget is not only wrong, but detrimental to the lives of Black and Brown people in this country. We need to shift our priorities, divest from police funding, and reallocate those funds to invest millions into social services and education. The single greatest investment a community can make is in the quality and accessibility of education. As a student myself, I understand the importance, value, and power of education to change lives in a meaningful, sustainable way.

I have been truly disgusted by the instances of police brutality and killings that have plagued this country and disproportionately impacted Black and Brown lives. It is appalling that the city of Los Angeles allocates an obscene amount of our budget to the police. As someone who directly represents us, you need to shift your priorities and understand that defunding the police is NOT saying that we are abolishing the police. It is saying that we need to decrease funding for it, just as our country has been decreasing funding for education for the past 30 years.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions— that LA must not use its money to fund the murderous LAPD.

Many police officers have hurt, abused and maimed your constituents. You need to engage directly with communities, especially Black and Indigenous communities — the most at risk of police brutality and murder — to create a budget that serves ALL Angelenos. By voting against cuts to LAPD's budget, you are failing constituents like me.

If you continue to vote against divesting from LAPD, I am sorry to say that you will lose the support you have worked so hard to gain from your constituents. And this loss of support will be exemplified in the polls during our next city council election.

The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos.

Thank you for your time,

Maya Ebrahimpour

Subject: LISTEN TO YOUR CONSTITUENTS!

Dear Councilmember Koretz,

I am a 4th year UCLA Student and I live in District 5, zipcode 90024.

I write to you today to demand your support for the People's Budget LA for the 2020-2021 fiscal year. LAPD's overfunded allocation NEEDS to be redistributed back into the community. I also demand your support for Councilmember Wesson's motion 20-0769, which redirects emergency calls away from the police and instead toward unarmed, trained crisis response teams.

By voting against cuts to LAPD's budget, you are failing constituents like me.

Over the past two weeks, the city of LA and your constituents have shown overwhelming support for defunding the LAPD.

The recent violence against Angelenos exercising their First Amendment rights by the LAPD is absolutely unacceptable. LAPD must be defunded, immediately. You must support the People's Budget LA, and take this integral step towards reimagining public safety for Angelenos.

I look forward to seeing the changes you will help make. Thank you for your time and for honoring the principles of democracy,

Talia Gloster

Subject: Support the People's Budget

I am writing today to ask you please to support the People's Budget. You are here to serve us, you are elected by us, please listen to us! We want care, not cops. We want more investment in our communities, even if it means divesting in police. Defund the police and fund the people! We are asking for better and fair education, clean environments, free healthcare, none of this is provided by police. The police are doing nothing to help us, why is so much of our tax money going to them and not the things we are telling you we need.

Thank you for your time

Adding your boss and team back on CC here so they can see how their Chief of Staff speaks to their own constituents.

May I provide you with some information to help you better understand?

This [easy-to-read website](#) explains how the People's Budget works. Maybe take some time to familiarize yourself with the requests of your constituents before telling one of them they have no idea what they're talking about. Even if I have "no idea" what I am talking about, I do know it's, at the very least, against the tenants of engaging with your voters, to antagonize said people who employ your boss. This [4-minute-read article](#) has some very honest and fair criticism of your boss's performance as a City Councilman and how his actions uphold white supremacy.

Or, you can just head over to Twitter and read through the #CallOutKoretz hashtag. It's trending in LA, so you can't miss it.

Be well, Joan! Thank you so much for your time.

Subject: Support the People's Budget LA

Dear Councilmember Koretz,

I am an Angeleno and I am a former resident of District 5. I am a UCLA alumna, and have witnessed first-hand since 2014, the militarized response of the LAPD to peaceful protestors, Angelenos protesting for human rights for all black lives and therefore all Americans, and for a better future for all our children.

I am writing to demand you support the People's Budget LA for the 2020-2021 fiscal year and revise the current budget accordingly. 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community.

I imagine a world where money and resources are given to schools so that the arts are considered not a privilege, but a right. So that children are struggling with their mental health--which I did for my entire adolescence--are met with care, and not violent force or incarceration. So that black and brown students are not disproportionately suspended or disciplined, inciting the slippery slope down the school-to-prison pipeline. So that the leadership of our great city might one day be actually reflective of its citizens.

To that end, the city should prioritize universal needs (such as housing, childcare, healthy food, clean air and water), pandemic recovery, built environment, and reimagined public safety over the police department. You need to engage directly with communities, especially Black and Indigenous communities — the most at risk of police brutality and murder — to create a budget that serves ALL Angelenos. By voting against cuts to LAPD's budget, you are failing constituents like me.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions— that LA must not use its money to fund the murderous LAPD.

I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos.

Thank you for your time,

Marissa Clifford

Subject: Defund LAPD and Support the People's Budget

Dear Councilmember Koretz,

I live in District 5 and I am a UCLA public health professional, future physician, and most importantly as an Angeleno who is disappointed at the lack of leadership from both Mayor Garcetti and the council members. My zip code is 90034 and I am sharing my own personal views.

I am writing to demand you support the [People's Budget LA](#) for the 2020-2021 fiscal year and revise the current budget accordingly. 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I demand that you also support [Councilmember Wesson's motion 20-0769](#) to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

Police violence and racism are both public health crises and these two are NOT mutually exclusive. Data from Mapping Police Violence tells us that there were only 27 days in 2019 where police did not kill someone. Additionally, Black people are 3x more likely to be killed by police than white people and 1.3x more likely to be unarmed than white people. How can we possibly give LAPD over 50% of the budget when those who claim to "serve and protect" are the same forces who are disproportionately murdering Black Americans. How can we give approximately 3 billion dollars to LAPD who have killed over 600 Angelenos? By not defunding LAPD, the mayor and council members are supporting continued police violence and the continued murder of Black and Brown lives.

As a future medical provider I know the disproportionate trauma that communities face as a result of police violence has a negative impact on their health. Preliminary findings from the Justice Study shows that participants who have witnessed or experienced police violence had higher post-traumatic stress scores when compared to those who did not witness or experience police violence, regardless of race. These findings are concerning given that trauma leads to chronic stress, and as a result, chronic inflammation that leads to diseases such as diabetes, cardiovascular disease, cancer, depression, and anxiety. The police are both directly and indirectly are negatively impacting the health of communities of color and our budget should instead focus on supporting our communities through housing, education, and healthcare.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions— that LA must not use its money to fund the murderous LAPD.

The recent violent behavior of LAPD against protestors further demonstrates the recklessness of the police and the need to defund LAPD immediately. LAPD has used tear gas, a chemical warfare agent BANNED by the Geneva Protocol, against protestors which causes irritation in the lungs which triggers coughing. This is especially alarming given the fact the country is experiencing a global respiratory pandemic and Los Angeles specifically has had a total of

68,875 cases to date of COVID-19. LAPD was fully aware that we were in the midst of a pandemic and yet still chose to use chemical warfare against its own citizens. Any institution that carelessly puts the city's health at risk and has already killed over 600 Angelenos does not deserve our funding.

Thank you for your time,
Stephanie Clavijo

Subject: People's Budget LA

Dear Councilmember Koretz,

I am an Angeleno and I live in District 5. I am a UCLA student, and my zip code is 90024.

I am writing to demand you support the People's Budget LA for the 2020-2021 fiscal year and revise the current budget accordingly. 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I demand that you also support Councilmember Wesson's motion 20-0769 to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

The People's Budget LA gives only 5.7% to the police, because the city should prioritize universal needs (such as housing, childcare, healthy food, clean air and water), pandemic recovery, built environment, and reimagined public safety over the police department. You need to engage directly with communities, especially Black and Indigenous communities — the most at risk of police brutality and murder — to create a budget that serves ALL Angelenos. By voting against cuts to LAPD's budget, you are failing constituents like me.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions— that LA must not use its money to fund the murderous LAPD.

Throughout this time of mass protest, the police have reacted with extreme violence and unwarranted escalation towards peaceful protestors and our unhoused neighbors. LAPD Commander Cory Palka flashed a White Power signal on television. Chief Moore blamed the police murder of George Floyd on LA protestors. Many police officers have hurt, abused and maimed your constituents.

The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos.

Thank you for your time,

Albert Luu

Subject: People's Budget

Dear Councilmember Koretz,

I am an Angeleno and I live in District 5. I grew up and have lived in Encino for most of my life. My zip code is 91316

I demand you support the People's Budget LA for the 2020-2021 fiscal year and revise the current budget accordingly. 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I demand that you also support Councilmember Wesson's motion 20-0769 to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

For example, one community issue that weighs heavily on my mind is homelessness. Living here all my life I see that homelessness has become rampant in our community; rather than ineffectively funnel money into policing we should increase funding to homelessness programs, such as food stability, housing stability, and mental health resources.

The People's Budget LA gives only 5.7% to the police, because the city should prioritize universal needs (such as housing, childcare, healthy food, clean air and water), pandemic recovery, built environment, and reimagined public safety over the police department. You need to engage directly with communities, especially Black and Indigenous communities — the most at risk of police brutality and murder — to create a budget that serves ALL Angelenos. By voting against cuts to LAPD's budget, you are failing constituents like me.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions— that LA must not use its money to fund the murderous LAPD.

Throughout this time of mass protest, the police have reacted with extreme violence and unwarranted escalation towards peaceful protestors and our unhoused neighbors. LAPD Commander Cory Palka flashed a White Power signal on television. Chief Moore blamed the police murder of George Floyd on LA protestors. Many police officers have hurt, abused and maimed your constituents.

The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos.

The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos.

As a fellow member of the Jewish community in Los Angeles, I believe that we have a moral obligation to support those who are suffering in our community. We cannot turn a blind eye to white supremacy. We must never forget where that kind of complacency leads. We will not be free until everyone is free.

Thank you for your time,

Shawn Hall

Subject: Demand to Support the People's Budget LA

Hi Mr. Koretz and staffers,

My name is Paul Sutton Dewey III, one of your constituents in District 5, as well as a member of IATSE Local 871.

Your lack of support so far for the People's Budget is unacceptable and the entire city is paying attention. Your constituents demand that you enact policies that divert LAPD funds toward education, public health, housing, and youth services. We need to see you caring not about cops, but the communities you serve.

If you do not swiftly take action on these policies, I can guarantee you that you will not have my vote in the next election and I will devote significant time and resources to insure you are voted out. Thanks for your time and I hope you can get to work on all of this right away.

Best,

Paul Sutton Dewey III

813 N Poinsettia Place, Los Angeles, CA 90046

Subject: ACTION REQUIRED: SAFETY OF YOUR CITIZENS

Hello,

My name is Chiara Berruto, I am a student at UCLA, a lifelong resident of LA county, and an active ally of the BLM movement.

I **used** to be proud of being an Angeleno as LA has always stood at the forefront of diversity and progress. I am saddened and really disappointed to say that this is not currently the case.

LA should be leading the country and serving as a role model for other states. You should be listening and caring about your people because we have spoken and ENOUGH is ENOUGH. Whats so hard to understand?

Your people are dying. Your people are scared. Your people are angry. What are you doing about it? Why don't you care?

I am emailing to demand you listen. Demand you care. **ADOPT THE PEOPLES BUDGET AND LISTEN TO YOUR CITIZENS.**

It's time we invest in the communities that need the most help instead of terrorizing them. We all know that the root of crime is poverty yet rather than create social programs to solve these issues, LA has continuously pumped more money into responding to these issues with force. Force is not the answer.

By rejecting the peoples budget you are proving that you do not care. you are saying you are okay with the **murder of minorities** which will continue as long as LAPD remains funded.

DONT BE COMPLICIT. ACT. INITIATE CHANGE. CARE ABOUT YOUR FUCKING CITIZENS. CARE ABOUT BROWN AND BLACK PEOPLE. BE ANTI-RACIST OR YOU WILL BE REPLACED.

Adopt the peoples budget. **Be on the right side of history.** I promise we will not stop so you might as well listen now.

Thank you for your time. Now have some fucking compassion.

Sincerely,

Chiara Berruto

Subject: Re: Support the People's Budget LA

Dear Ms. Dyner Harris, Councilmember Koretz and staff,

Thank you for reading and considering my input on the city budget for the 2020-2021 fiscal year, and for your prompt response that outlines Councilmember Koretz's point of view. I read the latest newsletter linked in your email, and I want to provide further input in response to some of the perspectives you express in it.

Councilmember Koretz, in this newsletter you commemorate the class of 2020. You rightfully recognize that more than any previous generation, students today experience and are acutely aware of systemic racial and class-based inequality, are extremely well-informed about the conditions of the world around them and bear the urgent responsibility of building a more just, sustainable world. I am one of today's generation of students; I graduated high school in 2018 and am now an undergraduate student at UCLA. Along with my peers, I work hard to educate myself about the world we live in and to expose the injustices in our society that are the symptoms and sustenance of the structures of white supremacy that our country and city were built on. A critical one of these injustices is policing.

Your newsletter acknowledges the injustice of policing by invoking police brutality, including the recent murder of George Floyd by Minneapolis police. You then connect current police brutality to our country's history of racist institutions, including policing, mentioning the savage beating of Rodney King, Jim Crow laws that made anti-Black racism a legal requirement and the enslavement of hundreds of thousands of Black people in this country. The connection you make between past and present manifestations of the violence of anti-Black racism and white supremacy in the United States is the very reason why the police must be defunded. It was the police who beat Rodney King 28 years ago. It was the police who violently upheld and enforced Jim Crow laws in the 19th and 20th centuries. And it was the early police who formed slave patrols to ensure that enslaved Black people in the United States would be denied freedom and exploited violently for their entire lives by white settlers.

This is the history of the police, and this is why policing in the United States is an inherently racist institution. Slavery couldn't be reformed - it had to be abolished. Jim Crow laws couldn't be reformed - they had to be overturned. And policing can't be reformed - it must be defunded. Your language of police "reform" is dangerously close to the modern-day equivalent of suggesting revisions be added to Jim Crow laws, or changes be made to the practice of slavery, while perpetuating the existence of these racist and inhumane institutions. You yourself acknowledge that meaningful change must be based on "a genuine acknowledgement of historic and systemic inequities that require more than superficial reforms."

You refer to the police defunding recommended by the People's Budget LA as "making arbitrary cuts to LAPD's budget" and "chopping up the LAPD's budget without adequate analysis." In fact, the People's Budget is based on thorough analysis and is anything but arbitrary. The People's Budget was developed by a coalition of over 20 community organizations deeply in tune with the needs on the ground of the LA community and led by Black Lives Matter - LA. The budget was developed with the input of 24,426 LA residents across the city, and the People's Budget coalition has since engaged with tens of thousands more Angelenos in their online participatory budgeting process and on social media. The cuts to LAPD's budget are based on the

knowledge that policing harms Black, Indigenous, POC, working class and other marginalized communities - knowledge that comes from both a vast body of academic research and a multitude of lived experiences. In addition, the People's Budget clearly lays out where the money from cuts to the LAPD will be redirected, based on the input of a huge number of LA residents: universal aid and crisis management, public infrastructure and reimagined community safety.

The people of Los Angeles know what makes us "LA Strong," and it's not police. As our elected official, I call on you to listen to the people you represent and support the People's Budget LA for the 2020-2021 fiscal year.

Thank you for your engagement,

Mikaela

Dear Councilmember Koretz,

I am a resident, tenant, student, food service worker and registered voter in Los Angeles District 5. I attend UCLA and live in the Westwood neighborhood; my zip code is 90024.

As one of your constituents, I am calling on you to support the People's Budget LA for the 2020-2021 fiscal year and revise the current budget accordingly in order to reinvest LAPD's bloated budget into the community. I also call for your support of Councilmember Wesson's motion 20-0769 to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

The People's Budget was developed with the input of over 24,000 Angelenos who took the People's Budget survey to express how WE want OUR tax dollars spent. We want the city to prioritize universal needs, pandemic recovery and reimagined public safety over policing and incarceration. Police don't make us safe; things like access to housing, job growth, healthcare and transportation do. Your constituents and people across LA feel strongly about this - that's why the People's Budget

has been trending on Twitter, and why your office and other public officials' offices have been receiving so many emails, phone calls and petitions. Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions— that LA must not use its money to fund the murderous LAPD.

I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos.

Thank you for your time,

Mikaela Garcia

Subject: WE WANT CARE NOT COPS

Dear Councilmember Koretz,

I am an Angeleno and I live in District 5, and am on faculty at UCLA as well as being a member of the LA Tenants Union. My zip code is 90094.

I am writing to demand you support the People's Budget LA for the 2020-2021 fiscal year and revise the current budget accordingly. 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I demand that you also support Councilmember Wesson's motion 20-0769 to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

The People's Budget LA gives only 5.7% to the police, because the city should prioritize universal needs (such as housing, childcare, healthy food, clean air and water), pandemic recovery, built environment, and reimagined public safety over the police department. You need to engage directly with communities, especially Black and Indigenous communities — the most at risk of police brutality and murder — to create a budget that serves ALL Angelenos. By voting against cuts to LAPD's budget, you are failing constituents like me.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions— that LA must not use its money to fund the murderous LAPD.

Throughout this time of mass protest, the police have reacted with extreme violence and unwarranted escalation towards peaceful protestors and our unhoused neighbors. LAPD Commander Cory Palka flashed a White Power signal on television. Chief Moore blamed the police murder of George Floyd on LA protestors. Many police officers have hurt, abused and maimed your constituents.

The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos.

Thank you for your time,
Jon Shapiro

Subject: Re: KORETZ! Adopt The Peoples Budget LA

Hi Debbie,

Thanks for responding on his behalf. Looping your entire team back in. A few more questions for you and him:

- Has he watched The People's Budget LA presentation given at a city council meeting that he did not attend? You're in luck! You can still view every slide of the presentation here: <https://peoplesbudgetla.com/presentation/>. This very clearly lays out the reasons why we feel the "*arbitrary cuts*" he speaks of are needed. They aren't arbitrary at all. They are VERY deliberate. And these demands are coming from a large sample size of his constituents who made their voices heard and took the survey to show where they would rather reallocate this money. **We did the work for you!**
- Why does the city spend over \$3 Billion to fund the LAPD? Where does the money go to?

Please show us a breakdown of where the LAPD funds go to. Until then, we will plot and plan to vote him out of our City Council. And We. Will. Vote. Him. Out. Until. He. Starts. Listening. To. His. Constituents. Who. He. Works. For. Good luck to any Old White Male holding public office in the youngest, most liberal city America. A man who refuses to take the time to look at the data from a massive survey given to his own constituents?....Well luck won't solve that problem.

(P.S. WE ARE AWARE KNOW THAT THE LAPPD DONATED 56K TO HIS LAST CAMPAIGN)

Goodbye,

Margo

Subject: Angelenos Demand Change

To whomever is reading,

My name is Demetri Belardinelli, a life long Los Angeles resident and Homeowner in Sun Valley. I urge you to support the people's budget.

We are living in an historic moment. Do not settle for incrementalism, meet this moment with the respect it deserves. Your constituents were maimed and arrested unlawfully by an ignorant police force. A police force that is supposed protect and serve. We want a massive divestment from the violent militarized police state and an unprecedented investment in historically underfunded communities specifically black and indigenous communities of Los Angeles.

We can imagine a better world, but it will take BOLD leadership. You have the tools to create this better future. We the people demand it. Things will never be the same after 2020, if you're not with us, then we won't be with you.

Start with simple things like the resignation of police chief Moore, and DA Lacy. Move to defund the police and reimagine public safety, and give jobs, education, mental and physical health care to underprivileged neighborhoods. Take police out of LAUSD.

We will fight until we get what we deserve.

Thank you,

Demetri Belardinelli

Subject: Re: Constituent asking you to SIGNIFICANTLY defund the LAPD

Thanks for the reply. In response to Councilman Koretz's message...

Arbitrary cuts? Cutting ~10% from a wildly disproportionate, exorbitant billion+ budget to reallocate funds to critically deprived areas like mental health services, youth services, housing, education, and public health is not arbitrary. Not only has the policing culture become totally cult-like and dangerous ("absolute power corrupts absolutely" comes to mind), but the department's bottomless budget is taking away from vital human services.

Of course defunding the police isn't about eliminating all police, but these other programs have been fighting for scraps for too long and throwing this much money at LAPD comes at the expense of many thousands of LA residents and their opportunities for success and well-being.

This isn't right. Councilman Koretz and all who agree with his position on this should take a moment to reexamine their values and priorities.

Sincerely,

Emily Finkelstein

On Tue, Jun 23, 2020 at 1:12 AM Emily Finkelstein <ecfinkelstein@gmail.com> wrote:
Councilman Koretz & Team,

I'm writing as a citizen of District 5, pleading with you to reconsider your refusal to significantly defund the LAPD. Many other white people, like myself, have had limited or no interaction with the police prior to the demonstrations of June 2020 and what we're seeing now has elicited a total awakening to the toxicity of the department.

I believe in the police. But I also believe in a country and city of checks and balances. The police force has been operating for decades without being properly checked, and it has gotten completely out of control in its unlimited resources and abuse of power. The police must be--not eliminated--but *significantly* defunded and, just as importantly, a total overhaul is needed, involving completely different training, better de-escalation practices, and a zero tolerance policy for bigotry and brutality.

While the department spends hundreds of millions of dollars on helicopters, military grade equipment, and over-policing of black and brown neighborhoods, many of my neighbors of color go without basic resources like food, clothing, shelter, and quality education. While the riot responders drove SWAT vehicles down my block and shot tear gas over our roof, citizens on the same block don't know how they'll get vital medications or mental health attention.

This is such a pivotal move in your career - please do what's right and make a real statement.

Sincerely,
Emily Finkelstein

Subject: LAPD reform

Dear Councilmember Koretz:

I am a constituent in your council district (zip code 90036), and am writing you today to express my deep disappointment in your NO vote to even a modest cut in the LAPD's massive budget, and in your tweet that property destruction was "no less troubling" than the murder of George Floyd. I urge you to take a stronger stance in being a proponent for true reform in the LAPD.

The proposed [People's Budget LA](#) for the 2020-2021 fiscal year, revising the LAPD's share of unrestricted revenues should be going to LAPD down to 5%, and [Councilmember Wesson's motion 20-0769](#) to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams, are both worthy ideas that merit your support.

We need to both reallocate LAPD's bloated budget into the community, and begin a serious review of what functions and responsibilities can be taken away from an overburdened and undertrained police force that has no business in having some of these responsibilities in the first place.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. I hope with the power of your vote that you demonstrably show your commitment to the reimagining of public safety for Angelenos.

Ryan Chingcuangco

Subject: Redirect LAPD Funds to Essential Services

Dear Councilmember Koretz,

I was born and raised in Westwood, part of District 5. My zip code is 90024.

I am writing to demand that you support efforts to reduce the LAPD's enormous budget. We need to put that money into services that this community actually needs, not more and more cops. I also demand that you support Councilmember Wesson's motion 20-0769 to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

Growing up in Los Angeles, seeing the homelessness and the poverty that members of our community are facing, never once did I think that this city needs more resources going into the LAPD. The police cannot and will not solve the problems that our community is facing. We need more money going into housing, mental health care, clean air and water protections, and other essential services.

The world is watching LA. You have a chance to be part of a massive wave of change. Listen to your constituents. Please do the right thing.

Thank you,
Haleh Kanani

Subject: District 5 Resident Request

Hello Councilmember Koretz,

My name is Natania and I'm a lifelong resident of Los Angeles County. I have lived in Los Angeles proper since 2008 and currently live in Los Angeles District Five, 90036.

I'm reaching out with a request - I strongly support the [People's Budget LA](#) and as my representative, would urge you to support it as well. I don't believe that 50% of LA's unrestricted revenues should be going towards LAPD, and want the budget for the 2020-2021 year to be revised to reflect the interests of the LA community. I am encouraging you to support Councilmember Wesson's motion 20-0769, which diverts select emergency calls away from LAPD, and towards unarmed and trained response teams. I strongly feel that Los Angeles should prioritize the needs of its community - housing, food access, clean water and air, education, and social services.

I think it's imperative that we re-imagine what public safety looks like for Angelenos. Our most vulnerable are most affected by police violence and overpolicing, and that is unacceptable.

Thank you for listening.

Best,
Natania

Subject: Reforms Do Not Stop Killer Cops DEFUND LAPD

Stef Hirsch, resident of CD5, ZIP 90025.

I am writing in support of Harris-Dawson measures to reimagine community safety and **reassign nonviolent service calls to trained professionals and experts and away from armed police** and you should also embrace and adopt the Peoples' Budget. It was nice of you to meet so early this morning because the members of this body clearly think it is such an urgent issue despite not coalescing this Ad Hoc Police Reform Committee *anytime before in the last 14 months*. I want to applaud the chair for their comments about "meeting the moment" but I do not understand the air of levity in I heard in the room this morning given that people continue to die and be killed by these officers of the law. My heart broke when I saw the first [photos of Andres Guardado](#) because that was the face of a child despite his 18 years on earth before LASD took away his life. **We mourn the more than 600 of names lost who have become (and are so much more than) hashtags that have not received justice and been ignored by this body up until this moment.**

I'm curious what imaginary world this council lives in? Because 1000s Angelenos are pouring into *our streets* defying authoritarian curfew during a global pandemic in Defense of Black Lives. Meanwhile protestors were subject to unwarranted force, illegal mass arrests, all incidents captured by witnesses and shared publicly. But instead of doing what is *necessary and right* motions are circulated in council like the one yesterday to "honor" the dead with a lightshow at city hall in this purely performative and self congratulatory manner. **The reform proposals (banning choke holds, increasing body cameras) are of the same nature and do not answer the demands of the people.** Can you really not hear us; we need you to Defund the Police. Or do you simply refuse to?

Mr. Koretz is especially guilty of this gross and shallow performance of allyship. He demonstrated this with his recent vote to oppose redirecting mere millions out of the billions of dollars the Mayor had allocated to LAPD. In a recent twitter post you said "**the voice of the people had been heard**" and you bragged about putting forward a strong motion condemning the murder of George Floyd by Minneapolis Police Department. You described the officers who stood by while Derek Chauvin crushed the life out of a man in broad daylight unflinchingly and called for charges to be brought against them for that "worst kind of complicity". But you have the audacity to balk at these righteous calls to "defund" these racist and historically violent police institution and in your newsletter you applaud the LAPD's alleged commitment to being ["at the forefront of adopting measures \[for transparency\]"](#). I have called and written before to ask you the question Melina Abdulla asked of this body "Whose Are You" but it is obvious to whom Mr. Koretz belongs to.

--

In Solidarity,
Stephanie Hirsch

Subject: Support the People's Budget

Dear Councilmember Koretz,

I am an Angeleno and I live in District 5. I am a PhD student at UCLA and plan to settle in LA for the future. My zip code is 90034.

I am writing to demand you support the [People's Budget LA](#) for the 2020-2021 fiscal year and revise the current budget accordingly. 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I demand that you also support [Councilmember Wesson's motion 20-0769](#) to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

The People's Budget LA gives only 5.7% to the police, because the city should prioritize universal needs (such as housing, childcare, healthy food, clean air and water), pandemic recovery, built environment, and reimaged public safety over the police department. You need to engage directly with communities, especially Black and Indigenous communities — the most at risk of police brutality and murder — to create a budget that serves ALL Angelenos. By voting against cuts to LAPD's budget, you are failing constituents like me.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions— that LA must not use its money to fund the murderous LAPD.

The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos.

Thank you for your time,

Sara Wilf

Subject: LA budget--defund the police

Dear Councilmember Koretz,

I am a resident of Los Angeles and I live in District 5. I am a Loyola Law School student. My zip code is 90035.

I am writing to demand you support the People's Budget LA for the 2020-2021 fiscal year and revise the current budget accordingly. The LAPD should NOT be receiving 50% of LA's unrestricted revenue. If anything, the LAPD should be receiving closer to 5%. We need to reinvest the LAPD's bloated budget into the community. I demand that you also support Councilmember Wesson's motion 20-0769 to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

I have lived in Los Angeles for a majority of my life, and I have never felt or been protected by the LAPD. Instead, I have seen over and over how LAPD officers berate houseless people for simply being outside, racially profile Black members of our community, and use aggression and threats of force in ALL interactions with members of the public. I am tired of the LAPD being free to terrorize Angelenos while facing zero repercussions. I am tired of hearing that we do not have enough money as a city to address decrepit infrastructure, homelessness, and unemployment when we see that a majority of our money goes to the LAPD--who again, does nothing to solve those issues.

The People's Budget LA gives only 5.7% to the police, because the city should prioritize universal needs (such as housing, childcare, healthy food, clean air and water), pandemic recovery, built environment, and reimagined public safety over the police department.

You need to engage directly with communities, especially Black and Indigenous communities--the most at risk of police brutality and murder--to create a budget that serves ALL Angelenos, not just the wealthy ones. By voting against cuts to the LAPD's budget, you are failing constituents like me. You are accountable to your constituents, not the LAPPL, regardless of where your campaign donations came from.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear, through both physical and digital actions, that LA must not use its money to fund the murderous LAPD. The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, NOW. I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety in Los Angeles.

Sincerely,
Tiffany Wood

Subject: Care not cops: adopt the People's Budget NOW

Dear Councilmember Koretz,

I am writing to you today as your constituent--I've lived in Westwood (90064) and now Palms (90034) for the past several years while completing my graduate studies at UCLA. I have contacted you many times, via email & phone, urging you to adopt the People's Budget. I have not heard back from you *once*.

The people of Los Angeles have shown that we overwhelmingly want our policing budget to be slashed, and for those funds to be reallocated to programs that support our community.

The LAPD has been committing atrocities against the people it's meant to "serve and protect," for *the entire time that they have been in existence*. They have always treated Black and brown communities as though they are enemies in occupied territory. In the 1980s, they murdered a teenager and an 81-year-old within a month of each other (see: *City of Quartz* by Mike Davis, p. 274). In 2018, LAPD officers murdered Grechario Mack and Kenneth Ross Jr. *within hours of each other*. Neither man was armed. They did not have the chance to defend themselves in court. They were executed.

How can you consider your comments that property damage equates to loss of human life (so similar to Chief Moore's) to be appropriate? These comments reflect that you do not believe Black individuals to be as sacred as *things*. I am disappointed. You have unequivocally lost my vote, unless you can turn things around and be on the right side of history.

Adopt the People's Budget NOW.

Regards,

Yvonne M. Eadon, MLIS
Doctoral Candidate
UCLA

Subject: CARE, not cops

Dear Councilmember Koretz,

I've lived in your CD5 for my entire adult life, and I'm currently in zip code 90034. I was a UCLA student, I've tutored countless students at our schools in Palms and Mid-City, and I frequent many of the businesses that make up this vibrant part of the city. This community is my home.

I am writing to demand you support the [People's Budget LA](#) for the 2020-2021 fiscal year and revise the current budget accordingly. Only 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I demand that you also support [Councilmember Wesson's motion 20-0769](#) to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

The People's Budget LA gives [only 5.7%](#) to the police, because the city should prioritize universal needs (such as housing, childcare, healthy food, clean air and water), pandemic recovery, built environment, and reimaged public safety over the police department. You need to engage directly with communities, especially Black and Indigenous communities — the most at risk of police brutality and murder — to create a budget that serves ALL Angelenos. By voting against cuts to LAPD's budget, you are failing constituents like me.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions— that LA must not use its money to fund the murderous LAPD.

Throughout this time of mass protest, the police have reacted with extreme violence and unwarranted escalation towards peaceful protestors and our unhoused neighbors. LAPD Commander Cory Palka flashed a White Power signal on television. Chief Moore blamed the police murder of George Floyd on LA protestors. Many police officers have hurt, abused and maimed your constituents.

The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA, and take this courageous step towards reimaging public safety for Angelenos.

Thank you for your time.

Subject: SUPPORT THE PEOPLES BUDGET LA #carenotcops

Dear Councilmember Koretz,

I am an Angeleno and I live in District 5. I am a UCLA student living in Westwood. My zip code is 90024.

I am writing to demand you support the People's Budget LA for the 2020-2021 fiscal year and revise the current budget accordingly. 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's excessive budget into the community. I demand that you also support Councilmember Wesson's motion 20-0769 to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams. This will help in drug and domestic violence cases and save lives.

The People's Budget prioritizes universal needs, public health, and is especially necessary during COVID-19. Furthermore it is needed to best serve Black and Indigenous communities who have been disproportionately affected by police violence and coronavirus. By voting against LAPD Budget cuts you are failing your constituents.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions — that LA must not use its money to fund the murderous LAPD. LAPD has reacted to peaceful protesters using completely unnecessary violence and escalation, harming your constituents.

The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos.

Thank you for your time,

Shruti I

Subject: Call to Action for Community Investment

Dear Councilmember Koretz,

I am an Angeleno and I live in District 5. I am a UCLA student. My zip code is 90095.

Given the unacceptable police violence that the LA community has suffered, particularly the Black community, I think it is important that we act to mitigate such violence. Our communities are also suffering from housing insecurity as I see homeless individuals lined up on the streets on the way to school, food insecurity as I see with the lines of people waiting at the food pantry at UCLA, insufficient health care, and underfunded education for innercity schools. In turn, it is critical that we invest in community care rather than policing.

I am writing to demand you support the [People's Budget LA](#) for the 2020-2021 fiscal year and revise the current budget accordingly. 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I demand that you also support [Councilmember Wesson's motion 20-0769](#) to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions — that LA must not use its money to fund the murderous LAPD.

The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos.

Thank you for your time,

Aarti Patel

Subject: Support your Constituents

Dear Councilmember Koretz and Staffers,

My name is Bridget Lerman. I am an Angeleno and I live in District 5. I live in Encino (91316) and am a UCLA alumni.

I serve youth across the San Fernando Valley as a Health Educator. In my role, I have seen the impact of systemic and socioeconomic inequity. Students and families have many unmet needs that time and time again manifest in adverse outcomes. Students of color and of low socioeconomic status are suffering disproportionately. Additionally, as a Public Health Specialist, I am horrified at the priorities of the proposed budget. We have thousands of people ill in our communities and far too many deaths and hospitalizations. Our system must change to prioritize the health and wellness of our community members.

I am writing to demand you support the People's Budget LA for the 2020-2021 fiscal year and revise the current budget accordingly. 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I demand that you also support Councilmember Wesson's motion 20-0769 to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions — that LA must not use its money to fund the murderous LAPD.

The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and horrific. People are being unjustly assaulted, detained, and murdered. LAPD must be defunded, now. I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos. Please consider placing your people first.

Thank you for your time,

Bridget Lerman

Subject: Regarding the People's Budget

Hi all, but specifically Mr. Paul Koretz,

My name is MaryKate Meath, and I'm a resident of your district in the Palms neighborhood in Los Angeles, zip code 90034. In fact, I've lived in your district almost the entire time I've lived in Los Angeles, and I love district 5 immensely. That being said, we can do better.

Mr. Koretz, you must support the People's Budget LA for the 2020-2021 fiscal year. There are so many better uses for that money, and I think you know that. 50% of the revenue is going to the LAPD, when in reality -- think of what that money could do for our city? Our district? Our schools? Palms Middle School is right around the corner from me; I want to see that school and community thriving just as much as any private school in Los Angeles is given the opportunity to. I continuously donate my time to our community, and I want to feel that my time is being met with work from our elected officials. If it's not, make no mistake; we will vote you out.

Councilmember Wesson's motion 20-0769 to divert emergency calls away from the police and towards crisis response teams is also important. It's a fantastic motion, and I expect you to support it. You know that district 5 is very lucky; we have plenty of affluent people living in our neighborhoods, supporting our businesses, going to our schools. But we also have people who need help. I myself have been in situations in which I felt unsafe on our streets, but did not call the police for fear that it would make the situation even MORE unsafe. I do not trust our LA cops. If we don't trust the people we're supposed to call to protect us, then what job are they even doing? By allowing this to persist, you are failing your constituents.

The support for the People's Budget in our city is clear. Now, it's up to you to put action behind your collective constituents voices. Please support the People's Budget LA. Think not only of how many lives it could save, but how many lives it could change--by providing schools with more resources, homes to those without them, and mental health help to people who so desperately need it.

Thank you for your time,

Subject: People's budget now district 5

Dear Councilmember Koretz,

I am an Angeleno and I work in District 5. I am an alumni of UCLA and current staff member.

I am writing to demand you support the [People's Budget LA](#) for the 2020-2021 fiscal year and revise the current budget accordingly. 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I demand that you also support [Councilmember Wesson's motion 20-0769](#) to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

As a student at UCLA, it blew my mind how security and policing at athletic and entertainment events were prioritized over resources students actually WANT and NEED. Please know that by increasing the police budget in district 5 you are also setting a dangerous and unnecessary precedent for the university. If you support the people's budget, however, you are showing that you support the needs and wants of students and district 5 civilians alike — mental healthcare, education resources, transit. Funding towards systems of care, not oppression.

Thank you,

Ally Adams
UCLA staff member

Subject: Questions and Concerns about the City Budget

Dear Councilmember Koretz,

My name is Liz Levine, your constituent and a resident of Palms (90034). I am certain that your inbox is currently flooded with calls for you to support [Councilmember Wesson's motion 20-0769](#) to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams and I join in that plea. I have seen your office's canned response to these emails that you "wonder whether making arbitrary cuts to the LAPD's budget is the right place to begin that process" and I am asking for more.

What makes you believe that anyone is proposing "arbitrary cuts" to the budget? If anything, they are making these calls based on decades of quantitative and qualitative data about the inefficacy (and outright harm) of so much of the city's resources being allocated solely to the LAPD. This issue has been studied ad nauseum; reports have been published and further studies have been funded. All the while, black and brown folks are still being murdered in the streets, in their own houses, in front of their families.

We have seen in the last month that there is massive public support and now political precedent for taking broad based action in dismantling an unjust and ineffective criminal justice system. These are not the pipe dreams of a fringe constituency; this is the will of the people and all attention is now on our elected public officials to make the courageous and necessary pledge to defunding the police. One way or another, your legacy will be painted by either your support for or your opposition to the 21st Century civil rights movement.

I urge you to consider this not as a radical fantasy but as the long-overdue and, frankly, sensible action needed to redress the immense harm that our society has inflicted upon its most marginalized people. This change will happen with or without you, but I do hope that you will consider all that you and your beloved district have to gain from aligning yourself with this movement towards progress.

Thank you for your time,
Liz Levine
Palms resident, 90034

Subject: District 5: Constituent Email, *Plead for Budget Reallocation*

Dear Councilmember Koretz,

I am an Angeleno and I live in District 5. I am a student at USC Marshall School of Business and a proud member of this community. My zip code is 90038.

I am writing to demand you support the [People's Budget LA](#) for the 2020-2021 fiscal year and revise the current budget accordingly. 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I demand that you also support [Councilmember Wesson's motion 20-0769](#) to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

I'm outraged that in a time of a pandemic, where basic healthcare is hard to come by - funding the police is ridiculous. It is not that I have anything against the police, but the level of brutality and disregard for basic human rights is unconscionable.

The People's Budget LA gives only 5.7% to the police, because the city should prioritize universal needs (such as housing, childcare, healthy food, clean air and water), pandemic recovery, built environment, and reimagined public safety over the police department. You need to engage directly with communities, especially Black and Indigenous communities — the most at risk of police brutality and murder — to create a budget that serves ALL Angelenos. By voting against cuts to LAPD's budget, you are failing constituents like me.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions— that LA must not use its money to fund the murderous LAPD.

Throughout this time of mass protest, the police have reacted with extreme violence and unwarranted escalation towards peaceful protestors and our unhoused neighbors. LAPD Commander Cory Palka flashed a White Power signal on television. Chief Moore blamed the police murder of George Floyd on LA protestors. Many police officers have hurt, abused and maimed your constituents.

The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos.

Thank you for your time,

Stephanie Danis

Hello Rucha Modi,

Thank you for your email and for taking the time to send your important thoughts to our office. I will be sure to share this with Councilmember Koretz who will take your thoughts into consideration as he goes through this budget process.

At this time, he has asked me to share the following message about his current point of view: "If we separate the term "defund" from the underlying effort to redefine and re-envision policing in the 21st century and look at how best to actually do that, I have to wonder whether making arbitrary cuts to LAPD's budget is the right place to begin that process. I think we can all agree that reform is necessary, it's just determining the best way to achieve it. I support police reform. That's why I am authoring several motions for reform. Police reform doesn't mean you need to defund the police. I believe the City still needs law enforcement."

Also, [here is a link to his latest newsletter](#) which may help to further explain his point of view.

Debbie

Dear Councilmember Koretz and Respected Staff,

My name is Rucha and I am an Angeleno and I live in District 5. I am a UCLA student, a Westwood tenant, and a member of the Westwood Local of the Los Angeles Tenants Union. My current residence zip code is 90024. **I urge that you read this email in full.**

I am writing to demand you support the [People's Budget LA](#) for the 2020-2021 fiscal year and revise the current budget accordingly. 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I demand that you also support [Councilmember Wesson's motion 20-0769](#) to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

As your constituent, it is extremely important to me that you understand this. Your district is not immune to racism. I am not immune to racism. Neither are you. We all have room to grow, learn, and unlearn. On my walks to a Westwood bus station every morning, I pass by the same Black houseless individuals who do not have the basic resources they need to survive. Those same houseless individuals are harassed by the police on my walks back to my apartment in the evening. Hundreds of UCLA students engage in service work included the Mobile Clinic Project to try to fill in the gaps of care for vulnerable members of our community like them — **gaps that you are ignoring because arming police seems to matter more to you than providing critical and restorative resources like housing and health care.**

It may seem like this is a difficult decision but it shouldn't be, as a fellow person of faith, you likely understand that our moral responsibility must be to support human flourishing and wellbeing — not allocating millions of dollars to enact violence on the people you were elected to represent and support. **Many of my Black peers, your constituents, who are students have been fearful of even leaving their apartments to get groceries.** My apartment mate has been going out to get two of our Black roommates' things they need because they do not know when they might be murdered by the police for jogging or sleeping, arrested and zip tied and [left to urinate on themselves](#) for protesting peacefully, or be named in the next twitter hashtag #justicefor____. That is the power of the police. The police that you continue to prioritize over human life. And what did my roommates' get for expressing their grief, their hurt, their frustration, their trauma? **Our Westwood landlord literally took down their #BlackLivesMatter posters off our balcony without any form of warning, consent, or acknowledgment.**

The People's Budget LA gives [only 5.7%](#) to the police, because the city should prioritize universal needs (such as housing, childcare, healthy food, clean air and water), pandemic recovery, built environment, and reimagined public safety over the police department. You need to engage directly with communities, especially Black and Indigenous communities — the most at risk of police brutality and murder — to create a budget that serves ALL Angelenos. By voting against cuts to LAPD's budget, you are failing constituents like me.

If your number one priority was the safety and wellbeing of your constituents, I don't think I would have to be writing this email right now — I also understand that your priority is getting elected. I can assure you that we know how to organize. We will do everything in our power to ensure that you do not get elected as L.A. Controller if you use your current position of power to enact further violence on my Black and Brown friends and family.

I believe that people can change when they learn more. I have changed as I have learned more throughout this process, and I believe that you have the same capability. Some may disagree with me, but **I believe (and hope) that you have good intentions too... but those intentions aren't enough. They must materialize into tangible action. Right now, the most just and humane course of action should be undeniably clear to you** (re: people's budget).

Please choose to be on the right side of history. Think of your great-grandchildren who will study 2020 in their history classes and ask, how did my great grandfather contribute in this moment of social change? Will they be ashamed, or proud? Envision that moment. **When our bodies begins to fail us and we have nothing left but to re-live and reflect on the work we did and the people we touched in our lifetimes, will the wealth matter then?** Will the police unions matter then? Will the wealthy Beverly Hills constituents matter then? Will people even know who you are if you were another status-quo politician that cared only about his own power, rather than empowering those around him? People will study the moments we are living right now, for centuries. People's eyes are on Los Angeles. Now is not the time to hide behind the curtain hoping someone else will step up to the plate.

Los Angeles is in an unprecedented time — of organizing, of energy, of people's power. Whether you believe in this power or not, change is coming. As your constituent, I want to build a brighter future with you, not against you, but the choice is yours.

As a person of faith, I firmly believe it is my responsibility to uphold my core values and support and defend those most vulnerable. That is why I am especially vocal in this moment. **I ask that you also reflect on your role as a person of faith in this moment. I ask that you support the flourishing and healing of the vulnerable members of our community instead of pouring acid on its open wounds.**

I leave you with an excerpt written by Aryeh Cohen in the [Jewish Journal](#):

"The ultimate safety of all communities, including the Jewish community, will not come from relying on a militarized police force. Real safety and security come from knowing that other people, even people who meet you in a moment of crisis, have your best interests at heart. This is what Rabbi Simcha Zissel Ziv understood as "carrying someone else's burden with them," and he named it as a precursor to righteousness. We should be walking this path of radical empathy, which is where safety lies."

Thank you for your time and consideration, Councilmember. I truly wish you and your loved ones nothing but health, safety, and prosperity — and urgently hope that you and the members of your office wish the same for the communities you serve. I look forward to your response.

Sincerely,
Rucha Modi

Subject: Adopt the People's Budget LA

Dear Councilmember Koretz,

I am a UCLA student currently residing in Los Angeles and I live in District 5. My zip code is 90024.

I am writing because I am really urging you to adopt the [People's Budget LA](#) for the 2020-2021 fiscal year and revise the current budget accordingly. 5% of LA's unrestricted revenues should be going to LAPD, not 50%. Our community desperately needs the money that is now reserved for the LAPD. I demand that you also support [Councilmember Wesson's motion 20-0769](#) to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams. As a member of the UCLA Mobile Clinic Project, in which I act as a social caseworker for people experiencing homelessness, I see all the time the way in which Los Angeles fails its residents. Folks should **absolutely not** have limited access to vital resources like housing and food because the budget that should be serving their needs instead goes into cops who then abuse these same people. Many folks experiencing homelessness receive many tickets for simply existing that they cannot afford, trapping them into the legal system in ways that HELP NO ONE! This is absolutely unacceptable. Our clients are dignified and important people and deserve to have the resources that all humans need to live a healthy and safe life. You are failing constituents like me by not serving Black and Indigenous communities, folks experiencing homelessness, or other people that are systematically disenfranchised and devalued by a system that values law and order over human life. Our city is ready and eager to defund the LAPD. The LAPD has a horrible and murderous history and this will only continue. There is no way to reform this. It MUST be abolished, and its funding MUST go into community structures!! In this time, LAPD Commander Cory Palka flashed a White Power signal on television. Chief Moore blamed the police murder of George Floyd on LA protestors. Many police officers have hurt, abused and maimed your constituents. We need change, Councilmember Koretz. We needed it yesterday, but we will accept it today. But you must work with us.

The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos. Stand on the right side of history. We are in the middle of a reckoning; we finally have the chance to rectify historic harms and to address the long-time effects of slavery and systemic discrimination.

Thank you for your time,

Leah Savage

Subject: Defund the Police/Support the People's Budget

I'm a lifelong resident of West Los Angeles, and I cannot begin to express how disappointed and angry I am that Councilman Koretz continues to oppose the most meager cuts in funding to the police. I'm asking that he support Defunding the Police and the People's Budget (<https://peoplesbudgetla.com/>).

Councilman Koretz continues to make asinine comments to defend LAPD's truly obscene budget, even going so far as to reference The Purge. There are no studies that show that an increase in police presence results in a decrease in crime. We've seen time and time again that LAPD murders and brutalizes people in this city with impunity. They are not making us any safer.

The money we're spending on the police could very easily be spent elsewhere, and get way more results. Additionally, the city wastes money every year on settlements with victims of LAPD brutality. We need housing, healthcare, better schools and a host of other things. What we don't need is the police.

The councilman portrays himself as a liberal, but he has been an obstinate conservative in the face of one of the most pressing issues of our time. We have a chance for real change. Instead, he continues to defend a truly broken system that treats poor people and minorities as less than human.

Please support the People's Budget and Defund the Police. It's the only thing that will work. Incremental reforms have proven to fail again and again.

Subject: Support People's Budget LA

Dear Councilmember Koretz,

I am an Angeleno and a law student at UCLA School of Law in Westwood. I am writing to demand that you support the [People's Budget LA](#) for the 2020-2021 fiscal year and revise the current budget accordingly. 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I demand that you also support [Councilmember Wesson's motion 20-0769](#) to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

The People's Budget LA gives [only 5.7%](#) to the police, because the city should prioritize universal needs (such as housing, childcare, healthy food, clean air and water), pandemic recovery, built environment, and reimagined public safety over the police department. You need to engage directly with communities, especially Black and Indigenous communities — the most at risk of police brutality and murder — to create a budget that serves ALL Angelenos. By voting against cuts to LAPD's budget, you are failing constituents like me.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions— that LA must not use its money to fund the murderous LAPD.

Throughout this time of mass protest, the police have reacted with extreme violence and unwarranted escalation towards peaceful protestors and our unhoused neighbors. LAPD Commander Cory Palka flashed a White Power signal on television. Chief Moore blamed the police murder of George Floyd on LA protestors. Many police officers have hurt, abused and maimed your constituents.

The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos.

Thank you for your time,

Subject: We will make you defund police in district 5

Dear Councilmember Koretz,

I am an Angeleno and I live in District 5. I am a UCLA student living in Westwood. My zip code is 90024.

I am writing to demand you support the [People's Budget LA](#) for the 2020-2021 fiscal year and revise the current budget accordingly. 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I demand that you also support [Councilmember Wesson's motion 20-0769](#) to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

I know from person experience the ways the LAPD presence has harmed and continues to harm students at UCLA. Black students are disproportionately targeted by officers. No student should be made to feel unsafe by officers whose supposed duty is to protect and serve them. Reforming or retraining these officers is no longer an option - we want them gone from campus and gone from Westwood.

*The People's Budget LA gives **only 5.7%** to the police, because the city should prioritize universal needs (such as housing, childcare, healthy food, clean air and water), pandemic recovery, built environment, and reimagined public safety over the police department. You need to engage directly with communities, especially Black and Indigenous communities — the most at risk of police brutality and murder — to create a budget that serves ALL Angelenos. By voting against cuts to LAPD's budget, you are failing constituents like me.*

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions— that LA must not use its money to fund the murderous LAPD.

Throughout this time of mass protest, the police have reacted with extreme violence and unwarranted escalation towards peaceful protestors and our unhoused neighbors. LAPD Commander Cory Palka flashed a White Power signal on television. Chief Moore blamed the police murder of George Floyd on LA protestors. Many police officers have hurt, abused and maimed your constituents.

The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos.

The time is now to act. If students are going to be returning to UCLA in the fall, we need to know our safety is your priority. Not the police unions, but YOUR CONSTITUENTS.

Thank you for your time,

Julia Hatten

Subject: City Employee Letter to Mayor and City Council
To:

Hello,

I hope this email finds you well.

LA City workers have authored a call to action in solidarity with Black Lives Matter and the People's Budget LA Coalition. The letter calls on all current and former City workers to stand with organizers and community members in demanding to defund and demilitarize the LAPD in an effort to create a more just and equitable City. It details that the Mayor and City Council should commit to a more transformative FY 2020-21 budget, where funds are allocated according to the People's Budget and demands of the People's Budget Coalition are met to address COVID-19 related concerns in Black communities in particular, and root out police misconduct - starting with the recent police violence at political actions throughout Los Angeles. The letter is circulating amongst different City staff, representing a variety of departments, but needs to be amplified to reach more folks.

We are reaching out to you as an organization with a stake in this movement, recognizing that you have been doing this sustained work for a long time. **We humbly ask if you can share the letter on your social media accounts today, calling for others to sign on.** We have until Sunday June 28 to collect as many signatures as possible, before sending to the Mayor and City Council ahead of the Monday June 29 Budget & Finance Committee meeting. We need to circulate the letter as broadly as possible today.

If you are able to share, the letter and signature sign-on is here: <https://bit.ly/ccworkl2m>

You can follow us on Twitter at [@ConcernedLACity](https://twitter.com/ConcernedLACity) and on Instagram at [@ConcernedLACity](https://www.instagram.com/ConcernedLACity). Feel free to recirculate our posts, or craft your own. We provided some sample language below, for your convenience.

LA City Workers in solidarity with Black Lives Matter are calling on Garcetti and Council to adopt the People's Budget LA. If you're a current or former LA City Worker, sign the letter here: <https://bit.ly/ccworkl2m> @ConcernedLACity #peoplesbudgetLA #LACity4BLM #BLMLosAngeles #defundthepolice #carenotcops

In support of Black Lives Matter, LA City Workers are calling for Mayor Garcetti and City Council to adopt the People's Budget LA. If you're a current or former LA City Worker, sign the letter (<https://bit.ly/ccworkl2m>) in solidarity and share! @ConcernedLACity #peoplesbudgetLA #LAcity4BLM #BLMLosAngeles #defundthepolice

Calling all current and former LA City Workers! Sign and share the [letter](#) to support People's Budget LA! @ConcernedLACity #peoplesbudgetLA #LAcity4BLM #BLMLosAngeles #defundthepolice

LA City Workers call on Mayor and Council to support #PeoplesBudgetLA. Currently accepting [signatures](#) from current or former City Employees this weekend, please share! #peoplesbudgetLA #LAcity4BLM #BLMLosAngeles #defundthepolice

We are grateful for any support you can offer. If you have any questions, please contact concernedcityworkers@gmail.com

In solidarity and service,
Concerned LA City Workers

Subject: Daily Bruin News - People's Budget LA

To Whom It May Concern:

Good evening, I hope this email finds you well. My name is Justin Jung, and I am a news reporter at the Daily Bruin. I am currently working on a news story about a protest in West Hollywood today organized by the UCLA Undergraduate Students Association Council and Westwood community members. The protest was organized against Councilmember Paul Koretz' position against the People's Budget LA.

Due to the time sensitive nature of my story, I will need the statement by no later than 7:30 p.m. PST.

The questions for my story are as follows:

- 1) Why did Koretz vote against the People's Budget LA budget proposal to cut the LAPD budget by \$100 million to \$150 million, despite the NWWNC's endorsement of the cuts?
- 2) What is Koretz' position on the protest organized by student leaders against this voting decision?
- 3) What other information does Koretz have for the UCLA community at this time?

Thank you for your time and consideration; I look forward to hearing from you soon.

Best,
Justin Jung

Subject: Re: Support Peoples Budget

Please reconsider supporting the people's budget and not supporting the current proposed budget.

To the privileged the police seem fine but that is not the true reality. Please you can be on the right side of history.

How many more lives have to be taken before you realize there needs to be drastic changes.

Thank you,
-Dietrich A.

Subject: I demand a Peoples budget!

Dear Councilmember Koretz,

I am an constituent and a tenant in 90094. I love my community and want all to be safe who live here. I support the People's Budget and am disappointed you do not. As a tax payer, I expect a good return on my money. The police do not achieve that end. Instead of 50% of the city budget, lets start with 5%. TRY SOMETHING NEW!

I also urge your support of Councilmember Wesson's motion 20-0769 to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams. TRY SOMETHING NEW!

The violence shown by the LAPD over last weeks is undeniable. No more murders!

Thanks for your time,
Taylor Spaur

Subject:

Dear Councilmember Koretz,

I am a proud Los Angeles Resident of City Council District 5 – I live in Westwood, support local businesses throughout the area, and went to high school at Los Angeles Center for Enriched Studies (LACES) in Mid-City. My zipcode is 90024. **I am writing to demand that you support the People's Budget LA for the 2020-2021 fiscal year, and rebudget accordingly to defund the police and remove them from our schools, libraries, and public spaces.** This money is very urgently needed in and for our communities, not to police and fracture our communities. As a public school high school student, I encountered a police presence that did nothing to protect or serve my students and me, especially my BIPOC classmates. I never once saw a mental health counselor, yet the police officer was s a presence I encountered daily.

To that end, I demand that you also support Councilmember Wesson's motion 20-0769 to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear that LA must not use its money to fund the murderous LAPD. The recent violence against Los Angeles residents exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos.

Thank you,

Subject: Care Not Cops

Dear Monica, Debbie, and Elizabeth,

My name is Madeline Gold and I live in Santa Monica. I am a 23 year old recent grad from Whitman College and an educator. I know I am not technically part of the district as my zip code is 90402 but I would like to share my opinion of support for the People's Budget LA. I beg you to relay this message to the highest authority figure you are in contact with.

I am writing to encourage you revise the current budget in support the of People's Budget LA. Only 5% of LA's unrestricted revenues should be going to LAPD, not half of the budget. We direly need to reinvest LAPD's bloated budget into the community. I support Councilmember Wesson's motion 20-0769 to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

I hope that the city will prioritize basic and universal needs in our communities, such as housing and healthy food, or pandemic recovery. The current budget does not reflect engagement to find out the needs of ALL Angelenos. By disregarding the proposed LAPD budget, you are failing constituents.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions— that LA must not use its money to fund the murderous LAPD.

The City of Los Angeles have reacted throughout this time of mass protests with unwarranted escalation and violent acts towards me, other peaceful protestors and homeless people. I have seen with my own eyes the disturbing way that police have treated others. It is beyond disturbing and offensive that LAPD Commander Cory Palka flashed a White Power signal on TV. Chief Moore said we had blood on our hands for the police assassination of George Floyd, a cruel lie. The police force has blood on their hands for the terrorization and abuse towards Los Angeles Residents and your constituents.

The recent violence against Angelenos exercising their First Amendment rights by the LAPD has gone too far. It is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos.

Thank you for your time,

Madeline Gold

Subject: White homeowner in your district demands: More money into homeless services, housing, mental health, etc...

To: <paul.koretz@lacity.org>

Councilmember Koretz,

I am a white upper middle class homeowner in your district (which I only mention because this seems inappropriately important to you), and I don't even know where to begin with my disappointment in your behavior over the past month. You have repeatedly failed our community and our requests. We, your constituents, have asked you time and time again to support the people's budget and to look into the LAPD's budget and defunding the police. If you are not prepared to enact the wishes of your constituents or to even LOOK into requesting reports, you should resign from your position. Once again, I officially ask you to adopt the People's Budget LA, to reallocate funding to appropriate trained care services for homeless/911 calls/mental health/housing assistance and away from the untrained LAPD which has no business or relevant training in these areas. And I ask that you FUND THESE SERVICES ADEQUATELY. You have been overfunding the police for the past several decades, so the least you can do now is to provide adequate funding to these services so that they can actually SUCCEED in doing the work that our community needs. We don't want lip service, we want adept and legitimate action.

Finally, I want to state very clearly that you have absolutely failed the homeless population in our community - thereby failing our entire community. Our unhoused neighbors should ALL have access to services and housing by now. The money is there between the wrongly allotted budget and prop HHH, if you and the committee allocate it appropriately. Instead, you have allowed and, in fact, signed off on our unhoused neighbors being abused by police officers, having their belongings stolen during sweeps which has set them back irreparably in their path to gain assistance and get back on their feet. You have denied them bathroom access and washing stations mere blocks from your field office. I don't know how you can refuse to build the VERY VIABLE programs we as a community and our unhoused neighbors need and still look at yourself in the mirror. These are people; these are our neighbors; these are citizens of LA. Your behavior is both unrepresentative of your constituents and inhumane. When I went door to door campaigning in this community, almost every single person said their biggest concern in this district was helping the homeless - so where is that budget and where are those initiatives? I can imagine all of this boils down to the fact that you have been bought and sold by the real estate industry and the LAPD - neither of whom you were elected to represent. You should either adopt the People's Budget and provide TRULY ADEQUATE SERVICES AND HOUSING FOR OUR HOMELESS POPULATION or resign.

Please note that I will be sending a copy of this letter to every member of your staff, to my Neighborhood Council, and to every member of the LA City Council. I can only HOPE that the majority of them will see the light to create change where you have failed and to actually do their jobs in representing their constituents. And please remember that none of us will forget how you all decided to act during this critical time. Please take the heroic stand to be a positive part of history.

Sincerely,
Noelle Stehman
District 5

Subject: Support the People's Budget LA for the 2020-2021 fiscal year and revise the current budget

Hello Councilmember Koretz,

I am from and live in Los Angeles. I live near Westwood, district 5. My zip code is 90027.

I am emailing to demand you support the [People's Budget LA](#) for the 2020-2021 fiscal year and revise the current budget accordingly. 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I demand that you also support [Councilmember Wesson's motion 20-0769](#) to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

The People's Budget LA gives [only 5.7%](#) to the police, because the city should prioritize universal needs (such as housing, childcare, healthy food, clean air and water), pandemic recovery, built environment, and reimagined public safety over the police department. You need to engage directly with communities, especially Black and Indigenous communities — the most at risk of police brutality and murder — to create a budget that serves ALL Angelenos. By voting against cuts to LAPD's budget, you are failing constituents like me.

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions— that LA must not use its money to fund the murderous LAPD.

Throughout this time of mass protest, the police have reacted with extreme violence and unwarranted escalation towards peaceful protestors and our unhoused neighbors. LAPD Commander Cory Palka flashed a White Power signal on television. Chief Moore blamed the police murder of George Floyd on LA protestors. Many police officers have hurt, abused and maimed your constituents.

The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos.

Thank you for your time,

Eleanor Hammond

Subject: Concern and Questions About Community Support

Hello Councilmember Koretz,

This is James Griswold. I am an LA native and resident from the Mar Vista area.

Like many others in the past month, I have been horrified to watch countless videos showing police abusing their power, and have been moved to take a more active role in combating systemic racism.

It is disheartening and disappointing that after so long our beloved city continues to be plagued with the injustice of police brutality and mass incarceration.

These past few weeks it has also been disappointing to hear your words when addressing these issues.

Your initial response on Twitter equates the murder of George Floyd to vandalism in your district. Additionally, you have made many calls for tempered action when reducing police budgets.

I think you are saying what you believe is right. That is: radical change is not necessary to improve the lives of those most vulnerable in our community, that murder can be obscured by vandalism, and that we should be careful not to lose what we currently have in the name of progress.

I don't think now is the time for such tepid beliefs. Right now, there are countless studies, advocates, and detailed budgets backing up specific actions you can take to dismantle racist institutions. Right now is the time to clamp down on injustice perpetrated by our police forces.

Yes we should continue to work with other levels of government to increase the feasibility. Yes we should monitor our implementation to ensure the effectiveness. Yes we should listen to the voices of all your constituents to build a diverse coalition for change.

These should not be used as excuses for inaction.

You are in a position of power immensely more than most people, and I believe your actions like your No vote on item 20-0692 to identify cuts to LAPD budget and reinvest in the community only serve to roadblock this moment.

I am asking you to please reconsider your opinions and stand with this movement to swiftly make substantial cuts to the LAPD budget according to the People's Budget, and support motions to divert non-violent calls away from LAPD as in Motion 20-0769.

Thank you for your time,

James Griswold
A concerned Los Angeles resident

Subject: Are you listening yet? Care not Cops

Dear Councilmember Koretz,

I am an Angeleno and I live in District 5, zip code 90035.

I am writing once again to demand you support the People's Budget LA for the 2020-2021 fiscal year and revise the current budget accordingly. The LAPD has a HUGE BLOATED budget that siphons taxpayer money away from solutions that people are showing up in huge numbers to support - namely BLM supporters are calling for non-law enforcement first responders and investment in public health. 50% of the city's unrestricted revenues should NOT be going to LAPD. I demand that you also support Councilmember Wesson's motion 20-0769 to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

In this time of climate crisis, when we are going to be facing worse and worse natural disasters that disproportionately affect Black and brown communities. How can we not prepare by trying to make sure the largest amount of people have their material needs met, and have access to necessities like affordable housing, childcare, clean parks and libraries etc? When every investment in social safety is met with "How will we pay for that?" Angelenos are responding with a clear solution. It is time to take a bolder stance and actually LISTEN to your constituents who want you to strategically divest from using police as a blunt instrument against any and all social problems. Do not keep saying you are skeptical of defunding and resort to supporting meager reforms that are proven to be ineffective.

Thank you for your time,

Katie Aymar

Subject: Do Right by Your Community

Dear Councilmember Koretz,

I'm writing you once again to ask that you do right by your community and **support the People's Budget LA** for the 2020-2021 fiscal year and revise the current budget accordingly.

I am an Angeleno, and I live in District Five. I work in the film/television industry, and I have lived in Palms for the past four years. My zip code is 90034.

Five percent of LA's unrestricted revenues should be going to LAPD, not fifty percent. We need to reinvest LAPD's bloated budget into the community. I **demand that you support Councilmember Wesson's motion 20-0769** to divest certain emergency calls away from the police and towards unarmed, trained crisis response teams.

You've admitted yourself that this pandemic is a matter of life and death and that we all need to take action in order to help one another. For those of us who are civilians that means wearing a mask, but for someone such as yourself you could take this opportunity to put the superfluous amounts of money you're spending on LAPD towards public health initiatives. You could take a stronger stance than Garcetti and provide the resources we need as a community to get through this pandemic safely. If you give half of your budget away to the LAPD, you're not only endangering those targeted by law enforcement, you're depriving the entire community of resources we need to get by. **We're not asking you to remove law enforcement altogether, we're asking you to use these funds to save the community from falling into disrepair.**

I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos.

Sincerely,

Kelsey Amentt

Subject: Reform is not enough

Dear Councilman Koretz,

I am an Angeleno and I live in District 5. **I am writing to demand you consider the People's Budget LA for the 2020-2021 fiscal year and revise the current budget accordingly.**

One of your staffers sent me your comments in response to a previous email I sent to you. You have missed the point of what many Angelenos, including myself, are calling on you to do.

Reform is not enough! We already know that more bodycams and more training is not sufficient to stop police brutality. We need a real transformation in the way the city of Los Angeles allocates its resources.

The People's Budget LA gives only 5.7% to the police, because the city should prioritize universal needs (such as housing, childcare, healthy food, clean air and water), pandemic recovery, built environment, and reimagined public safety over the police department. You need to engage directly with communities, especially Black and Indigenous communities — the most at risk of police brutality and murder — to create a budget that serves ALL Angelenos. By voting against cuts to LAPD's budget, you are failing constituents like me.

We need to reinvest LAPD's bloated budget into the community. **I demand that you also support Councilmember Wesson's motion 20-0769 to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.**

Over the past month, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions— that LA must not use its money to fund the murderous LAPD.

Throughout this time of mass protest, the police have reacted with extreme violence and unwarranted escalation towards peaceful protestors and our unhoused neighbors. LAPD Commander Cory Palka flashed a White Power signal on television. Chief Moore blamed the police murder of George Floyd on LA protestors. Many police officers have hurt, abused and maimed.

This is unacceptable, and LAPD must be defunded. I urge you to support the People's Budget LA.

Thank you for your time.

Subject: We Need the People's Budget NOW!

Councilmember Koretz,

I live in District 5 in the Palms neighborhood and have for the past four years. My zip code is 90034.

Today I am writing to demand once again that you **support the People's Budget LA for the 2020-2021 fiscal year and revise the current budget accordingly**. We must reinvest LAPD's unnecessarily large budget into community services that will actually make residents like myself safer. I demand that you also **support Councilmember Wesson's motion 20-0769**.

I am shocked by your lack of empathy for the movement to defund the LAPD over the past few weeks, which has overwhelming support within the city and nationwide. When I attend a protest to exercise my first amendment rights I should not have to educate myself on tear gas beforehand. The LAPD's initial violent response to protestors only exposed the institution's inherent racism and created widespread fear among LA residents. We should not live in fear of the police: we pay their salaries and they should serve us. Unfortunately, that system is broken so we must look to non-police alternatives to community safety.

Again, I urge you to actually engage with your constituents by supporting the People's Budget LA, and take this important step towards reimagining public safety for our city.

Sincerely,
Emma Soren

Subject: LA Budget

Dear Councilmember Koretz,

I am an Angeleno and I live in District 5. I take extension courses at UCLA,. My partner and I have lived in Palms for the last 3 years and we intend to stay here for more years to come. My zip code is 90034.

I am writing to express my disappointment in your recent budget proposal. While I am glad you are in favor of cutting the LAPD budget, your proposed budget does not go far enough. I find it ridiculous that over half of our city's budget goes toward the police, while we are in the middle of a pandemic and the unhouse population continues to rise. We should be investing in affordable housing, schools and teachers, food programs, environmental protection, economic relief and healthcare. We do not need more guns, tear gas, or parking tickets.

I demand that you support the People's Budget LA and the [motion](#) to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams. 5% of LA's unrestricted revenues should be going to LAPD, not 50%.

The recent, persistent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos.

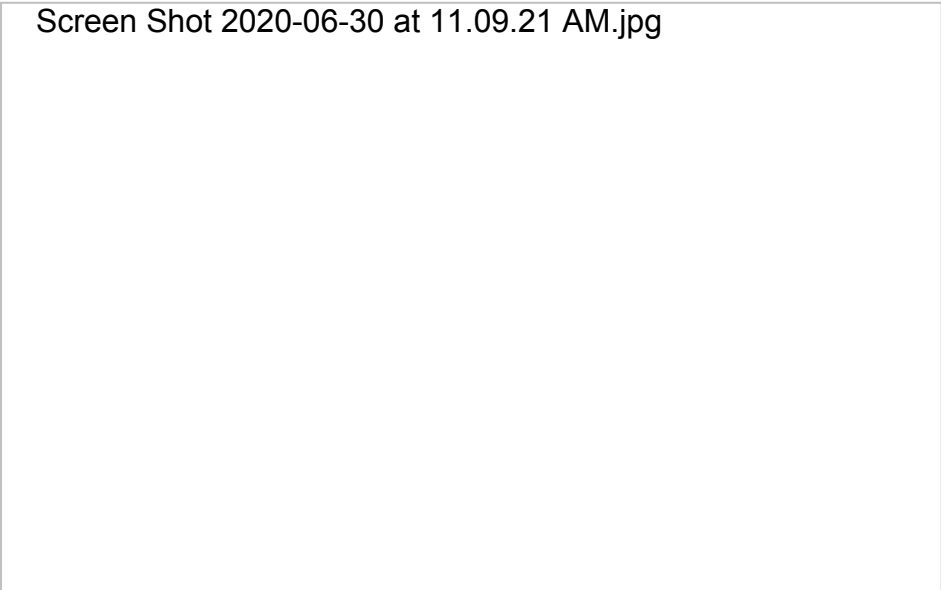

Thank you for your time,
Taylar Morrissey

Subject: Support Motion 20-0769 & a Peoples Budget

My name is Stephanie "Stef" Hirsch and I am emailing in **support of Wesson - Dawson motion 20-0769** on the City Council Agenda on 06/30/2020 - the day before Mayor Garcetti's deplorable budget for fiscal year 20-21 is go into effect tomorrow which would reward over half of the funds to police.

Want to express my **ongoing support for Black Lives Matter** and the demands they put forward and steps they expertly laid out for you in their presentation of a Peoples Budget which embodies the vision of our community. If this body continues to drag their feet know that the people will remember and when Election day comes (and every day up to and afterwards) we will flex our power to replace you. As a resident in CD5 I want to condemn in particular the opposition to Defunding the LAPD by my councilperson Mr. Koretz. To quote from his [May 31st Newsletter](#) to constituents;

Screen Shot 2020-06-30 at 11.09.21 AM.jpg

"As last night came to an end, I was surrounded by the sounds of sirens, looting, and burning buildings around me. Sadly this should have been a day of peaceful protests of the devastating and senseless murder of George Floyd and all who suffer the inequities of abject murder and racism. The murder of an innocent man, and the issues surrounding his tragic death, have been lost in the destruction of our neighborhoods."

This sentiment was emphasized by a [tweet of his a day before](#) which equated the destruction of property with the loss of life which he then described as a "*tragic death*" the very next day.

Screen Shot 2020-06-30 at 11.44.54 AM.png

"I'm heartbroken over the senseless death of George Floyd. The violence & looting we saw last night was no less troubling." - @PaulKoretzCD5, May 30th 2020

Screen Shot 2020-06-30 at 11.45.13 AM.png

After public backlash to this tone-deaf tweet he tried to walk back the comments citing the difficulty in expressing nuance on the social media platform. But was not refrained when he continued to build on his facetious contempt for protest. And demonstrated no nuance with his language in the same May newsletter. He continues to lament the damage to property in the area that both my Grandparents lived and Mother was raised;

"I toured the Beverly Fairfax district, which is my neighborhood. I found vandalism and destruction all along Third St., Beverly Blvd. and Fairfax Ave. Particularly disheartening was the vandalism to the Fairfax Jewish community. Fairfax is the center of the oldest active Jewish neighborhood in Los Angeles. Synagogues and Jewish institutions and Jewish-owned businesses were graffitied."

I want the Councilmember to know that, as a 3rd generation Angeleno and member of Bend The Arc Jewish Action, I and others in our community stand unequivocally with Black Lives Matter LA and support the calls to #DefundThePolice. I am disgusted at the trivializing of the experience of *"all who suffer the inequities of abject murder and racism"* by comparing the centuries long destruction and violence and looting of Black communities and bodies to misdemeanor vandalism. Walls can be repainted. Property can be replaced. **But the lives lost to a racist and violent policing institution cannot.**

I hope the councilperson will reverse his previous stances and join us and members of his community under the banner #Jews4BlackLives and the countless protestors who are standing up at this historic moment to Defend Black Lives. **Will Mr.Koretz support the motion and move towards reconciliation for the devastation that is Racism by working with Black Lives Matter LA and commit to defunding the bloated budget rewards to the LAPD?**

--

In Solidarity,

Stephanie Hirsch

Subject: Last Chance at Redemption

Dear Councilmember Koretz,

I'm writing you once more to ask that you listen to the requests of your constituents and **support the People's Budget LA** for the 2020-2021 fiscal year and revise the current budget accordingly.

I am an Angeleno, and I live in District Five. I work in the film/television industry, and I have lived in Palms for the past four years. My zip code is 90034.

Five percent of LA's unrestricted revenues should be going to LAPD, not fifty percent. We need to reinvest LAPD's bloated budget into the community. I demand that you **support Councilmember Wesson's motion 20-0769** to divest emergency calls away from the police and towards unarmed, trained crisis response teams.

By devoting these superfluous funds to the community, your voters will see that you want to build us up, not tear us down. Your support would show that you actually care about how this pandemic is affecting your people, not just how it's affecting your wallet. **You have an opportunity to make Los Angeles a place where people can thrive, not just get by.** This is your last chance to do what we are asking of you. If you choose not to support this movement, we will not forget come election time. **You have the responsibility, now you must wield it with purpose or be left in the dust.**

I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos.

Sincerely,

Kelsey Amentt

My name is Steven Chun. I am a resident of District 5, so I'm speaking to all of you, but especially the lovely Paul Koretz on Item 48 and General Public Comment.

Defund the Police. ****AND.**** REIMAGINE PUBLIC SAFETY. I know you guys like to conveniently leave out that second part. As your constituent and a taxpayer that pays your bills, I demand that you make bigger cuts to the LAPD Gang Budget as proposed in the People's Budget LA. Your measly \$150M cut, which you backtracked to \$133M, is breadcrumbs and is a pathetic and insulting waste of our time. Supporting Item 48, the police reform motion by Wesson and Harris-Dawson is the BARE MINIMUM you can do. I would not even be so generous as to call it the first step in the right direction, it is actually the first **glance** in the right direction that you have resisted for far too long. Don't fool yourself into thinking that we'll leave you alone after you give us some nice words and a common-sense motion that should have been passed YEARS ago. You don't get a pat on the back for doing something that requires so little courage and imagination.

People's City Council and BLM LA have surveyed tens of thousands of your constituents and laid out this data for you, quite literally doing your work for you and showing very clearly what the people want. IT'S. NOT. HARD. Put your money where your mouth is (this requires first taking the LAPD boot out of your mouth) and make a meaningful Investment into the community and alternatives to police because this is what we as a community are demanding. As you guys seem to have forgotten, it is your ***duty*** as public servants to follow the demands of your Constituents. I don't care about your personal views on LAPD. I don't care how much money the LAPPL pays you. I don't care how "nice" and "non-racist" your uncle in the LAPD is. Your job is to represent the demands of your CONSTITUENTS NOT your own personal agenda. Rest assured, we'll be here reminding you until it finally gets into your money-hungry, immoral skulls.

NO MORE LIP SERVICE. DO YOUR JOB. I YIELD MY TIME FUCK ALL OF YOU
SPINELESS COWARDS

--

Subject: People's budget LA

Dear Councilmember Koretz,

I am an Angeleno and I live in District 5. I am a business owner and tenant in 90024.

I support the constituents who [came to protest at your home](#) on Saturday 6/27, and I am writing to demand you support the People's Budget LA for the 2020-2021 fiscal year and revise the current budget accordingly. Hundreds of your constituents signed our petition to support the People's Budget LA and a multi-billion dollar cut from LAPD's budget, and **it is time for you to listen to us.**

5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I demand that you support the People's Budget LA and the motion to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

The People's Budget LA gives only 5.7% to the police, because the city should prioritize universal needs (such as housing, childcare, healthy food, clean air and water), pandemic recovery, built environment, and reimagined public safety over the police department.

- *You need to engage directly with communities, especially Black and Indigenous communities — the most at risk of police brutality and murder — to create a budget that serves ALL Angelenos. By voting against cuts to LAPD's budget, you are failing constituents like me.*

Over the past two weeks, district 5 has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions in our district— that LA must not use its money to fund LAPD.

- *Throughout this time of mass protest, the police have reacted with extreme violence and unwarranted escalation towards peaceful protestors and our unhoused neighbors. LAPD Commander Cory Palka flashed a White Power signal on television. Chief Moore blamed the police murder of George Floyd on LA protestors. Many police officers have hurt, abused and maimed your constituents.*

The recent, persistent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos.

Thank you for your time,

Erik Goodman

Subject: Humanitarian demands on the problems at large

Dear Councilmember Koretz,

I am an Angeleno and I live in District 5. I reside near UCLA in Westwood and am active in the LGBT communities. My zip code is 90024.

I am sending this email to demand your support the People's Budget LA for the 2020-2021 fiscal year and revise the current budget accordingly. 5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I demand that you also support Councilmember Wesson's motion 20-0769 to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

- *The People's Budget LA gives only 5.7% to the police, because the city should prioritize universal needs (such as housing, childcare, healthy food, clean air and water), pandemic recovery, built environment, and reimagined public safety over the police department. You need to engage directly with communities, especially Black and Indigenous communities — the most at risk of police brutality and murder — to create a budget that serves ALL Angelenos. By voting against cuts to LAPD's budget, you are failing constituents like me.*

Over the past two weeks, our city has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions— that LA must not use its money to fund the murderous LAPD.

- *Throughout this time of mass protest, the police have reacted with extreme violence and unwarranted escalation towards peaceful protestors and our unhoused neighbors. LAPD Commander Cory Palka flashed a White Power signal on television. Chief Moore blamed the police murder of George Floyd on LA protestors. Many police officers have hurt, abused and maimed your constituents.*

The recent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA, and take this courageous step towards reimagining public safety for Angelenos.

Thank you for your time,

David-Alex West

Subject: Adopt the People's Budget + Resign

Dear Councilmember KKKoretz,

I am an Angeleno and I live in District 5. I am a business owner, student, and anti-white supremacist (sorry bud). My zip code is 90094 and unfortunately you are our councilperson.

I support the constituents who [came to protest at your home](#) on Saturday 6/27 and I hope they continue. I am writing to demand you support the [People's Budget LA](#) for the 2020-2021 fiscal year and revise the current budget accordingly. Hundreds of your constituents signed our petition to support the People's Budget LA and a multi-billion dollar cut from LAPD's budget, and it is time for you to listen to us.

5% of LA's unrestricted revenues should be going to LAPD, not 50%. We need to reinvest LAPD's bloated budget into the community. I demand that you support the People's Budget LA and the [motion](#) to divert certain emergency calls away from the police and towards unarmed, trained crisis response teams.

The People's Budget LA gives [only 5.7%](#) to the police, because the city should prioritize universal needs (such as housing, childcare, healthy food, clean air and water), pandemic recovery, built environment, and reimaged public safety over the police department.

- *You need to engage directly with communities, especially Black and Indigenous communities — the most at risk of police brutality and murder — to create a budget that serves ALL Angelenos. By voting against cuts to LAPD's budget, you are failing constituents like me.*

Over the past two weeks, district 5 has shown its overwhelming support for defunding the LAPD. It has made clear — through both physical and digital actions in our district— that LA must not use its money to fund LAPD.

- *Throughout this time of mass protest, the police have reacted with extreme violence and unwarranted escalation towards peaceful protestors and our unhoused neighbors. LAPD Commander Cory Palka flashed a White Power signal on television. Chief Moore blamed the police murder of George Floyd on LA protestors. Many police officers have hurt, abused and maimed your constituents.*

The recent, persistent violence against Angelenos exercising their First Amendment rights by the LAPD is unacceptable and LAPD must be defunded, now. I urge you to support the People's Budget LA, and take this courageous step towards reimaging public safety for Angelenos.

Thank you for your time. LISTEN TO THE PEOPLE YOU ARE SUPPOSED TO SERVE!

Jay Will
